Traditionally, Hillsborough seniors chose a faculty member who they felt deserved the honor of receiving dedication of their yearbook. The 1973 recipient began her teaching career in South Carolina in 1927. She then came to Hillsborough in 1942 and became more than just a teacher — she became a symbol of the Terrier spirit, pride, and tradition. She taught American history as well as Latin American history in her room, 336, which became known as the "Terrier Den." Displaying our school colors, red and black, on Fridays during football season, she set a good example for her students to follow, reminding them of the necessity of school spirit. On behalf of the student body, *The HILSBOREAN* staff dedicated the 57th edition of the yearbook to Miss Judy Rigby, the "Number One" Terrier — and also to all Terriers past, present, and future, in the proudest tradition of Hillsborough High School.

## Who's Who And Outstanding Seniors Chosen For Dedication And Service

As seniors left Hillsborough, those who had made exceptional accomplishments in academic as well as extra-curricular fields were recognized as Outstanding Seniors. A point system devised by a publications committee was used to determine those who were selected.

Each individual student is an essential part of Hillsborough High School, so theoretically there should be no need to recognize some as outstanding. However, it has been a longstanding tradition to honor the most active seniors in this way.

Seniors listed in the Who's Who were chosen for their dedicated work in a specific field, such as science, art, or music. Although many of these students took part in other activities, they could gain recognition in only one category, and they could not be listed in the Outstanding Senior Section.

Who's Who nominees were chosen by the department head or the teachers who worked with them in each category, and their outstanding work in that particular field was the only determining factor considered.

## Weekends, Holidays Close School; Begin Hours of Fun and Recreation

What did the average Hillsborough High student do in his spare time? Besides attending school functions there were many other things to do in the city of Tampa. The many shopping centers such as Westshore and Floriland Malls provided an opportunity to meet friends in a place where activities varied from shopping, eating ice cream cones, going to movies, or just sitting around talking.

Seniors enjoyed going out to U.S.F. to get into the swing of college life or to participate in a romping game of football. While out, many students ventured into the numerous tourist attractions. Busch Gardens and Treasureland were the favorites. Students enjoyed the many activities they participated in.

# Nature Theme of 1973 Calendar

Tromping through the woods, riding bikes, climbing trees, and feeding the animals were just a few of the outdoor adventures in the 1973 Calendar. While enjoying the beauty of the wilds, calendar models invaded Hillsborough State Park. To carry out the theme, nature became the background as

they enjoyed their escape from a fast paced world.

The calendar models were nominated by their bulletin rooms and were then selected by the students from their respective grade levels. The calendar was published as in the past by the *Red & Black* staff members.

## Kiwanttes, Anchor, Z Revive Dance; Band Participants Get it Together

It was a last chance for seniors and a beginning for juniors and sophomores to take part in a long established tradition, The Miss Hilsborean Dance. Through the efforts of Kiwanttes, Anchors, and Z, the dance was revived. Taking place in the much too large Trowel Trades Building, Kenny Smith and Jo Ellen Massaro, with the help of the 50 couples in attendance, crowned the 1973 Miss Hilsborean. Mad Hatter, a really heavy group, got it all together without the help of Santana.

Another first at Hillsborough was the election of a black Miss Hilsborean. Denise Kelly, the winner, always took an enthusiastic part in school activities. She served as president of her junior class and was vice president of the 1972-73 Student Council, during her senior year.

The court consisted of Debbie Osteen, first maid, Ronnie Powell, second maid, Lark Morse, third maid, and Linda Nickles, fourth maid. Settings for the following pages were courtesy of H. B. Plant Museum at the University of Tampa.

Addie Russo and Vicki Anello gossip while Rick Jimenez listens to their bits of news, adding his own comments.

## Z Fails in Third Victory Attempt Anchors Take First Powder Puff Win

Skinned knees, aching joints and bruised bottoms were the dues paid by the Powder Puff participants. Though it was tough, Anchor Club members reached the number one spot by defeating Z Club.

During spare time, the girls spent many long hours practicing the many different plays. Members from male service clubs coached them on to victory as well as defeat. As payment for service, jerseys were purchased for their coaches. Spectators turned out on a Sunday to watch the annual battle between the girls clubs.

Amidst the game, flying flags and

blowing whistles were familiar sights and sounds as referees called the games. Those officiating were Mr. Ken Allen, Mr. Blankenblecker, Mike Blankenblecker, and Coach Fraundorfer. "Calling the game was one of the most difficult tasks I've taken on in a long time," stated referee Ken Allen. Gaither field became a virtual battle ground as the girls played their positions with the intention of victory only.

After the game, and emotions had died down, plans began taking form once again for next year with the thoughts of victory in mind.

## “Hillbilly” Dance Sparks Excitement

Girls got their chance to invite their favorite guy to the annual Sadie Hawkins dance, sponsored by the Z club. October 20 was the day and the Big Red gym was the place, while the sounds were supplied by Mighty Manfred and the Wonderdogs.

Members of the sponsoring club and their brother club, Leo, managed a booth where girls and their guy could get “married.”

Competition was held for the best sophomore, junior, and senior costumes. The competition was stiff, but three couples were finally chosen. The winners were presented carnations. Costumes, music, and dancing were just some of the things that made the evening exciting and fun!

Sophomore, Edie Gomez, finds her first visit to Dogpatch a very interesting experience.

Beverly Reese and Larry Fritch enjoy the Mighty Manfred.

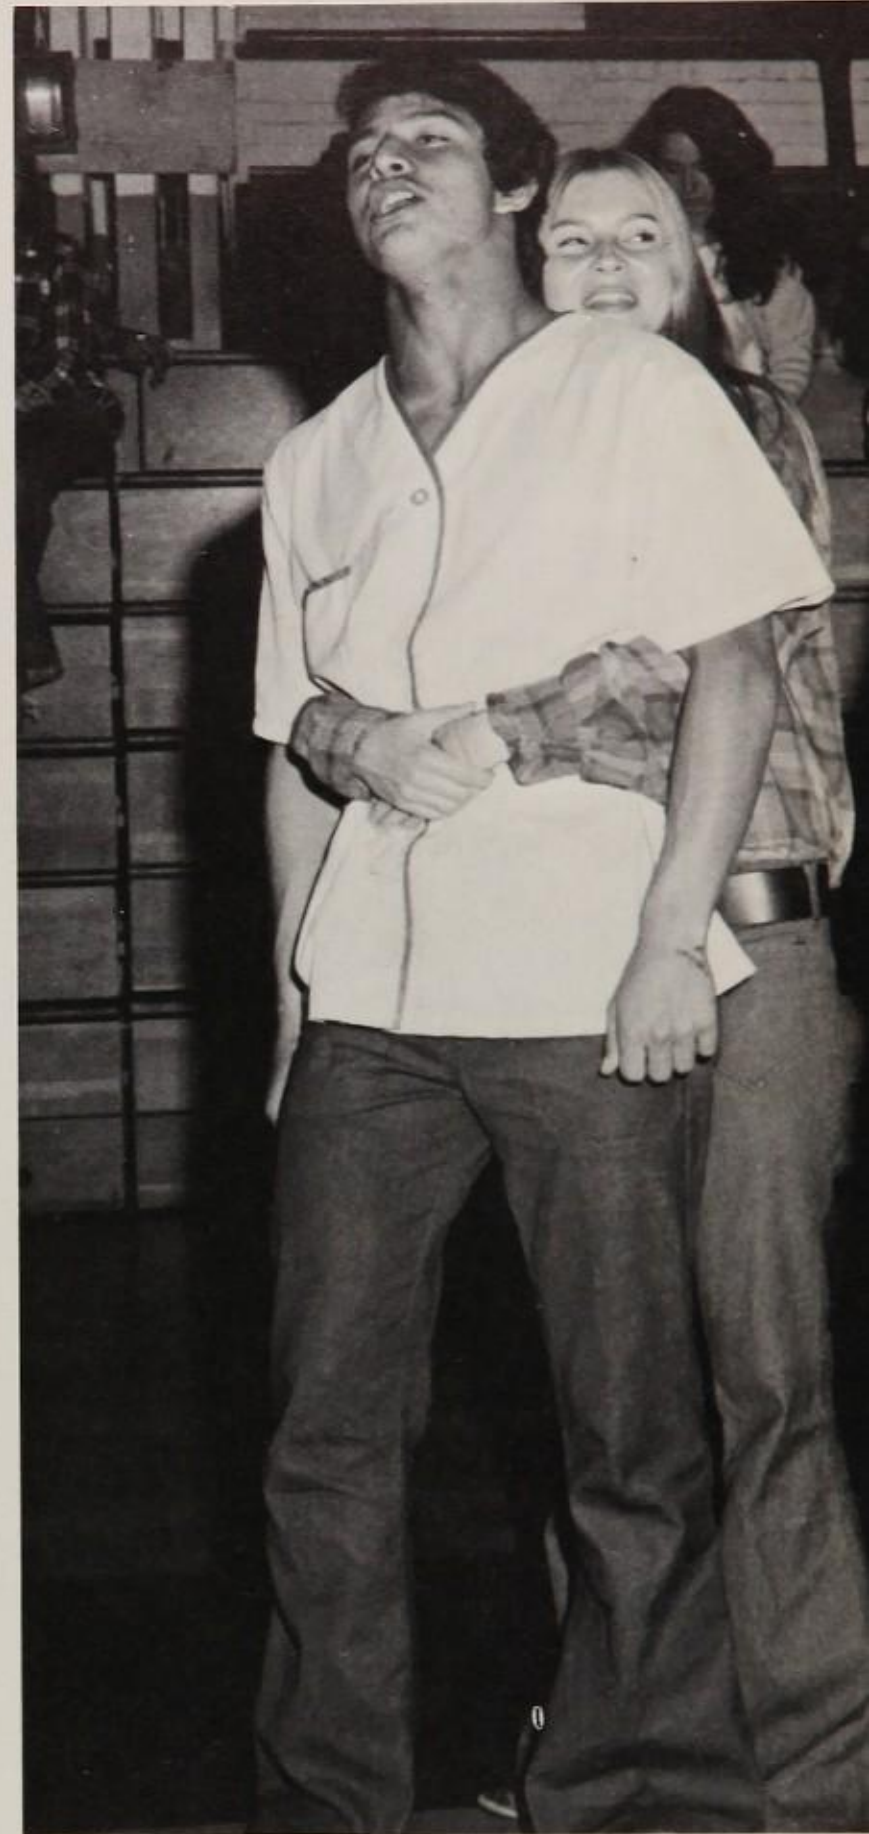

Glen Stewart finds that playful Angie Gonzalez will not let him rest.

Sophomores get into the spirit of the traditional Sadie Hawkins dance at Hillsborough.

Ruth Varga lends her support for Bobby Acre.

Jack Espinosa and Jaime Scaglione enjoy a quiet moment of solitude together.

# Terrier Bark Stimulates Turkey Day Spirit

"Electrify the Panthers" was the theme of the annual Terrier Bark assembly the night before the big Turkey Day game. Despite the chilly evening, students filled the auditorium to continue the spirited week of pride and tradition.

Entertainment ranked high on the itinerary as club skits were presented, dancettes and majorettes performed their routines, cheers echoed from the rafters and pep talks fired up the enthusiasm of the student body. As an added attraction, Willie Kearney held a captive audience as he twirled to popular sounds provided by the pep band.

After the Bark, Mighty Good and Strong played "foot-stomping music" as students danced the latest steps. A robot dance contest sparked off the evening as students competed for first place. Music, laughter and fun were the main ingredients as another traditional night came to a close.

The winning skit, by Junior Optimist, carries the theme "Electrify the Panthers."

Turkey Day

## Thanksgiving Day Creates Memories

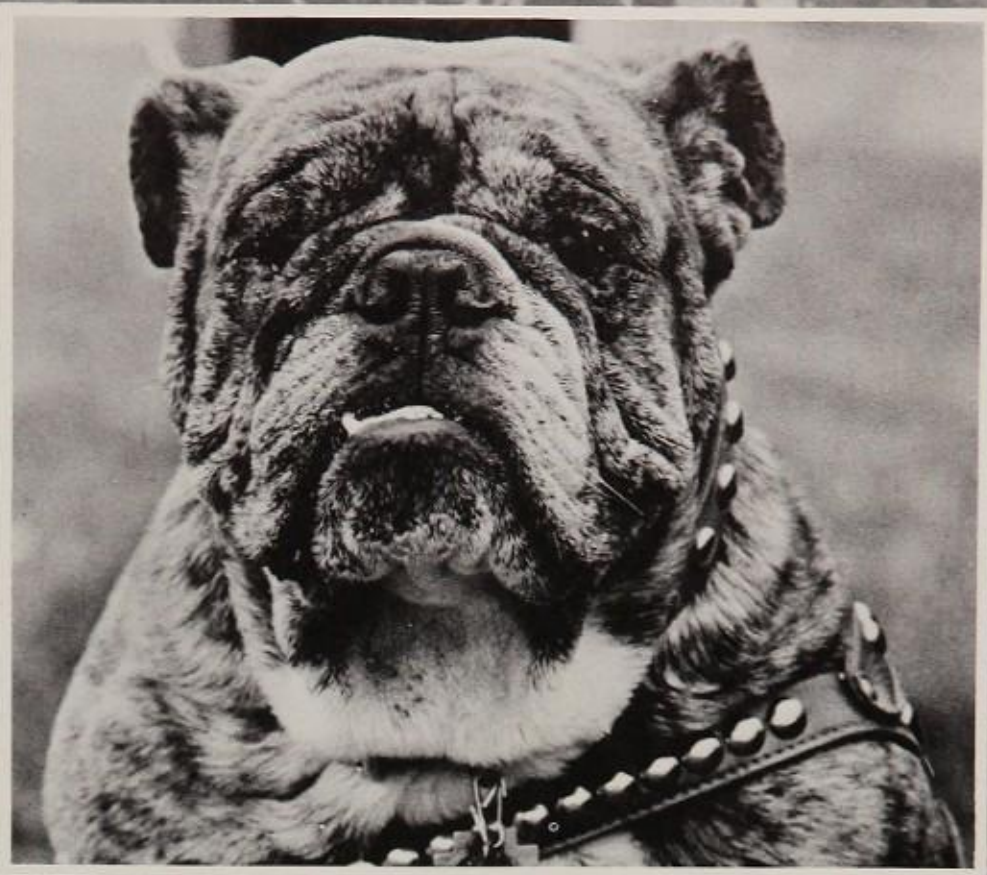

What is tradition? Tradition is the forty-fifth annual Turkey Day Game between the Hillsborough Terriers and the Plant Panthers. It was a cold windy day and the spectators seldom saw the sun.

For many of the players it was their last time on the field for the Big Red. Halfback Ike Williams was unable to play at all since he was suffering from a separated shoulder. Though senior quarterback Bobby Bullock was suffering from an injured shoulder, he was able to play during most of the game. In the last quarter of the game he alternated with sophomore quarterback Tom Wadley. Captains for the game were Glen Stewart and Mike Heath.

Pitching in to cheer the Big Red on the band members', dancettes', cheerleaders', flagettes', spectators', and even Lord Red's efforts proved to be futile as the final outcome was Hillsborough's 10th loss. The Terrier's still led with 13 wins.

A lovely ornament on the Kiwanttes-sponsored Christmas tree glows with holiday cheer.

## Christmas Comes To Hillsborough

'Twas the season to be jolly as Christmas cheer filled the halls with love and laughter. Once again the yule-tide season pounced upon students and faculty as this joyous occasion neared.

The Christmas spirit was deeply honored and expressed here as the building took on the look of tinsel and glitter. The annual door-decorating contest took place with the first period classrooms going all out to design the best room and door around. Each floor had its own winner along with the plaque given to the overall winners.

Music and song rang from the rafters as the chorus performed at the holiday assembly. Directed by Mr. Jerry Skora and accompanied by the band, chorus members helped spread good tidings and great joy in song to everyone while ending the '72 year.

Grace Koehne, an Opti-Miss member, admires the beautifully decorated Christmas trees.

A student of Mrs. Williams class decorates first floor halls by painting door decoration.

Linda Williams searches for the correct Christmas gift for that special someone.

## Florida State Fair and Gasparilla Marked by Unseasonal Weather

The annual Florida State Fair and Gasparilla celebration came to Tampa as usual, bringing not-so-usual good weather. Students by the hundreds spent evenings, weekends and school days enjoying strange rides and exhibits from all over the state. Cotton candy, popcorn, candy apples, and pronto pups were among the major attractions of the fair. Personalities such as Roy Rogers,

Dale Evans, and the Spurlows also rated high in drawing crowds. The start of the Gasparilla celebration was marked by the invasion and surrender of the city to José Gaspar and his crew of notorious pirates. The invasion and surrender were followed by a colorful parade. Pirates, floats, pretty girls and loud noise added to the excitement.

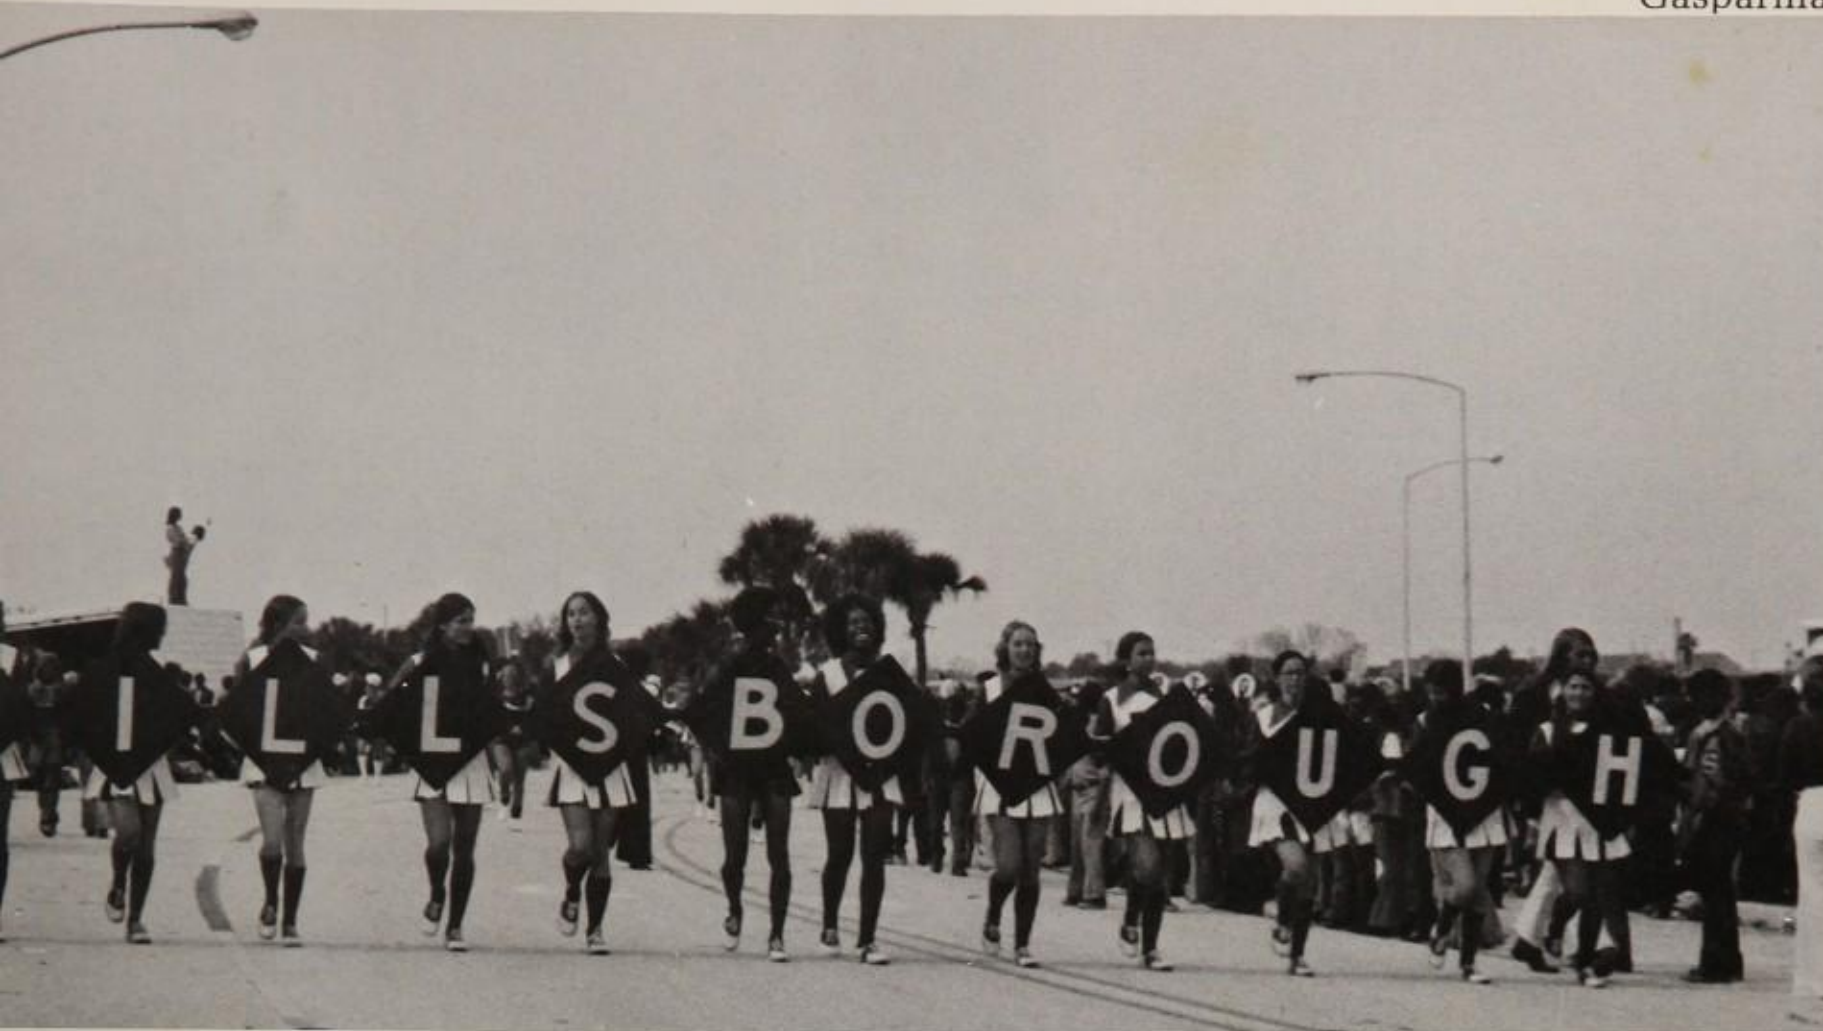

Guerry Fritch's favorite part of the fair is cotton candy and popcorn.

The rides at the Florida State Fair light up after the sun goes down.

## Foreign Students See Spring at HHS, Cloud Film Festival is Big Success

Cloud Film Festival was a new experience for all. It was an experimental project which, due to its success, will probably be continued in order to raise money for the Humanities classes. Those responsible for the film festival were Sabrina O'Dell and Sherri Sanborn. The presentation consisted of twelve films which were made by Mrs. Carpenter's humanities classes and David Gray.

From the far away Philippines came to us the two foreign exchange students. Hillsborough served as a foster school to Raul Fuentes and David Lim. Residing in the homes of American families, they soon acquired the mannerisms and pleasures that most teenagers enjoy. Both of their foster homes have expressed a great joy to have them as part of their families.

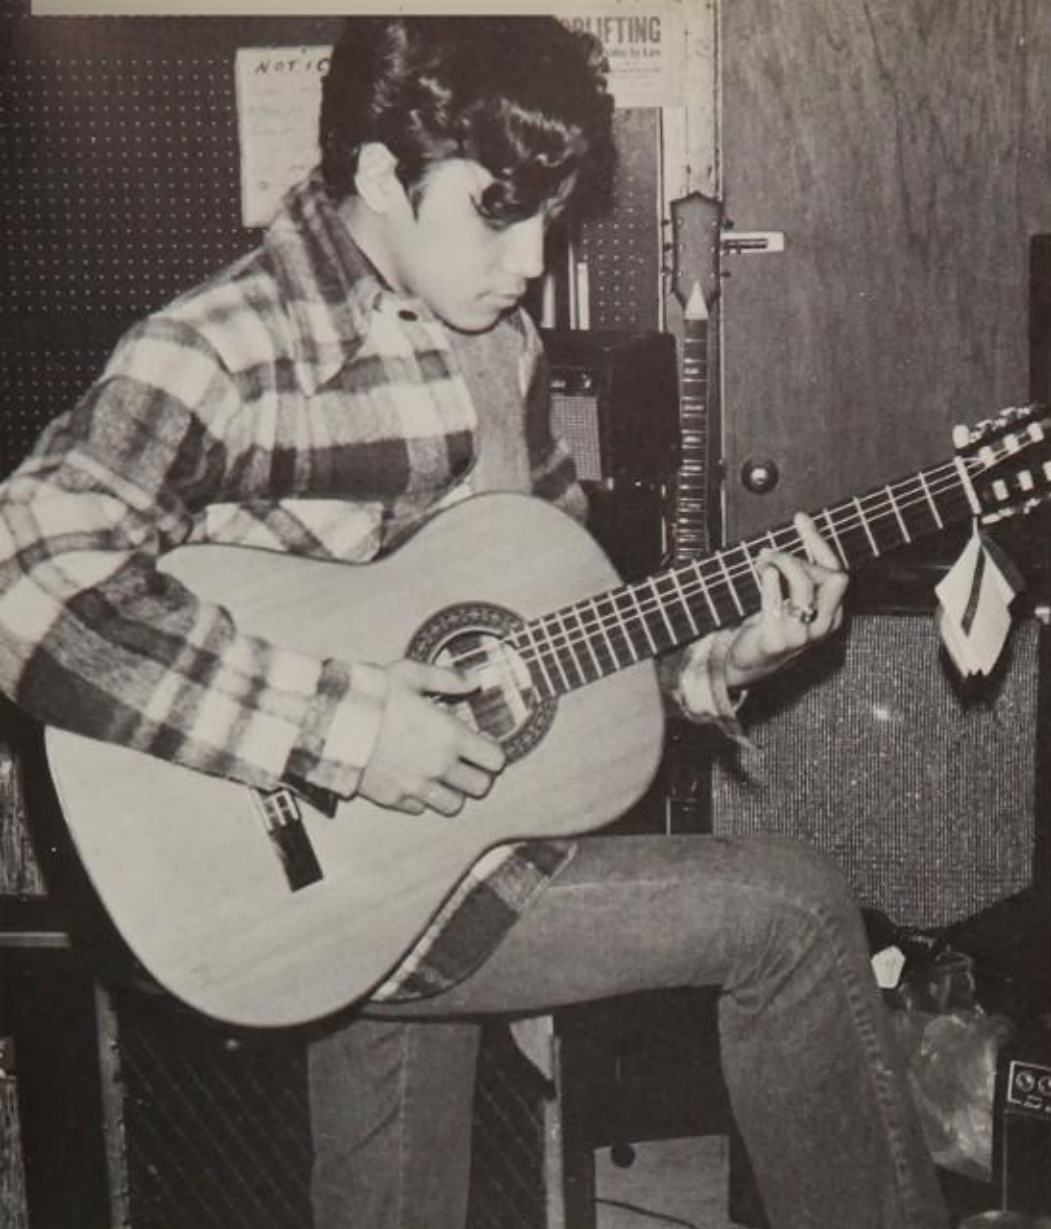

Sherri Sanborn and Sabrina O'Dell screen the films used for the Festival.

# NHS Represents School at Brain Brawl Contest

As the first semester ended, National Honor Society members prepared for the first of two induction ceremonies held during the year. Communities of students aided by some of the faculty planned the program at which the new members officially became a part of the nationally known honor body. The tapping of students during the day held the suspense of many as members accepted unnotified students into their society.

Once again, Mrs. Juanita Kolka served diligently as their sponsor. With her assistance, President Larry Carpenter made important decisions and organized the society's activities. The other officers included Tim Davis, vice-president, Anita Kaat, secretary, and Mike Dosal, treasurer.

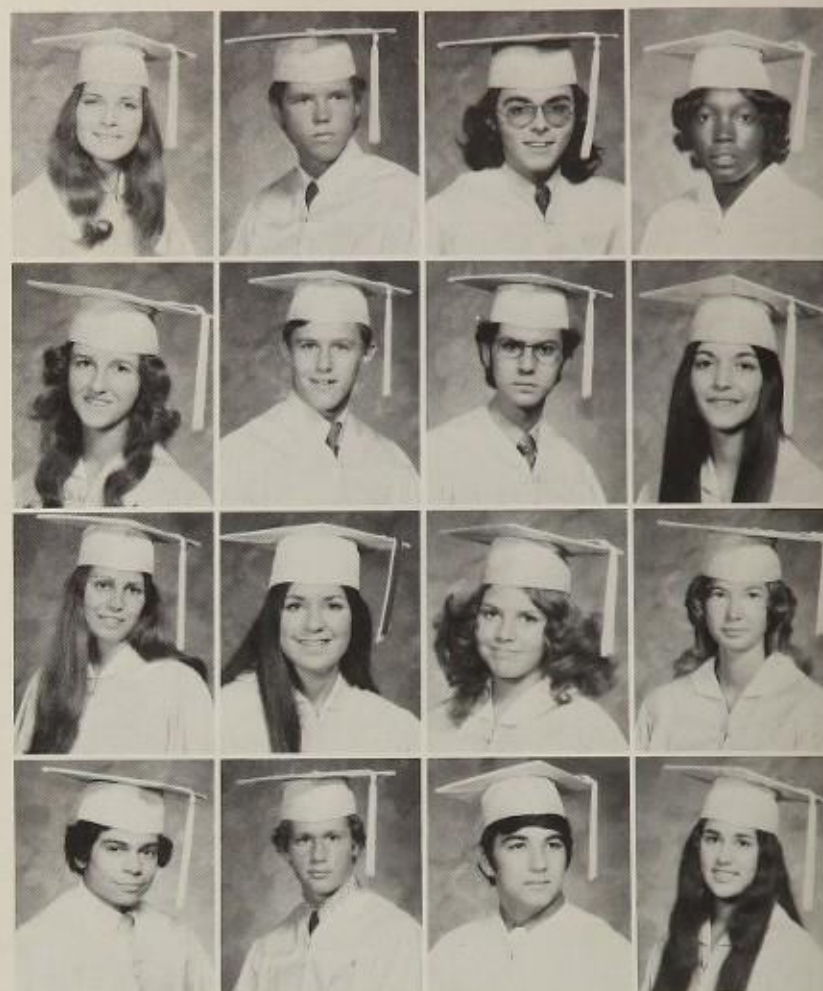

Student represented our school at the Brain Brawl contest held at Leto. This academic competition was among various high schools in the county in which each school submitted a set of questions to be used.

# Old Constitution Rewritten by Student Council

Student Council underwent many changes throughout the year, most of which affected student government policies, and internal organization of the group. Student officers and representatives spent many long hours with school administrators trying to write a new constitution to benefit students of both minority and majority groups.

After much deliberation, an outline was written which most members agreed upon. At that time, January, the ideas were presented to the student body to be voted on. The decision to accept the newly revised constitution won by an overwhelming vote and was formally adopted.

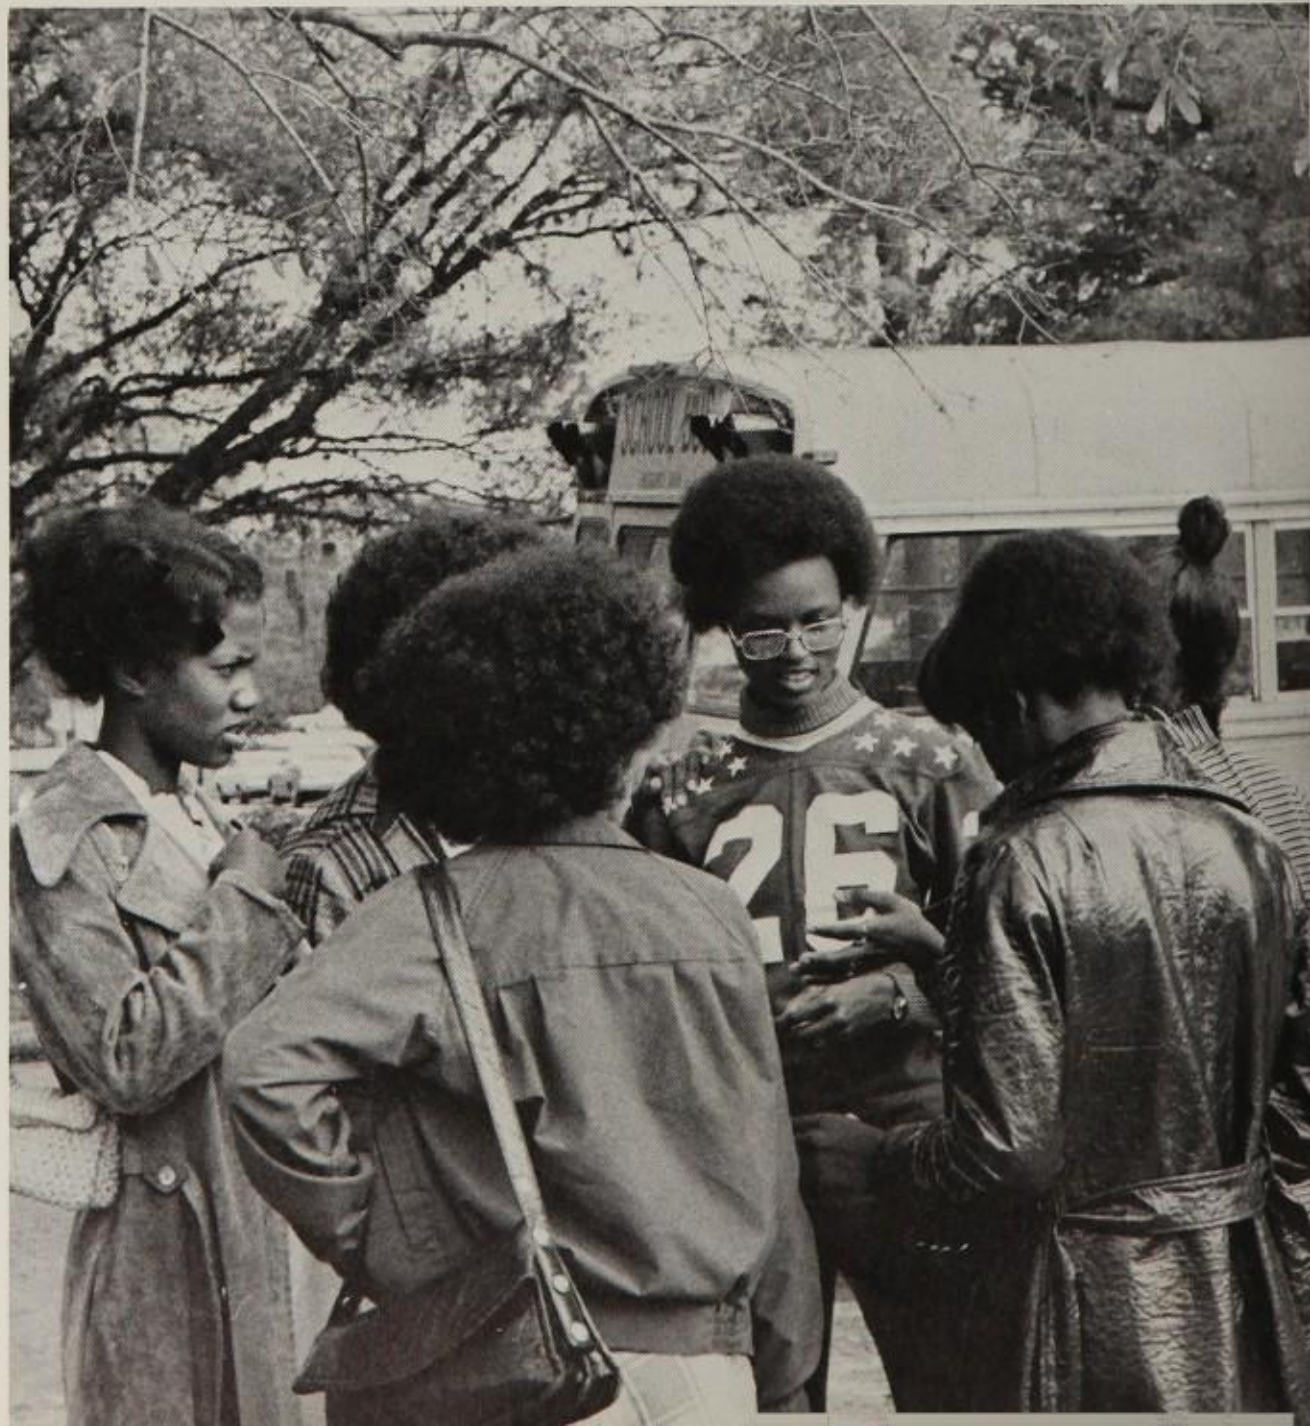

The constitution provided that in all future elections candidates would run for the office of president only. The student with the most votes would be president, and there would be two vice-presidents chosen from the second and third highest amount of votes, one to represent a minority and majority group. The office of secretary/treasurer was combined, and chosen by student council members. The secretary was chosen by the council president. Jo Ellen Massaro presided over the council.

# Influence of Past Student Councils Still Felt

Although students often felt that the student council did relatively little throughout the year, their accomplishments will be greatly appreciated in the coming years. This was generally the case with the student council, although the accomplishments of past councils were still enjoyed by students.

These included the right to smoke on the patio, seniors being able to reserve parking spaces in the parking lot nearest the school, and open campus. Open campus was once again threatened as neighbors complained of an undue accumulation of trash in the vicinity. Although most students took full advantage of leaving campus during their lunch period, very few turned out on cleanup day to help save the institution.

To remind students of their dying traditions, student council sponsored Pride and Tradition week in November.

Several students pause to make that all important phone call before they go to class.

## New Organizations Get ICC Approval

Students who wanted to form a new interest club were aided by the Inter-Club Council. The ICC was made up of all organizations, and was the governing body for all clubs.

Bernie Wilson, faculty advisor, stated that the combined efforts of the organizations into any special project or service could prove beneficial in student services and activities.

Organization president Danny Melrose worked especially hard to try and help club presidents to seriously consider each and every organization in question.

Although the organization met only three times, their service was proved to be of great value. Mr. Wilson felt that these students all showed great potential in future community leadership.

Their ability to decide on new clubs was put to the test with the formation of a new girls' service club.

Council members, Jack Espinosa, Debbie Osteen and Danny Melrose, discuss projects.

## Human Relations Solves Problems

Activism and being able to talk to one another was the goal of the Human Relations board.

Composed of twelve members of equal number from minority and non-minority groups, these students put forth most of their time to close any gaps that were present.

The committee submitted plans for the renovation of the constitution, in coordination with the student council.

In the spring, plans were made for an area convention. According to faculty advisor, Keith Layton, the task was a challenging effort on the students' part, but will be looked back on as a good service to our community as well as our school.

Activities were Pride and Tradition Week in November and a talent show in January.

All the students on the committee had equal responsibilities and worked together to keep an open chamber of communication between administration and students.

## Hilsborean Staff Adds New Advisor

One of the most significant changes in the *Hilsborean* staff was the acquisition of Ken Allen as its new advisor. Throughout the summer and the school year he worked closely with co-editors Cynthia Christ and Richard Barone.

Work began on the 1973 *Hilsborean* in April of the preceding school year, soon after the new editors had been chosen. Much planning and careful thought went into training the upcoming staff. New and old staff members alike attended meetings throughout the summer so that work could begin immediately when school started.

Students gained a great deal of responsibility on becoming a member of the staff. Each staff member was required to sell at least \$75.00 worth of advertising to local merchants, in addition to completing the pages assigned him. Designing layouts, ordering and sometimes writing copy (paragraphs on a page), ordering and cropping photos, writing captions and heads all went into completing a page, and most students were assigned about 10 pages.

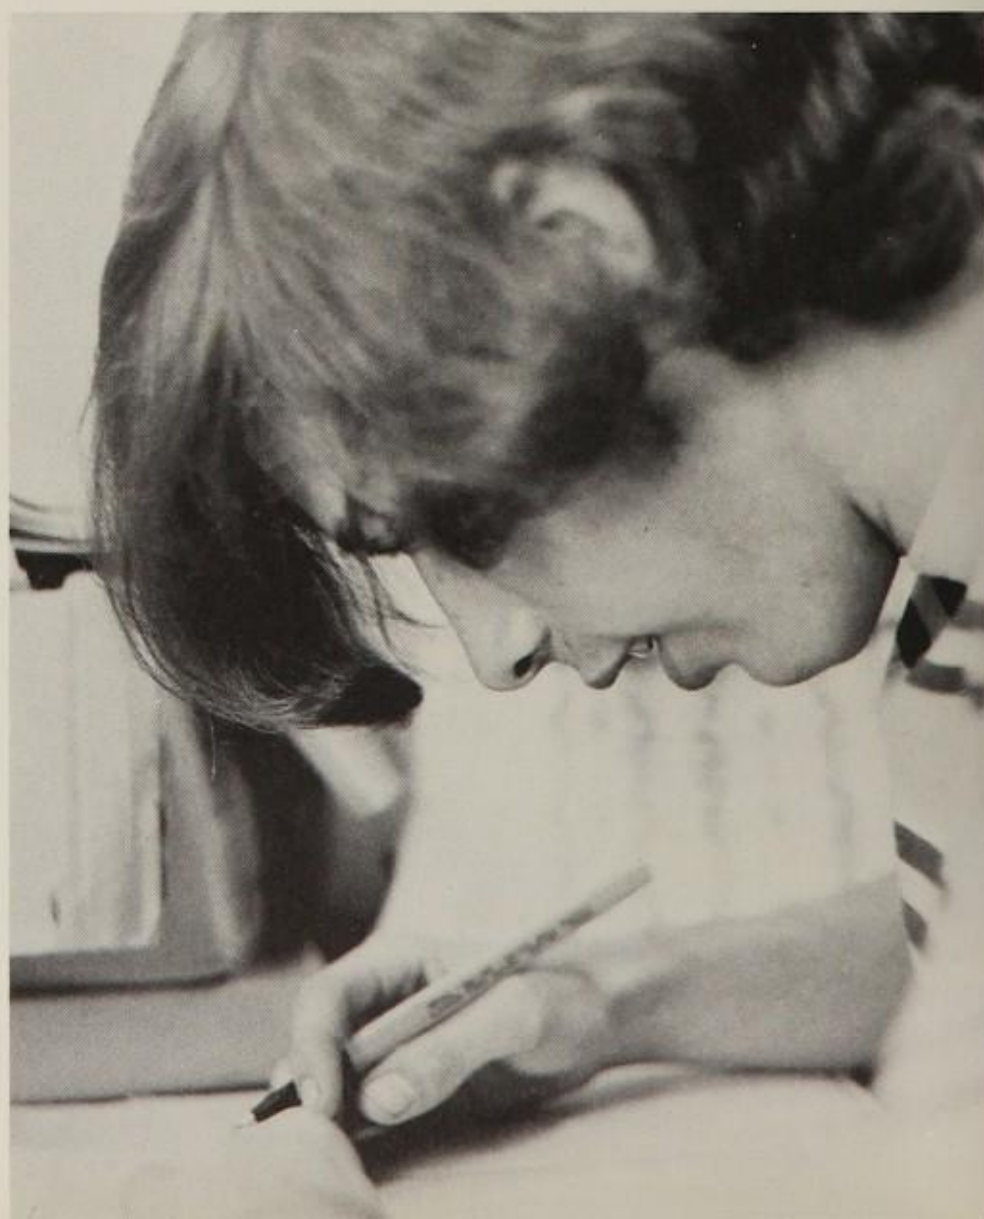

At the end of the year, new editors and staff members were chosen. To be considered, a student must have maintained a high scholastic average and have received a teacher recommendation as well.

Mr. Allen makes one of his routine business calls, part of his new role as advisor.

# Staff Acquires New Air-Conditioned Office

Co-editors Marcia Grantham and Dale Addison discuss ideas for their upcoming issue.

After struggling in a hot classroom with no air-conditioning or telephone, and relatively little atmosphere of a business office, the *Red and Black* staff finally acquired a new air-conditioned office in room 106. Excitement and confusion filled the air as more than thirty people worked furiously in the small space to meet each three-week deadline. In control of each production was Ms. Sherry Carpenter, advisor, and co-editors Dale Addison and Marcia Grantham.

The staff produced ten editions, each of which was filled with reports on school activities, as well as articles of political and social interest. In addition to the paper, the staff also produced their annual calendar, which depicted a nature theme. Calendar editor was Marcia Grantham.

New to the *Red and Black* was an arts column written in each edition by David Gray. This included reviews of albums, films, and concerts.

Layout editor Cindy Conine teaches other staff members how to plan pages.

## '73 HELM Staff Asks for Support

"The Helm needs you, or your essays, or your short stories, or your poems, or your artwork, or your money." That advertisement appeared in *The Red and Black*, and it summed up the *Helm's* plea for student support.

Linda Easterlin performed the duties of editor of Hillsborough's literary magazine, while Ms. Luis served as advisor. The *Helm* encouraged creativity in poetry and prose as well as art, and consisted only of student work.

The staff chose the submitted work which was acceptable for publication and at times this task was difficult, since so many pieces were excellent. However, with such limited space and funds, many pieces had to be turned down.

The staff also had the responsibility of making posters to advertise the magazine, selling ads, as well as handling distribution.

# Quill & Scroll Is Journalism Honor

The highest honor a student of high school journalism could receive was to be inducted into Quill and Scroll. To have this honor bestowed the individual must have worked actively on any school publications for one year, while maintaining a high scholastic average.

Members put in long hard hours, working diligently to produce publications that would please students and also meet with standards of professional journalism.

Publications represented in the Hillsborough chapter of Quill and Scroll were the *Helm*, the *Red & Black*, and the *Hillsborean*.

The Quill and Scroll charter given to Hillsborough journalism in 1926, made it one of the oldest chapters in the state.

Added to the faculty advisor staff was Mr. K. Allen, who worked along with Mrs. Carpenter. From the twelve members, Dale Addison was elected president.

## French Honor Attends Banquet, Several Plays

"Le Treteau de Paris" and "Le Midecin Malgri Lui," two plays direct from France, were two of the activities the French Honor Society participated in throughout the year.

The club, sponsored by Ralph Garcia, strived to further the interest in the French language and their customs. They learned about France by watching plays, studying books and discussing what they had learned from one another. They also attended a French Declamation contest in Jacksonville.

The members were quite busy during the year. They started off with a banquet at "Cafe de Paris," attended a picnic in April and in March the members wrote and set up a play to present to the parents and new members on education day.

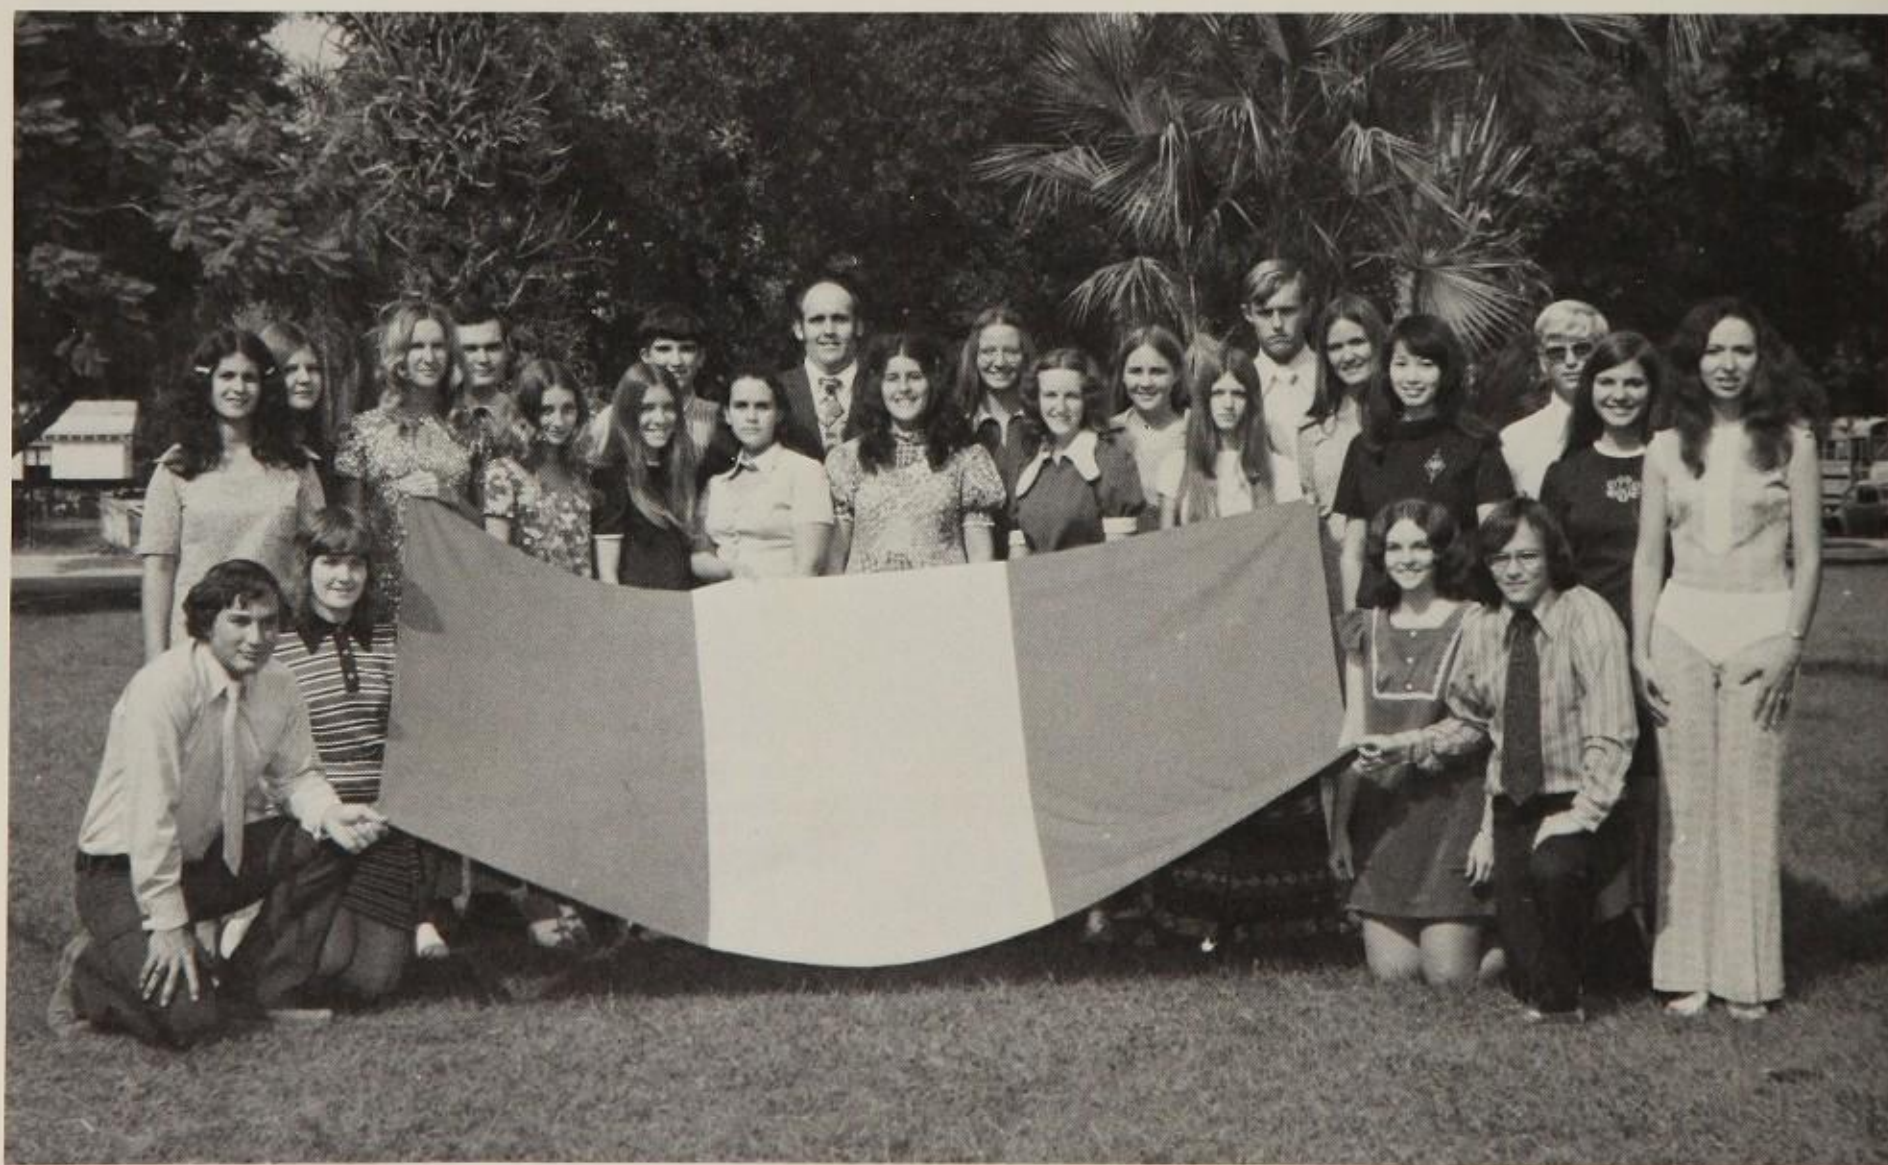

The French Honor Society elected new members in January, and conducted induction exercises in March.

Officers of the club were Tim Davis, president, Wayne Altman, vice-president, Lark Morse, treasurer, Britta Carlson, Secretary, and Lee Ann Oakley, Historian.

To end the year, members planned a spring picnic to have one last good time together.

Selling candy to students during classes and passing time was their money-making project for the year. The students also participated in the annual poster contest held by all Hillsborough County schools.

Keeping the student active, Sandy Cantero, president, was busy throughout the year holding meetings and assisting Marcia De LaParte, vice-president; LuAnn Cicciaro, treasurer; and Denise Ygual, secretary. Keeping this active club orderly was Mrs. Lola Todd, who had been faculty advisor for several years.

# Key Club Starts Year Off With Welcome Dance

René Rodriguez, sweetheart, decorates fountain.

Getting the year under way with a big boost, Key sponsored the first dance of the year. It was a good chance to get acquainted with new students and have an enjoyable time.

Key had a great time working with the downtown Kiwanis Club throughout the year. The Kiwanis Club, a big brother to Key, helped the community by raising money for different projects. Key helped with these projects and at the same time fulfilled their purpose to help the school and community. The club also collected cans, toys, and clothes to give the needy families a nicer Christmas.

In September, Key gathered at the Sweden House for their fall rally. At this time, the club members elected their officers, had a good meal, and lots of fun.

Bringing the year to a close, the club sponsored a fertilizer sale and the board attended the Florida Convention in Miami Beach to represent Hillsborough.

Led by President Danny Ballard and guided by Mr. Garcia, the club had a fun and prosperous year.

# Kiwanettes Host Pool Party, Get-Together

Kiwanettes Kathy Patterson and Andoria Massaro clean up the field before a game.

Water, water everywhere and not a drop to drink. This wasn't the case at the Kiwanette pool party. It had been two years since the club hosted the get-together for all surrounding Kiwanette clubs, and the results were splashing.

Kiwanette, under the guidance of Miss Beagles, cleaned the trophy case, participated in the powder puff game, and joined in the fun at the KOZACs.

"We serve" is the motto for the club, and serve is just what they did. "The school and our community is our main concern," stated President Grace Stephenson. With projects throughout the year, they raised money for the school, environment and community. Closing out the old and bringing in the new, the club presented their Mother/Daughter Banquet and tapping and induction of new members.

Leo club had an exhausting bicycle marathon, which took place on the track at Gaither Field. Much less strenuous and most enjoyable, was their operation of the marriage booth at the annual Sadie Hawkins Dance. The dance was held on October 20.

Under the sponsorship of Mr. Frank Guida for the third year, Leo club also had a car wash.

Since the club membership consisted mostly of our athletes, it was near the end of the year before they had time for club activities.

Leo officers were Andrew De La Parte, president, Mike Dosal, vice-president, Glenn Gullo, secretary, Don Wolfe, treasurer, and Glen Stewart, sergeant-at-arms.

Z Club tried for their third straight win this year in the Powder Puff football game. They won two out of the three games they played. The game was played on November 12 at Gaither field.

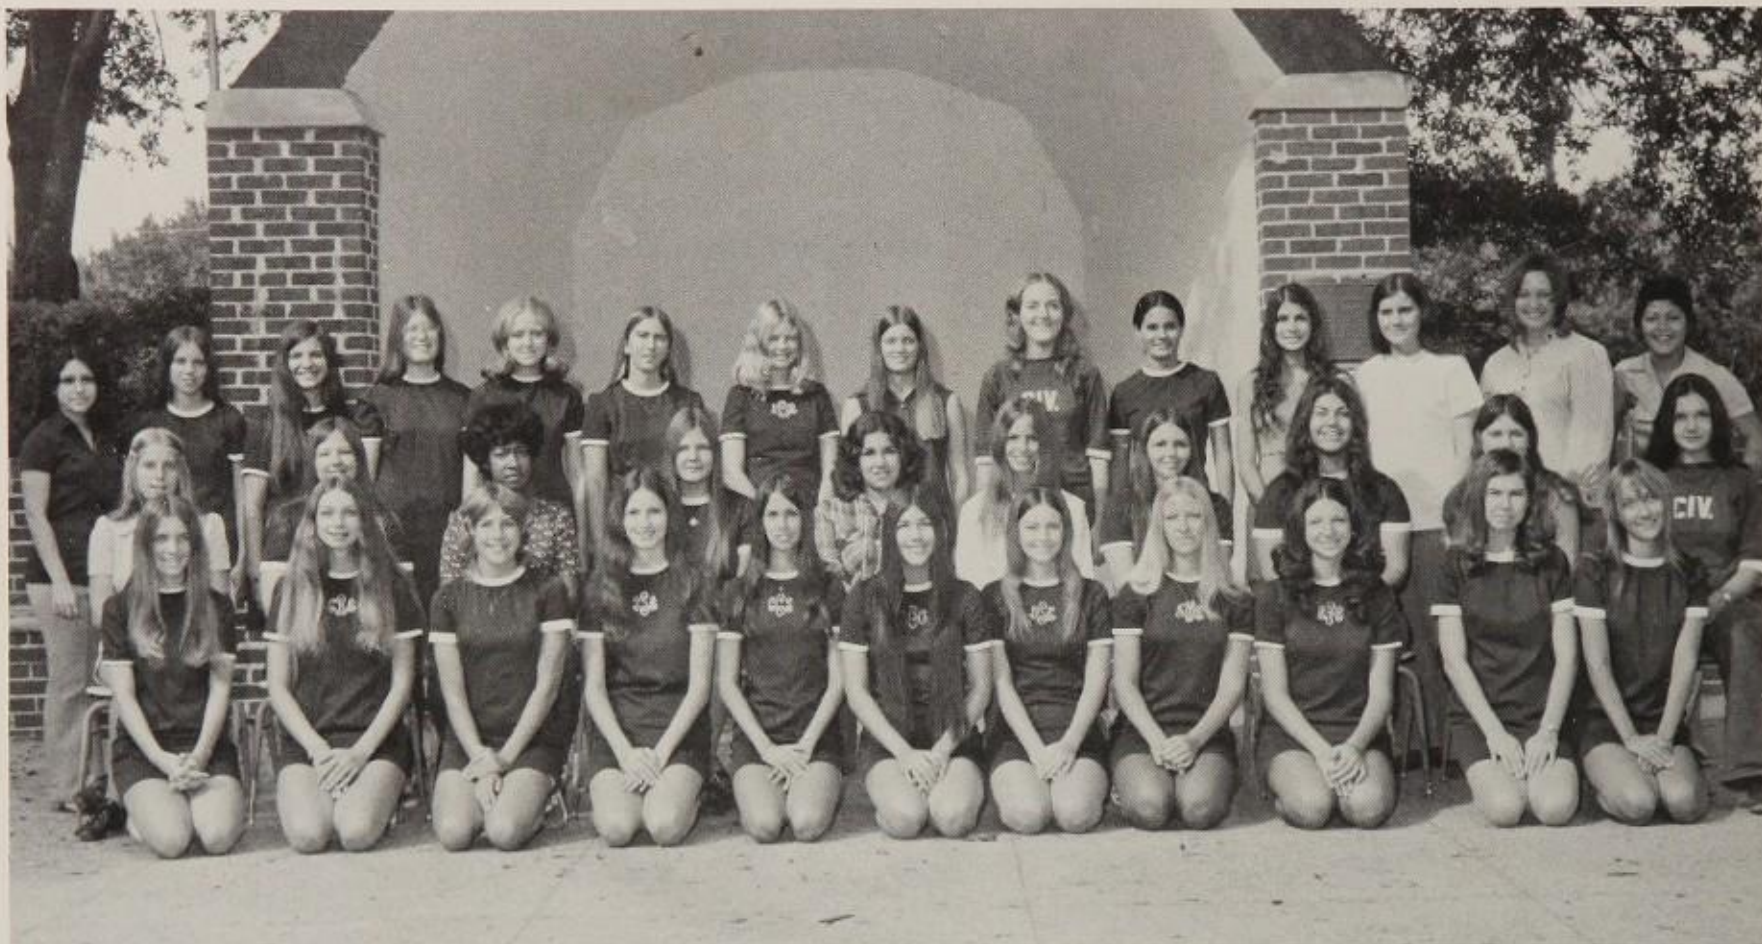

Another major activity of Z Club was sponsoring the annual Sadie Hawkins Dance. Tradition is that the girls invited the guys. The dance, held on October 20, was a success. All profits made from the clubs' projects went to benefit the school.

Other activities planned were making a Turkey and Christmas display to put in the courtyard and entertaining the Girls Club of Ybor City at a Valentine's Day party. They also helped clean the Garden of Essence which was for the blind at the University of Tampa. The girls also served teachers in any way they can.

The officers were Debbie Osteen, president, Desiree Mauricio, vice-president, Prisilla Messina, secretary, Alicia Ranon, treasurer, and Jeanette Greco, parliamentarian and historian. The club sponsor was Mrs. Francis Strickland. This was her third year as sponsor.

Civinettes made another big success this year when they sold the red and black footballs to students as their main money making project. The footballs appeared all over campus as the result of the selling campaign. Other projects were the selling of Halloween candy and giving the kids at the children's home a Christmas party. The club also supported an orphan in Tiawan.

The faculty advisor of the club was Miss Virginia Weldon. The club officers were Lynda Williams, president; Arlene Rodriguez, treasurer, Glenna Grennel, recording secretary, and Sharon Jones, recording secretary. The purpose of this club is to serve our school and community. Along with this, the motto was "Build Good Citizenship."

The brother club of the Civinettes is the Jr. Civitan. The sponsor of their club was Mr. Eddie Ware. The officers were Jerry Cain, president, Robert Pannapacker, vice-president, Augusto Coton, treasurer, and Robert Neely, secretary.

## Jr. Optimist Takes First Place in Terrier Bark

Jr. Optimist won first prize in the Terrier Bark for their skit "All In The Terriers." The skit starred Robert Corvo as Archie, and Bill Bunkley as Edith, and portrayed the Bark's theme of "Electrify The Panthers" by having Archie and his friends building an electrifying machine to do in the Panthers.

Wearing "beat cards," an honored tradition at H.H.S., was made possible only through the tireless efforts of school-spirited Junior Optimists. Selling the red and black cards worn by most loyal terriers before each football game had long been a money-raising source for the club. In the past, money had been used to help school organizations; and this year's Jr. Optimists demonstrated their support of the *Red & Black* by investing the profits they received from beat card sales in the school newspaper.

"Our main goal is to serve Hillsborough High School and its student body in every way possible," declared Mr. Nick Capitano, who guided the club, assisted by Mr. Joe Valenti.

Wanna buy a ribbon? This was the familiar cry of the Opti-Miss members as they provided their weekly service of selling ribbons before each football game. Students supported this project by wearing these ribbons and displaying their meaningful sayings.

"Opti-Miss is a service club for junior and senior girls, dedicated to encouraging school spirit and promote leadership", stated Carol Hegler, president. Along with Mrs. Brenda Coney, the club sponsor, Opti-Miss provided service to the community.

Many activities took place during the year in which the Opti-Miss members participated. The annual Powder Puff Football Game was the main event. Coached by male service club members, the women practiced about one month before the game. Aching joints and skinned knees proved their hard efforts as well as the fun they had during the game.

## Interact Paints Goal Posts, Sells Bumper Stickers

To help better the school by performing social and personal aide for the school was the purpose of Interact. Throughout the year the club sponsored various activities for students. Football season was the time for all Interact members to take brush and paint in hand and begin painting the goal posts on Gaither Field. Bumper stickers were sold by members during basketball season so that students' cars could proudly display their school colors.

Mr. Nelson Duarte once again served as faculty sponsor for Interact. The year's activities were carefully planned with the help of the club's officers. These officers were: Tim Davis, president; Chuck Willis, vice-president; Gary Hinson, treasurer; and Allen Daniels, secretary.

As a group, the members of Interact worked to serve and benefit students as well as faculty members.

Anchor's Away! That's how it seemed to be at Hillsborough as the Anchors plunged into another school year. The Anchors Club was a service club at H.H.S. to help promote friendship and loyalty between students and between members and also to serve our school and community.

This year's student advisor was Mrs. Linda Haines. The officers were Cindy Conine, president, Gina Campanella, vice-president, Anita Kaat, treasurer, Belinda Jordan, corresponding secretary, and Denise Ygual, recording secretary.

The motto of the club was "Anchored, We Hold." Some of the activities were the selling of football spirit buttons, visiting the old folks home, and the presentation of Christmas gifts to the exchange students. The club had a spirited and beneficial year.

## Pan Am Tries for Air Conditioning

"Love your neighbor" was the golden rule by which Pan Am led its members. Helping to steer them straight were Marcia DeLaParte, president; Sandy Cantero, vice president; Rhonda Ramos, treasurer; and Debbie Simmons, secretary.

Throughout the football season, Pan Am sold shakers to promote school spirit. All money made went toward air conditioning the language lab.

"In the club, it seemed sophomores have the most school spirit," stated Mrs. Noto, sponsor of Pan Am. Last year it was hard for the club to meet because the students were separated by different buildings.

The purpose of the club was to foster better relationships between the nations of the Americas. During the meetings, the members found it interesting to talk about Latin American countries. They discovered how similar, yet different they lived as compared to the North American way of life.

## Students Prepare to Enter Business

The Future Business Leaders of America, an organization for all the students enrolled in business programs, had as one of their major objectives to develop strong, aggressive leadership. They felt this was essential so that these future businessmen and women could participate more effectively in business and community life.

F.B.L.A. operated under the guidance of Mrs. Barbara Smith, who taught typing. The club president was Zenaida Lopez.

Their fund-raising projects were selling stationery and doughnuts. They attended a convention in November.

Members in F.B.L.A. indicated an interest in preparing for entrance into business and for strengthening the developing individual.

## Polyfluff Returns, Increases Funds

Polyfluff struck again! Signs throughout the school designated the coming and arrival of these plastic creatures. This was the major fund raising drive of the DCT students. Many animals, from snakes to teddy bears, were sold at reasonable prices in hopes of a profit.

Mr. Phil Holz sponsored the DCT club once again. This course provided for students to come to school half the day and then go to work. They were a part of the business world which enabled students to participate in outside jobs as well as making a salary for their own purposes.

In the spring, students who qualified for the DCT program were tapped and inducted. Many of these students were in the Sophomore Work Experience Program, as well as others who just became interested in this exciting course.

## Students Prepare for Future Roles

"Towards New Horizons" was the motto of the Future Homemakers of America. The club was sponsored by Dorothy Jennings. The officers were Mary Johnson, president, Elaine Murray, vice-president, Veronica Swinson, treasurer, and Willie Ann Dairs, secretary. The club also had a public relations officer, Diana Cruz, and a historian, Charlotte Burden.

The club had many purposes. Some of these purposes were to promote the joys and satisfactions of homemaking, to promote the function of the family as a basic unit of society, to provide opportunities for decision-making responsibilities, and to become aware of the multiple roles of men and women in today's society. The club was beneficial as well as an interest club, and prepared its members for their future roles in life. It offered experience in homemaking and for students wanting to work in this field of study.

Teaching those students who are interested in sewing is one of the many goals of FHA.

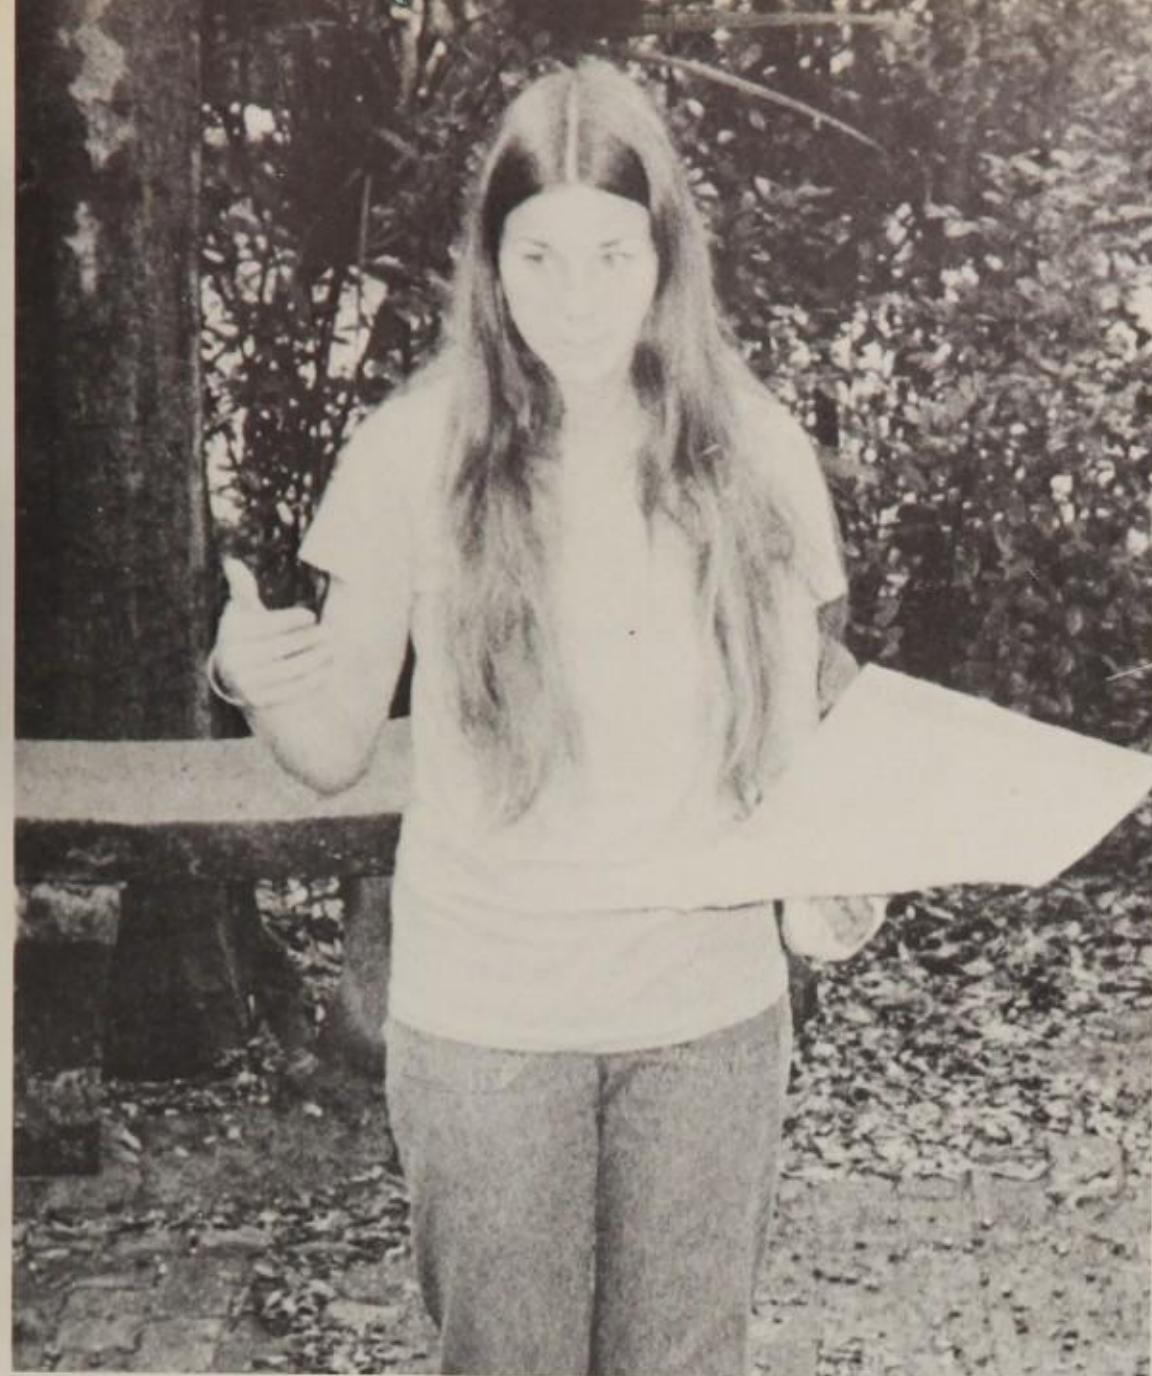

## "S" Club Collects to Aid Girls Villa

"S" Club, being a new girls service club, was just formed this year. After being ICC approved, they were then chartered as an official club.

"S" Club was a branch of Soroptimist, meaning "the best of women." In high schools it's called "S" but in colleges it's Sigma. The girls went to a country fair and helped their big sister club by serving. All proceeds went to building a new wing onto the Girls Villa. In the spring the girls participated in a barbecue, which included a hog killing. Each club in the state participated. At this event, each girl donated the change they had saved in a piggybank to Soroptimist charity fund.

Mrs. Kennedy, the sponsor, started this club with a sincere interest, since she was a member of Soroptimist. This was the first "S" Club in Hillsborough County, but there are great hopes for more to be started.

Soroptimist president Terry Duval suggests several good ideas for upcoming club projects.

## Blossoming New Club is Added

Another one of the growing and blossoming clubs added to Hillsborough High School was the Garden Club. Involving students in the wonders of growing their own plants and foods, was the purpose of forming this club.

Members participated in many outside activities such as field trips and growing their own gardens, which were entered in the inter-school competition.

Mrs. Cathy Palmer, sponsor, and Josette Johnson, president, worked together throughout the year. Seminole Heights Garden Circle of Tampa sponsored the club.

The Honorary Science Society consisted of students who excelled in different areas of science. Mrs. Barbara Geyer, sponsor, assisted Cyd Johnston, president, in planning extra activities. Field trips, guest speakers, and community services were the main events during the school year.

## HCC Group Aids Homes for Elderly

Students in Health Careers Club could very well be our next generation of doctors and nurses. The club was for any students wishing to develop and gain knowledge of the medical profession. There were 52 members in the club.

Students did volunteer work at local hospitals and at homes for the elderly. Some of the students did part-time work and also sponsored parties for the mentally retarded. Also available was a 4-day Red Cross course which was taken during the Christmas holidays. After they had completed the course they were eligible to work as an aide at any of our local hospitals.

The students in Health Careers Club went on many field trips. In January they toured Tampa General Hospital and McDonald Training Center. This helped get them acquainted with hospital equipment and procedures.

The club had a new sponsor in September. She was Mrs. Terry Keene, who was a registered nurse, with an interest in pediatrics. This was her first year at Hillsborough, and when asked how she liked it she replied, "I love it and wouldn't trade it for anything".

# Youth Council Goes to Court, Verdict Decided

"He really handed down the sentence that I recommended!" exclaimed Michael Dosal after returning from jury duty with two other Youth Council members. Every Wednesday club members took turns going to the courthouse to listen to court cases involving 17 thru 21-year-olds. After reviewing these cases they were invited into the judge's chamber for a period of question and answer. Following a brief discussion the judge's decision was given; often it had been influenced by a Youth Council member's comment.

Youth Council was led by Mr. Sommerville in his first year as sponsor. He was well liked and worked diligently along with the club officers: Myriam Vazquez, president; Cyd Johnston, vice-president; Annette Nelson, secretary; Lynda Williams, treasurer; to make sure that each member had the opportunity to go to court.

# Environment Club Helps With Campus Cleanup

Environment Club members C. Espinosa, R. Maniscalco, A. Nelson and A. Katt fraternize.

"Don't be a litterbug!" You must have been caught by a dedicated member of the Environment Club. These students were all trying to do their best to clean up the surroundings and stress the importance of preservation.

Jack Espinosa, president, stated that bike riding, collecting cans, and papers for recycling were among some of the projects in which they were involved. According to him, the students involved in these projects were really concerned about doing something for the school as well as the community.

Mrs. Cummings, who sponsored the students, was glad to see their interest with the new legislation concerning our pollution problem and preservation of our resources.

Guest speakers attended some of the meetings which gave each student a better insight into the problem and helped the students understand the value of their support.

## CBE Offers Jobs to Senior Girls

Cooperative Business Education was divided into three groups which were headed by Mrs. Mahoney, Mrs. Leedy, and Mrs. Lenhoff. There were 56 girls in the organization, which was made up mostly of seniors with the exception of two girls who were juniors.

Students in C.B.E. attended school in the morning and left at noon to go to work at office jobs. These jobs were a part of training so they could gain experience in the business world.

At the beginning of the year they were in a district contest. There were 6 girls who won first, second, and third place awards. They were graded in areas of typing, shorthand, spelling, and public speaking. Other activities were putting on a Christmas fashion show and giving a banquet for their employers.

CBE offers seniors the chance to put what they've learned in business ed. to practical use.

## Jamaá Helps Underprivileged

The Jamaá Society, headed by Mr. Samuel Spearman, helped to create a feeling of brotherhood at H.H.S. Jamaá is a Swahili word that means "brotherhood." This was an appropriate name for the club because it was created for the purpose of promoting better understanding among different ethnic groups here at Hillsborough. Another purpose was to help underprivileged children through social activities.

The club was opened to everyone. The only requirements were approval by the deans and at least a "C" average. This was only the second year of the clubs' existence and yet they had 30 members.

This year they gave a Halloween party for underprivileged children at Hall's Day Care Center. Other activities included sponsoring Mike Brown as a calendar model and providing sickle cell anemia tests for the black students.

Officers were Sandra Williams, president, Nita Black, vice-president, Sybil Andrews, secretary, Maxine Fountaine, treasurer, and Ricky Catyas, sergeant.

Pres. Sandra Williams and Mr. Spearman discuss activities for the underprivileged.

# Catholic Group Performs Services for Community

Catholic Youth Society retained its popularity with students and once again increased its membership. Members attended home masses and were assisted throughout the year by Father Thomas Tierney of Sacred Heart Church. Informal picnics and parties were scheduled by the group to get to know one another and discuss new ideas on Catholicism. Many discussions were held on the reform taking place within the Church.

Ms. Grace Pelaez sponsored the Catholic Youth Society along with the following officers: Robert Pelaez, president, Margret Gonzalez, vice-president, Emily Dowd, secretary, Armando Beltran, treasurer, Richard Barone, parliamentarian, Susan Sheehan, historian. The club also placed emphasis on community service, and undertook several projects to benefit the community.

Busy was the word for the Bible Club. The interest club had a very full year, loaded with activities. At Thanksgiving, the club helped prepare a dinner for needy families. At Christmas the club had a used toy drive. All toys received were taken to the Children's Home. When Easter came the club sponsored an egg hunt for handicapped children.

The club well supported the motto of "For God, for country, for humanity."

The officers of the club were Leta McDougall, president, Lynette Kirkendall, vice-president, Alice Phillipus, treasurer, and Pat Kenny, secretary. Sponsoring the club was Miss Carolyn Moore. With her help and guidance the club supported a foreign child and adopted an elderly person. Everyone in the club cooperated to help make a successful year. The club supported not only the school but also the community.

## Drama Members Now "Thespians"

Added to the organizations at Hillsborough was the Thespian Club. "It is a national organization designed to further dramatic activities," said Mrs. Odom, the club sponsor. The members of the club were selected by a point system and sponsor approval of work.

They competed with other schools and attended Thespian conventions and workshops. Their activities were strictly nonprofit except for the Spring play.

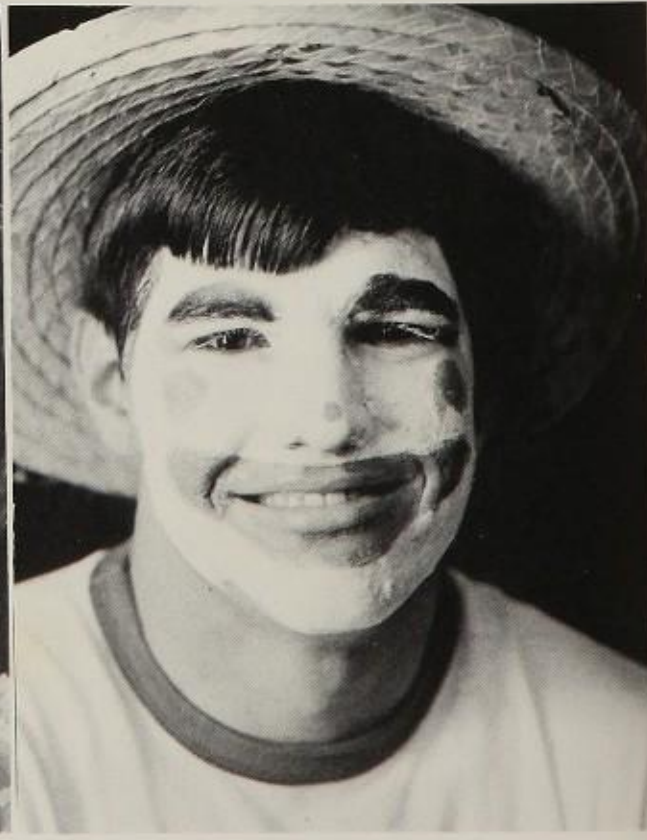

The Fine Arts Club included the Sidewalk Art Exhibit and displaying their work in the main hall.

## Brush & Palette Inspires Spirit

"Art for Hillsborough's Sake" was the theme once again as Brush and Palette undertook publicizing the season's sports events. Many students arrived in the mornings even before school started to work on posters to be placed around the school building.

Assuming sponsorship once more was Mrs. Dorothy Kennedy who supervised designing and distribution. Also offering assistance as club officers were Janice Griner, president, Brenda Euhys, vice-president, Debbie Griffith, secretary, Shannon Garcia, assistant secretary, and Victoria Sanders, treasurer.

Students met as regularly as possible to plan what projects were to be undertaken. Among these were the posters stretched between the goalposts before the football games. Many long hours of work went into the painting of each sign, only to have it torn to pieces by onrushing Big Red football players.

Brenda Euhys, Janice Griner, and Vickie Sanders adjust a football poster in main hall.

## Increased Public Interest Benefits Chess Club

The excitement of the summer chess championship of the world between America's Bobby Fisher and Russia's Boris Spassky sparked an interest in chess into many students. As the chess club reorganized itself in September, many chess sets began to appear in the cafeteria and on the patio. Lunch time became a popular time to challenge friends to a quick game of chess. Members of the club challenged each other with this difficult game to increase their skill and concentration. Matches were held to see which students would represent Hillsborough in the inter-high school chess meets. At the end of the year a tournament was held with students from Hillsborough as well as many other schools attending and competing.

Mr. Andrew Cacciatore assumed sponsorship of the club once again. Intervening as little as possible, he let the students themselves organize matches and tournaments.

There were signs of some progress from the feminist movement as women joined the club for the first time.

Two new clubs were added to Hillsborough's list of interest clubs. These were the Flying Club and Auto and Home Club. Started well after the start of the school year, they none the less boasted good sized memberships.

Mr. James Sclavakis served as sponsor for the Flying Club, a club he formed to promote among the students an interest in aviation. Several field trips were taken to Tampa International Airport to witness take off and landing procedures, visit the newly constructed control tower, and wash airplanes. The club claimed they would wash anything from small private planes up to huge commercial 747's if airport officials permitted. Throughout the year guest speakers visited the club and lectured on many subjects related to the field of aviation.

Another new interest club was the Auto and Home Club. Sponsored during its first year by Mr. Stobert and Mr. Perez, the club's purpose was to aid Hillsborough's shop classes. Many projects were undertaken throughout the year to provide equipment which the school's budget couldn't allow for. Meetings were held in the South Campus to discuss what equipment was needed.

# Spirit of Terriers Aims to Bring Back School Spirit

"Give 'em hell, Big Red!" yell Spirited Terriers at each football assembly.

One of the many new clubs at Hillsborough was the Spirit of Terriers. These students' main goal in organizing themselves was to create a good solid block of inspiration at football games and other sports events, and to bring back much of the school spirit that has been lacking the last few years. In spite of the fact that they were formed only in September, the club boasted large membership.

Spirit of Terriers was sponsored by Mrs. Diane King. Among the list of achievements of her new club was the fact that they participated in a skit in the Thanksgiving Terrier Bark. Their skit was chosen as one of four to be presented out of many clubs who auditioned.

Pep assemblies took on a new look as this group led cheers and got the rest of the crowd enthused. Banners and signs were designed and carried to football games to let the opponents know that the Big Red meant business.

# Big Red Half-Time Show a Talent Extravaganza

Added to the excitement of each football game was the spectacle of the half-time show presented by the Big Red Marching Band, danceterettes, flagerettes, majorettes, and everyone's favorite stunt man, Willie Kearney. Excitement filled the air as the band exploded into their powerful repertoire of great music. They took center stage and provided accompaniment for the many beautiful danceterettes, flagerettes and majorettes. Added to the half-time show for the first time were the flagerettes, a high stepping color guard of sorts. Student praise ran high as illustrated by senior Isabell Rodriguez as she commented, "I really enjoyed watching the colorful half-time shows. They are in the finest tradition of Hillsborough High School."

"Get fired up Red, get fired up!" echoed the '72-'73 cheerleading squad as they led the student body during pep assemblies and at each game.

The cheerleaders practiced many hard hours during the summer and during sixth period each day. New members of the squad found that hard work was necessary in order to arrive at perfection.

Mrs. Vivian Williams, sponsor, along with Sandra Williams, head cheerleader, worked together to keep the squad in top shape at all times. The girls did exercises as well as running the track in order to keep physically fit. After basketball season they worked on the cheers to be used in tryouts that were held in May.

As a new idea, the cheerleaders used stunts, splits and cartwheels to add some zing to their cheers. As an additional treat, the H.H.S. Big Red cheerleaders gave a party for the Plant City Raider cheerleaders. The festivities were held at the Plant City Holiday Inn during the basketball season.

Fund raising was one of the major goals of the cheerleaders. New uniforms which were worn at the Turkey Day Game were purchased with funds from an auto tag drive which was a success.

## JV Cheerleaders Look to Varsity

Leading the J.V. football team to victory were the spirited junior varsity cheerleaders. The squad consisted of six members who worked and practiced together long before school began.

They also attended cheerleader camp during the summer, a requirement of each girl who signed up.

With the assistance of faculty sponsor Mrs. Vivian Williams, head J.V. cheerleader Kathy Mauricio and co-head Lee-Ann Calhoun led the squad at pep assemblies and at the games. After the season was over the squad worked diligently for spring try-outs. The girls had to learn new routines and cheers before trying out for the varsity squad.

Gracefulness and poise come easy to Bev, as she shows as half time draws to a close.

"We want Willie!" was the familiar cry heard at every pep rally and game as the majorettes performed their routines with Willie Kearney as stunt man.

The majorettes added spice and variety to our assemblies and half time shows. While doing this they showed much grace in their superior performances.

On Turkey Day the squad sported their new uniforms designed in conjuncture with the electrifying theme. Diane Turner was head majorette and worked closely with faculty advisor, Miss Teresa Manuel.

## County Band Day Big Event For All

High kicks, short skirts, and pretty girls were the main ingredients for Hillsborough's dancerettes. Although there were many hours of practice involved, the girls managed to keep alert and smiling. One may think it is simple and sweet being a dancerette, but according to co-head Marcia De La Parte, there were many complications involved. First of all, they practiced all during the week, usually making up routines and figuring out which uniform they were going to wear for the next game. Then there was the problem of practicing with the band on Thursdays. All of the extra work the squad did showed, as you could see when they performed with the Big Red marching band.

A big event for the squad was Band Day. This was where all Hillsborough County High Schools performed together at a Tampa University game. It was an exciting experience for all.

## Newly Formed Flagettes Show Promising Future

New to the H.H.S. half-time performance were the Flagettes, sponsored by Miss Patrick. Their first year was trying at times but came off successfully.

One of the problems the squad had was that of equipment being delayed, and for the first three games they had to carry shuffle board poles during their performances.

Mr. Solak was pleased with the squad's progress under their new teacher, "George," and predicted an even better showing in the future.

Although some questions arose as to the use of the short flags, all the wrinkles were ironed out and fine performances ensued. The flagettes became a distinctive part of the Big Red tradition.

A good laugh makes daily practice less tense among Flagettes and "George."

Drills such as peel-offs and alternating drops are now in common use as the flagettes progress in timing as well as precision.

With their half time only minutes away, the Flagettes take a moment to catch a little second-quarter action from a sideline view.

The Turkey Day crowd responds to a new Flagette routine.

## Big Red's Sound Marches Onward

Long before the school term began, music could be heard as far as a half a mile away and it came from the Big Red Band on our top field. Blistered feet, sore muscles and perspiration were the products of hard daily practice. All this was essential to produce the superior sound heard at the games.

Chuck Willis, drum major ran a tight ship as he strived for the goal of absolute perfection. Each week music for half time was selected and new shows were formed.

Mr. Solak, band director, once again put everything into having the best band in the state of Florida. This was his 26th year of service as he assisted and directed BIG RED time and time again.

lots of talent and I hope you continue  
in this field. Best of luck always

## Band Sparks School Spirit at Football Games

Outside activities ranked high on the band's schedule again as they made personal appearances many times for special programs. The American Bowl Parade and Game provided the Big Red Marching Band with the opportunity for nation-wide recognition with its T.V. coverage.

As February came and left, the Gasparilla parades were made a little more meaningful as the sights and sounds filled the hearts of the spectators lining the street.

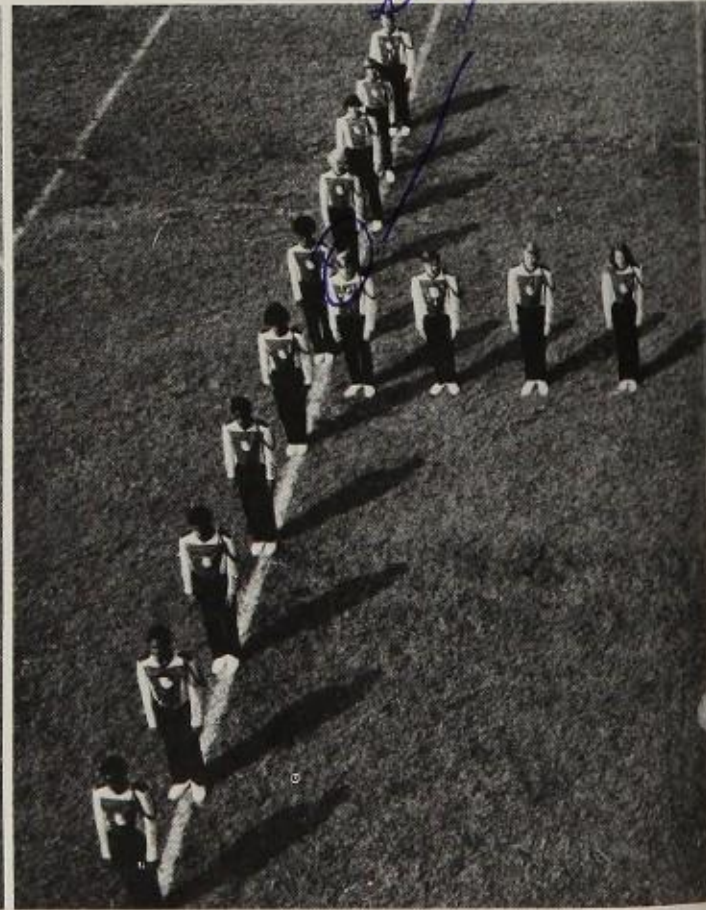

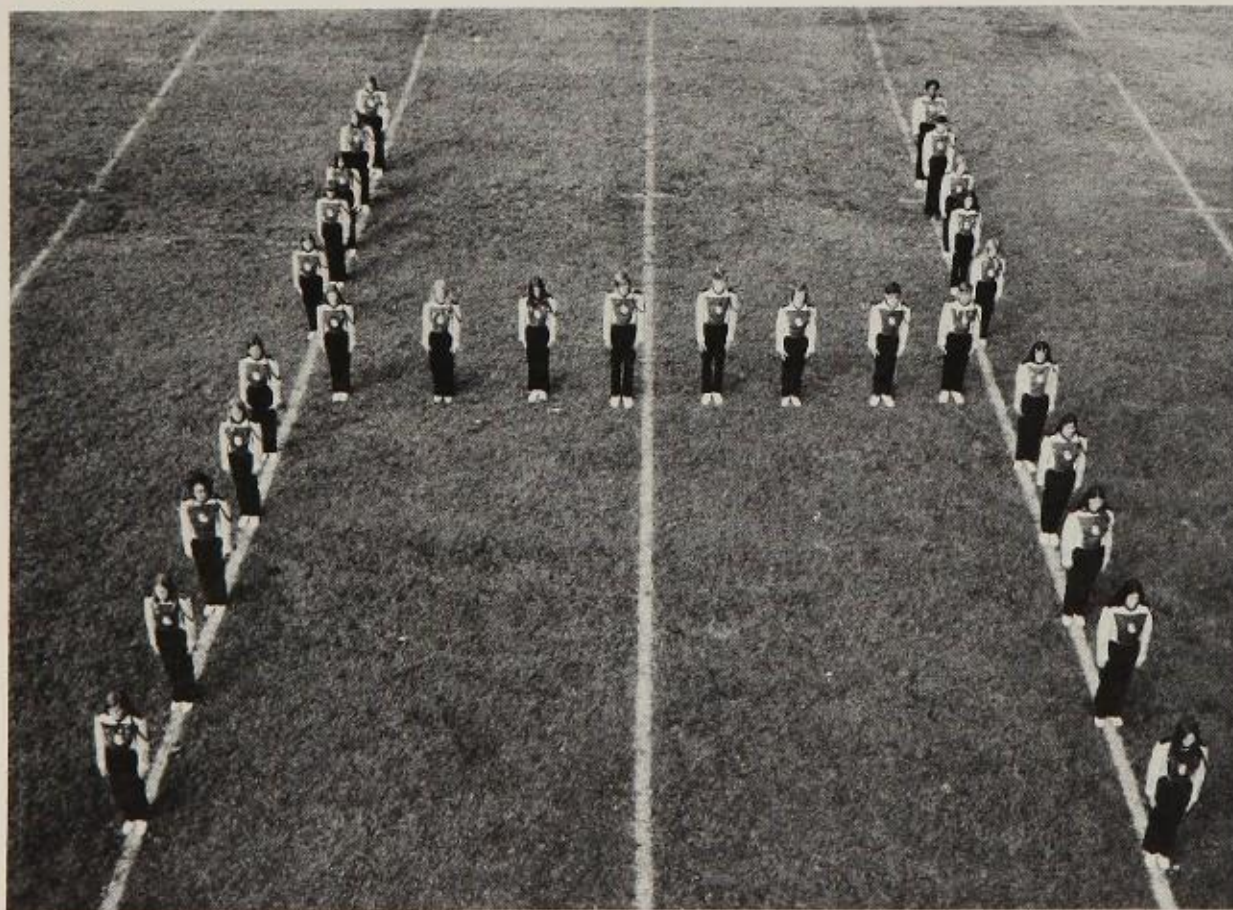

Competition was a major point as the band participated in two important contests. The concert band contest as well as the marching band competition highlighted the activities held at Plant. The marching band was rated superior by a team of rigid judges who marked them carefully.

The pep band provided spirited music throughout the school term. Playing to the popular sounds at the football and basketball pep assemblies rallied the spirits of students. In concert, they also accompanied the chorus for the Christmas assembly.

Taking its place once more, the Big Red Band played an important role in the well rounded '72-'73 school term. Music was truly appreciated at Hillsborough through the band's efforts.

## Stage Band Has Flippin' Schedule

Every one of the Stage Band's musical selections started out with the familiar phrase, "One, two, three, four." Their songs appealed to just about everyone, and most would like to listen all day long.

They became well known county-wide for their various school concerts and many other community activities. They received superior ratings at both local and state contest. Second semester brought on an assembly in February called "Flippin'." Activities were co-ordinated by Basil Rodriguez and Mr. Steve Solak, the co-founder and instructor of the organization. Mr. Solak said that the purpose of the group was to promote the "big band" sound and educate students in all forms of dance music. In doing this the group visited many junior high schools trying to enlist students in the band program, always assuring that the organization will have a large group to choose from in the coming year.

The group put in long hours trying to perfect their sound, but the hard work and long hours put in showed in every concert.

## Pro Performances By Sound System

"It's like one big family," said Margret Calhoun. "We all get along and there is a special feeling between one another."

This seemed to be the feeling everyone felt from the Sound System " '73".

The Sound System was a group of twenty devoted students that gave their time to make people happy by singing and dancing. They performed at banquets, schools, hospitals, and hotels.

The Sound System, directed by Mr. Jerry Skora, practiced fourth period and spent part of their lunch to practice routines and to prepare for their next performances.

The group was made up of sixteen singers and four members of the rhythm section. Not only did they sing, but their routines were made up by the students themselves.

Alan Conley steps up to the microphone for his solo while performing "Spinning Wheel."

# Chorus Presents Beatle Night

The seventy-five member chorus was grateful for its hard-working director, Mr. Jerry Skora. He helped them get ready for their many concerts held throughout the year.

They started off the year with a fall concert in October. Other events included a concert with Randall Thompson, a well-known composer. This concert was performed at Chamberlain High with a combination of the choirs from Hillsborough, Chamberlain, and Adams Jr. High. The chorus also performed a Beatle concert on February 7th and 8th.

The students serving as officers were John Kennedy, president, Margaret Calhoun, vice-president, Cheryl Johnson, secretary, and Linda Crippen, treasurer.

Charlie Diaz, guest alumnus at the Chorus' Beatle concert, performs a trumpet solo.

## Athletes Awarded A Scarlet Letter

Hillsborough always had a good reputation for turning out top-notch athletes, and this year was no exception. To acknowledge these students, "H" club was formed. All lettermen and women were accepted, and this was the nicest way possible to show the school's appreciation of their hard work.

Members of the men's "H" Club participated in the football, basketball, wrestling, golf, tennis, track, baseball, and swimming programs, while the women enjoyed tennis and swimming only.

As a symbol of membership, members were awarded a red "H" which they wore on the traditional letter jacket. For the first time, the club had no sponsor or president. The sponsor in the past had been Coach Billy Turner, but he left Hillsborough at mid-term to become an assistant coach at Tampa U. The club served merely as an honor organization for deserving athletes, so activities were limited.

# Rifle Team Rates County's Finest

Sgt. Ingram, Commander of Cadets at H.H.S. was well qualified for his post in our R.O.T.C. program. He was a two-time veteran of Korea and served twenty-two years in both the Army and the Marine Corps.

The Jr. R.O.T.C. program developed a strong sense of integrity, responsibility, respect for others, increased insight into ethical values and principles, the ability to live and work cooperatively with others, and a respect for constituted authority. The R.O.T.C. program was introduced to Hillsborough in 1935.

Cadet Battalion Commander Rex W. Chivers headed the corps of cadets, the largest of five units in the county.

The R.O.T.C. band was phased out and replaced by a drum and bugle corps under the command of Jerry Strawser.

The R.O.T.C. firing squad, under the command of cadet Steven Chandler, has gained notoriety as the best in the county. The team performed at home games and special occasions on request. The Rifle Team and Drill Team were commanded by Captain John T. Rogers and Cadet Rudy A. Camera. The program did very well this year.

## Academics

Mr. Robert Collins, Principal

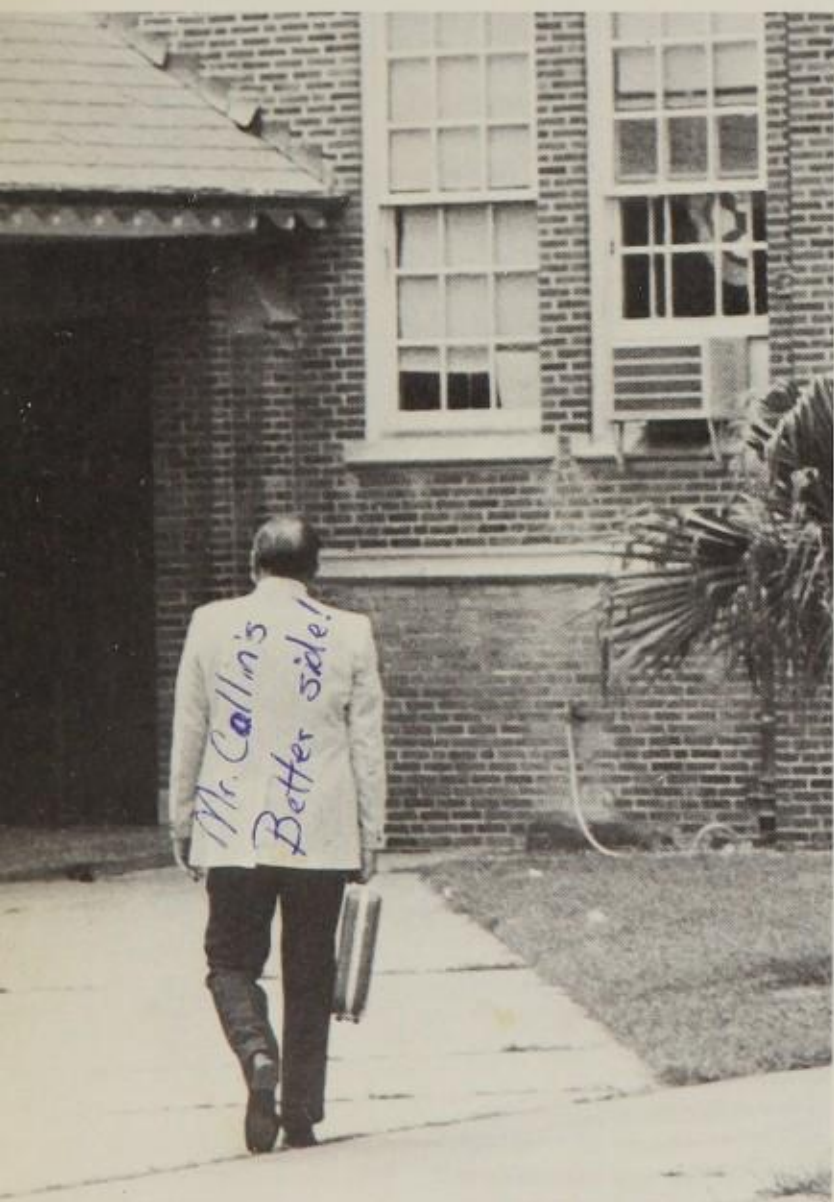

## Robert Collins Heads Big Red

Arriving early and leaving late were familiar mannerisms of Mr. Collins' busy day. He attended all student and athletic events, not including the countless administrative meetings he had to attend.

A second year passed with H.H.S. having a North and South Campus making Mr. Collins' job of "Head Terrier" twice as difficult. With over three thousand students to cope with each day, knowing Mr. Collins was practically an impossibility.

Mountains of paperwork encompassed much of Mr. Collins time, making it difficult to talk and visit with the student body.

After a hectic day's work at H.H.S. Mr. Collins left school knowing that the next day would entail many problems.

Mr. Robert Collins arrives early each morning as the heartbeat of Hillsborough High.

## The Main Office: A Nerve Center

Phones, phones, and more phones! "These keep me busier than any other activity in the office," said Mrs. Bennett. The main office, which was used to assist Mr. Collins, students, teachers, and parents, seemed to be quite hectic during the day. Communication was an important factor through out the year.

To start off the day, Mrs. Bennett had to call the south campus to synchronize clocks. Then there were the phones which were connected to Mr. Collins office, other phones which connect to assistant principals office, and the switch board which was used for in calls from students and parents.

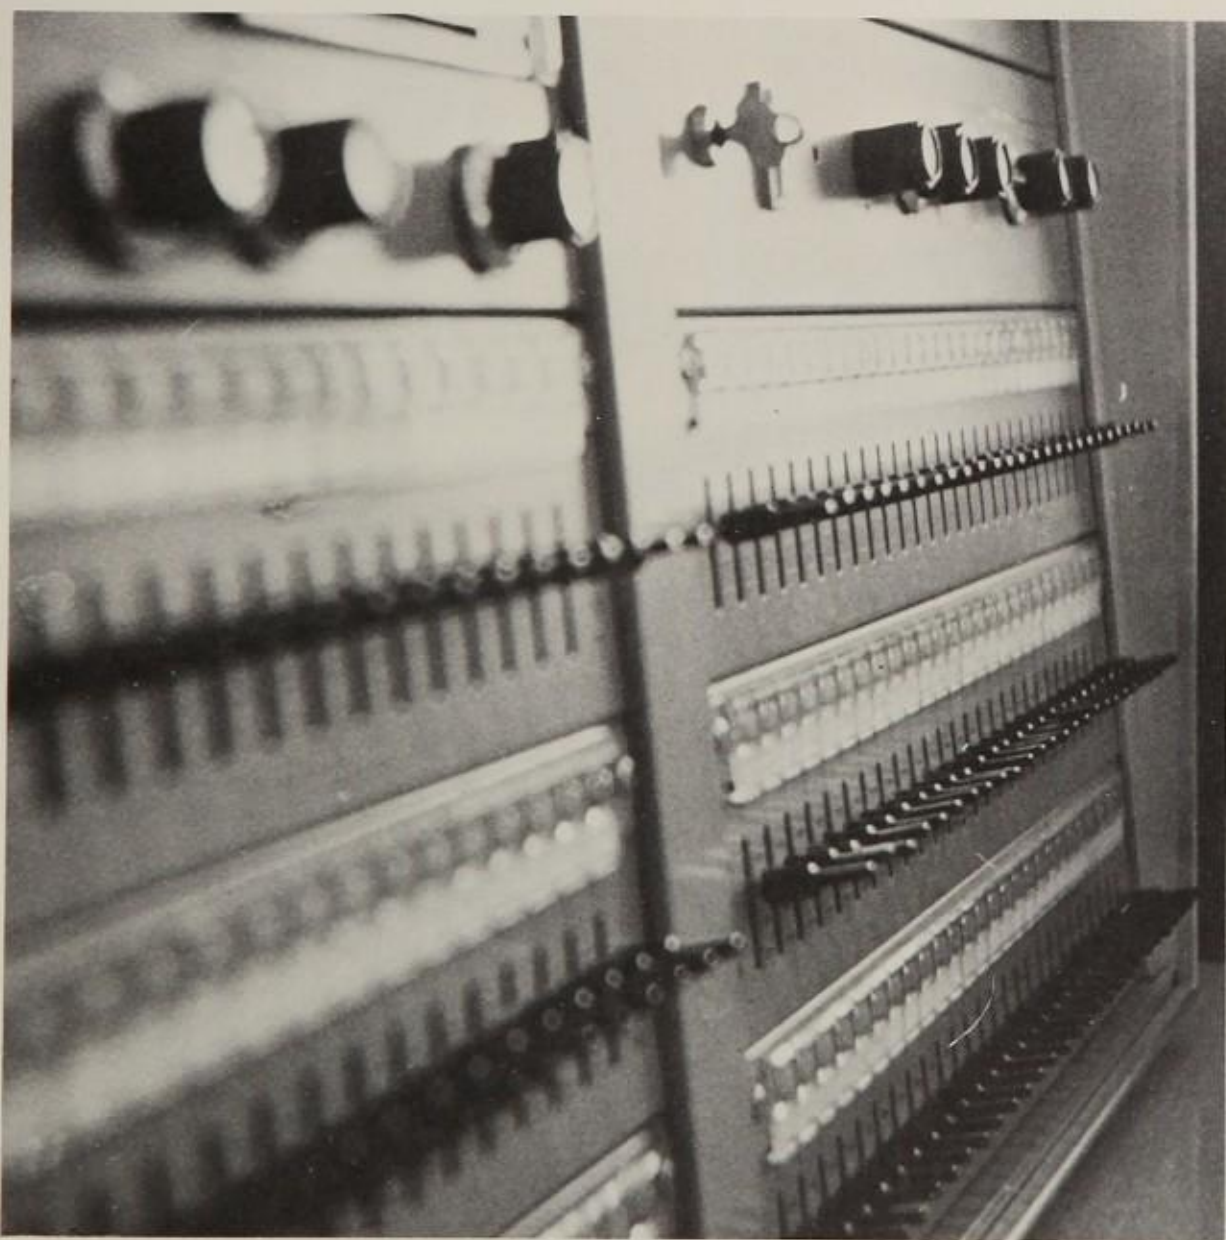

Although the ringing of the phone became a problem, it was necessary to run the school.

In addition to Mrs. Bennett, Mrs. Mary Perrone lent a helping hand in the office to see that everything was kept in order, and assisted Mr. Wilson.

In her own little corner sat Mrs. Sara Webster. Because she was a bookkeeper for the school, she took care of all money whether it be from the bookstore, clubs, fees, or other organization.

Incoming and outgoing calls catch Mrs. Bennett carrying on two conversations at once.

"May I have your attention please," is the starting phrase for every message over the machine.

# Asst. Principals Students' Friends

Need a little help? If so, looking around the cafeteria, the parking lot, hallways, or classes you'd find Hillsborough's assistant principals.

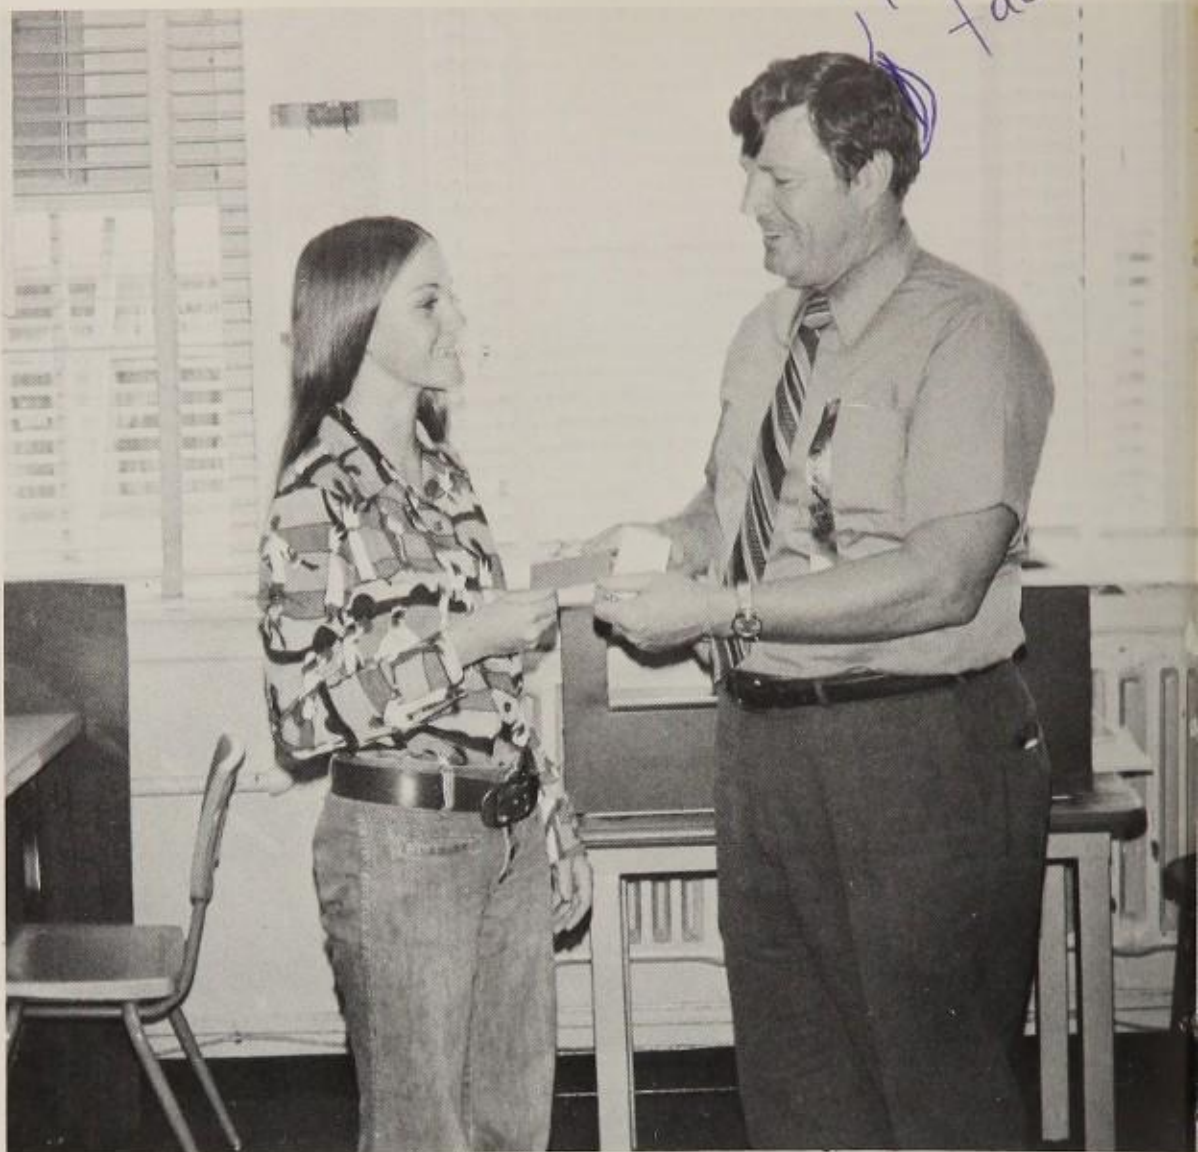

Mr. Montz, in charge of curriculum, filled his busy day checking on classes, balancing class loads, talking with parents and students, and helping the counselors.

On the other hand, there was Mr. Wilson. Once a coach at Hillsborough, he looked out for athletics and student activities to make sure all policies were met.

Once being a fighting Terrier, Mr. Griffin returned to keep watch over the south campus. His job was to make sure all was well and in tip-top shape.

This was only a brief period in the days of Hillsborough's assistant principals.

They worked hard at their jobs to make sure that students were proud to be part of Hillsborough High School.

Assistant principal, Mr. Bernie Wilson, hands senior Marylynn Ferguson a parking permit.

## A Communication Gap? Unheard of

Telephones jumping off their hooks, people coming in and out, sign-ins and sign-outs were all part of a busy day of work in the Dean's Office. Mass confusion struck many a time as students filled the office, each for various different reasons.

Student assistants worked closely with secretary, Mrs. Jane Frisco, and bookstore manager, Mrs. Alice Stuart, who assisted in the office after the bookstore closed. While running errands, answering phones, and delivering bulletins, assistants gained experience in the routines of office work.

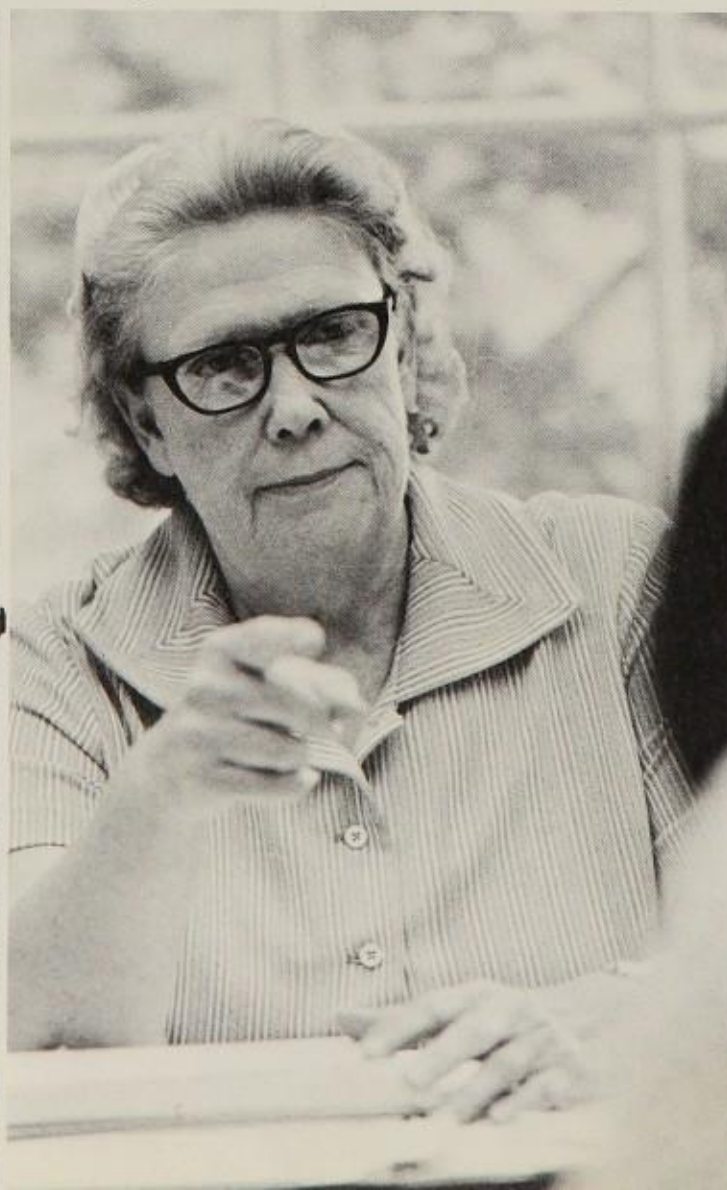

Dean Jane Dowdell and Dean Oscar Johnson continued to counsel students in order that the communication lines might be kept open. At many times of the day their offices were used to discuss problems the students had. They also found time to talk with students at lunchtime and in the halls between classes.

Dean Ealia Mims and Mr. Hal Griffin, administrative assistant, coordinated their efforts in the offices at the south campus. These administrators performed many duties in order to help the students while at school.

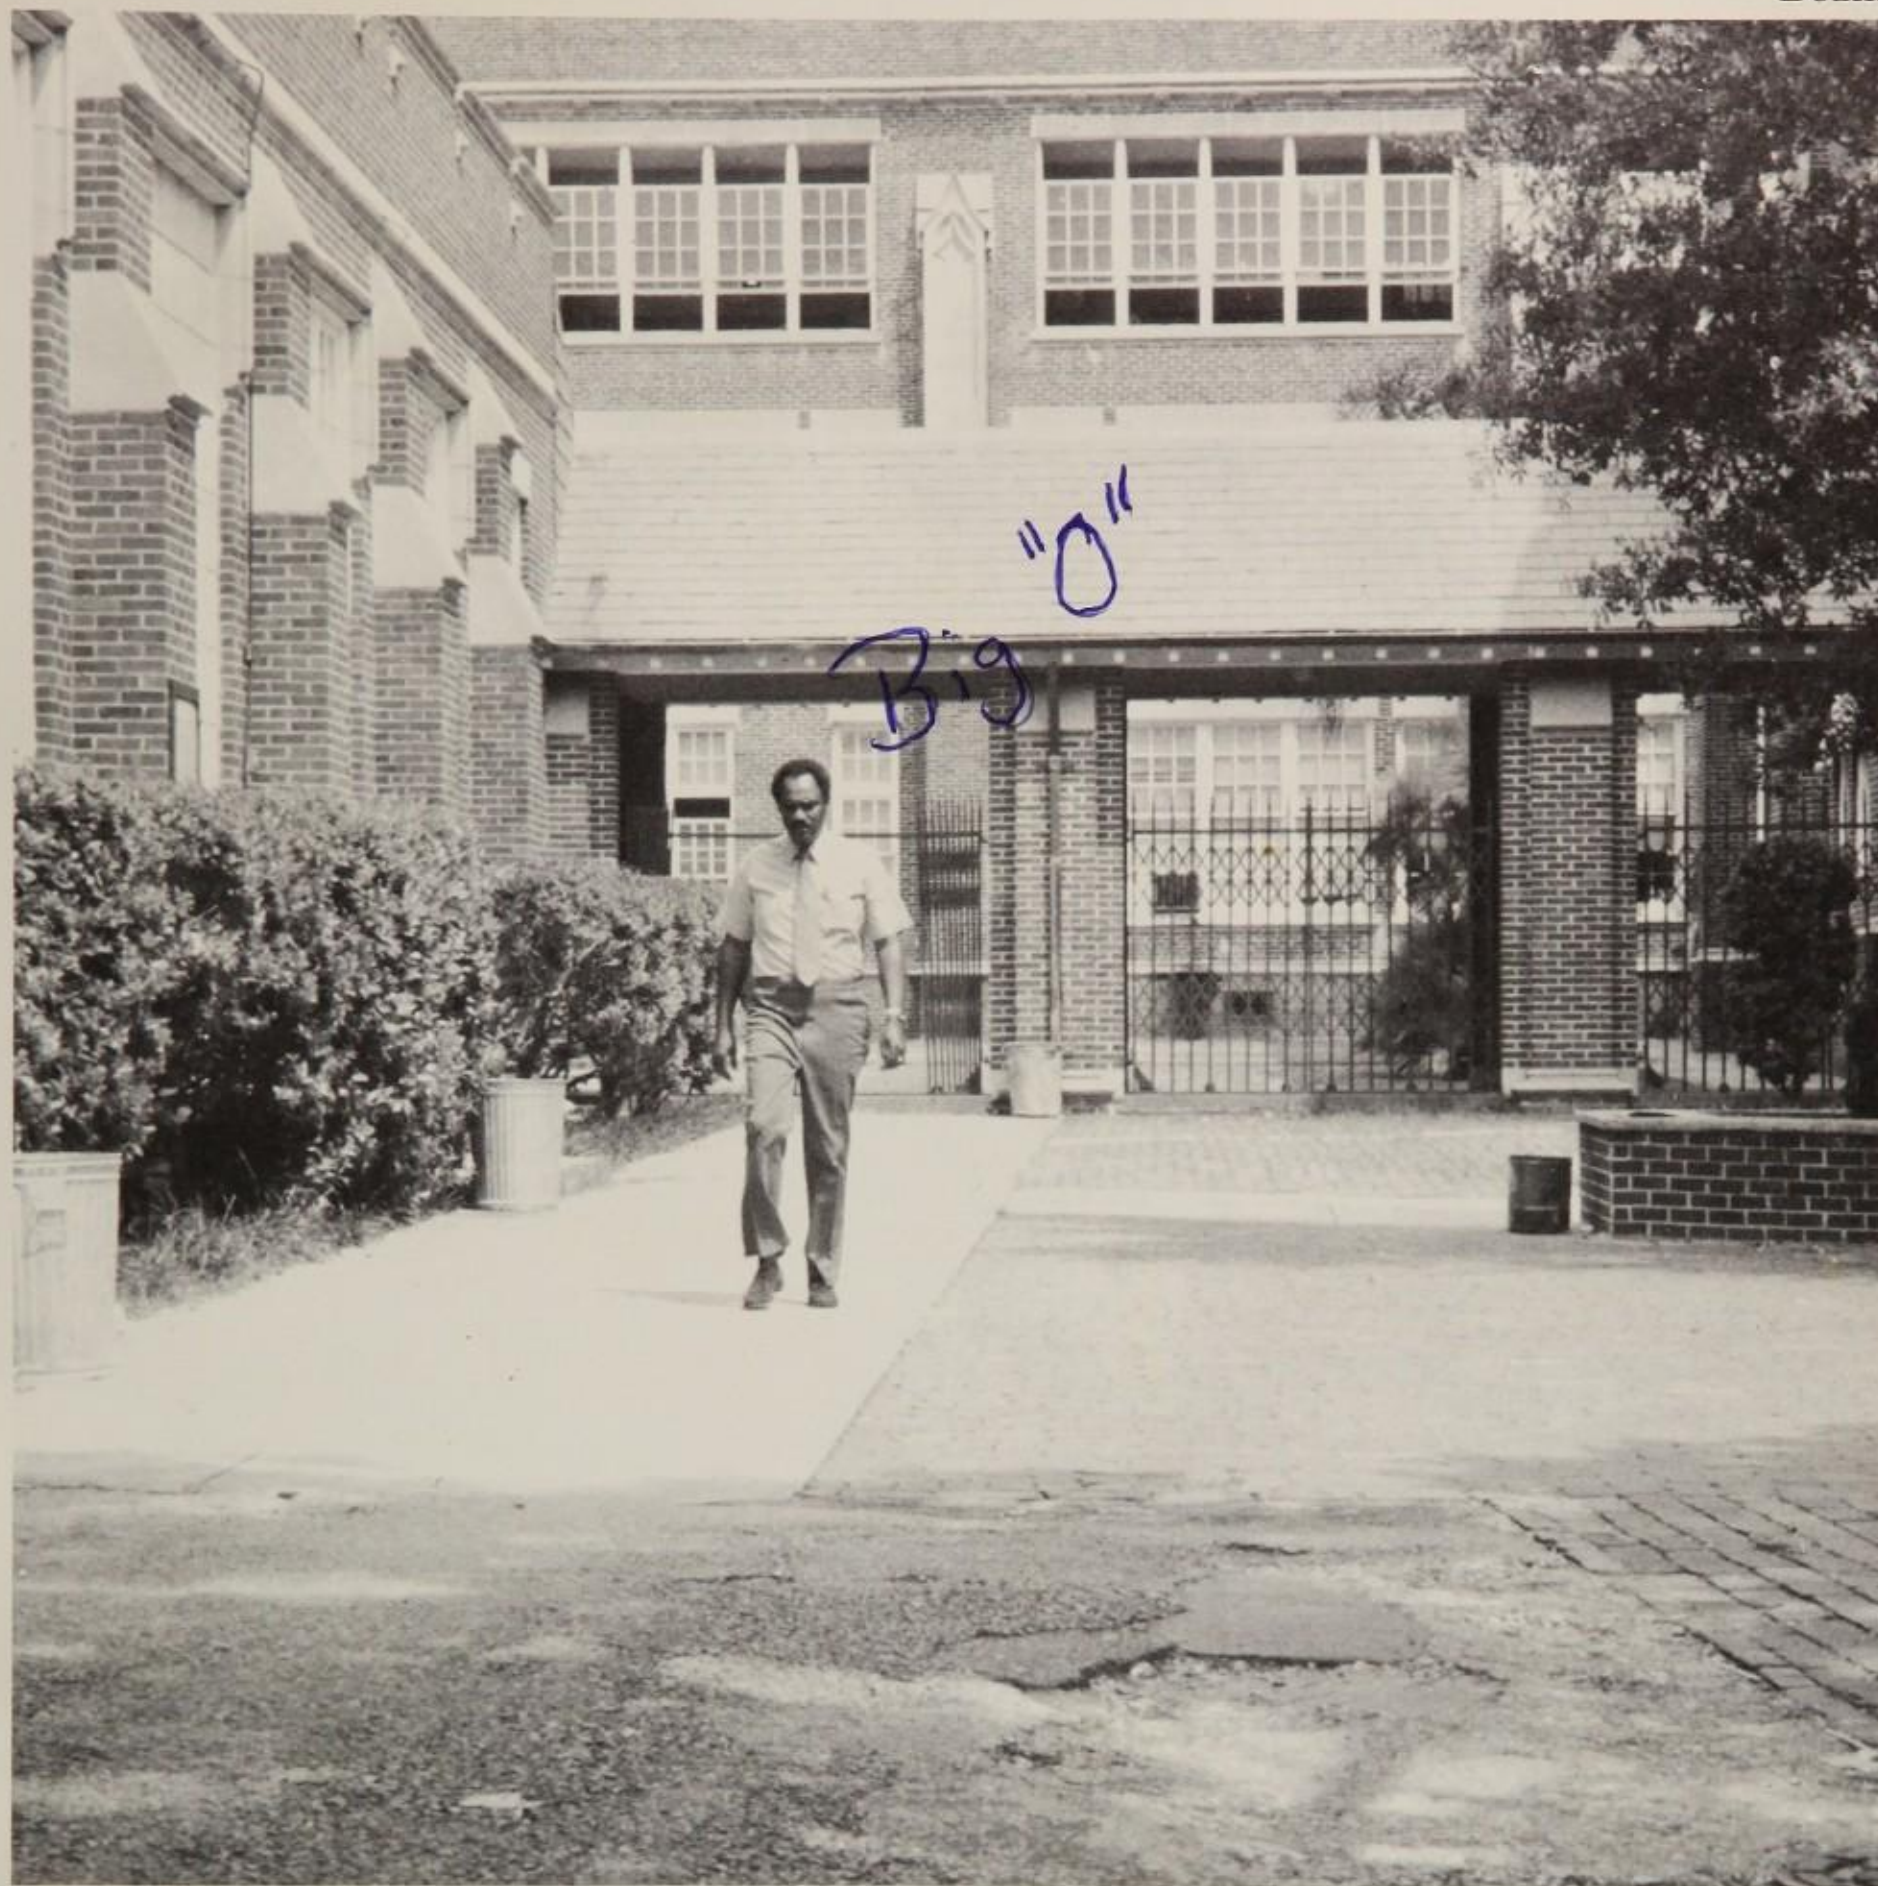

Mrs. Mims has no time for pictures as she battles her mountains of daily paper work.

Miss Dowdell, dean, shows that even though she can be stern and show authority, her work must be done and after that can be a friend.

Dean Oscar Johnson scrambles toward the senior parking lot to assume his daily duty as lunch time watchman, to insure safety of senior cars.

## Helping Students Guidance's Aim

Working with students individually was an important job of the Guidance Counselor. Not only did the counselors work to keep students happy with their schedule, but also worked for a better student-faculty relationship.

A new attraction for working students was that of vocational subjects on a trial basis. Mrs. Kolka, department head, stated, "The new curriculum has been accepted and next year a wide variety of these courses will be added."

Mrs. Helen Vicari, occupational specialist, provided information for students interested in careers of their choice. Mrs. Vicari worked out of Mr. Montz's office, until a permanent office was provided for her on the second floor.

Students enjoyed friendly and worthwhile discussions with their counselors concerning future plans and goals.

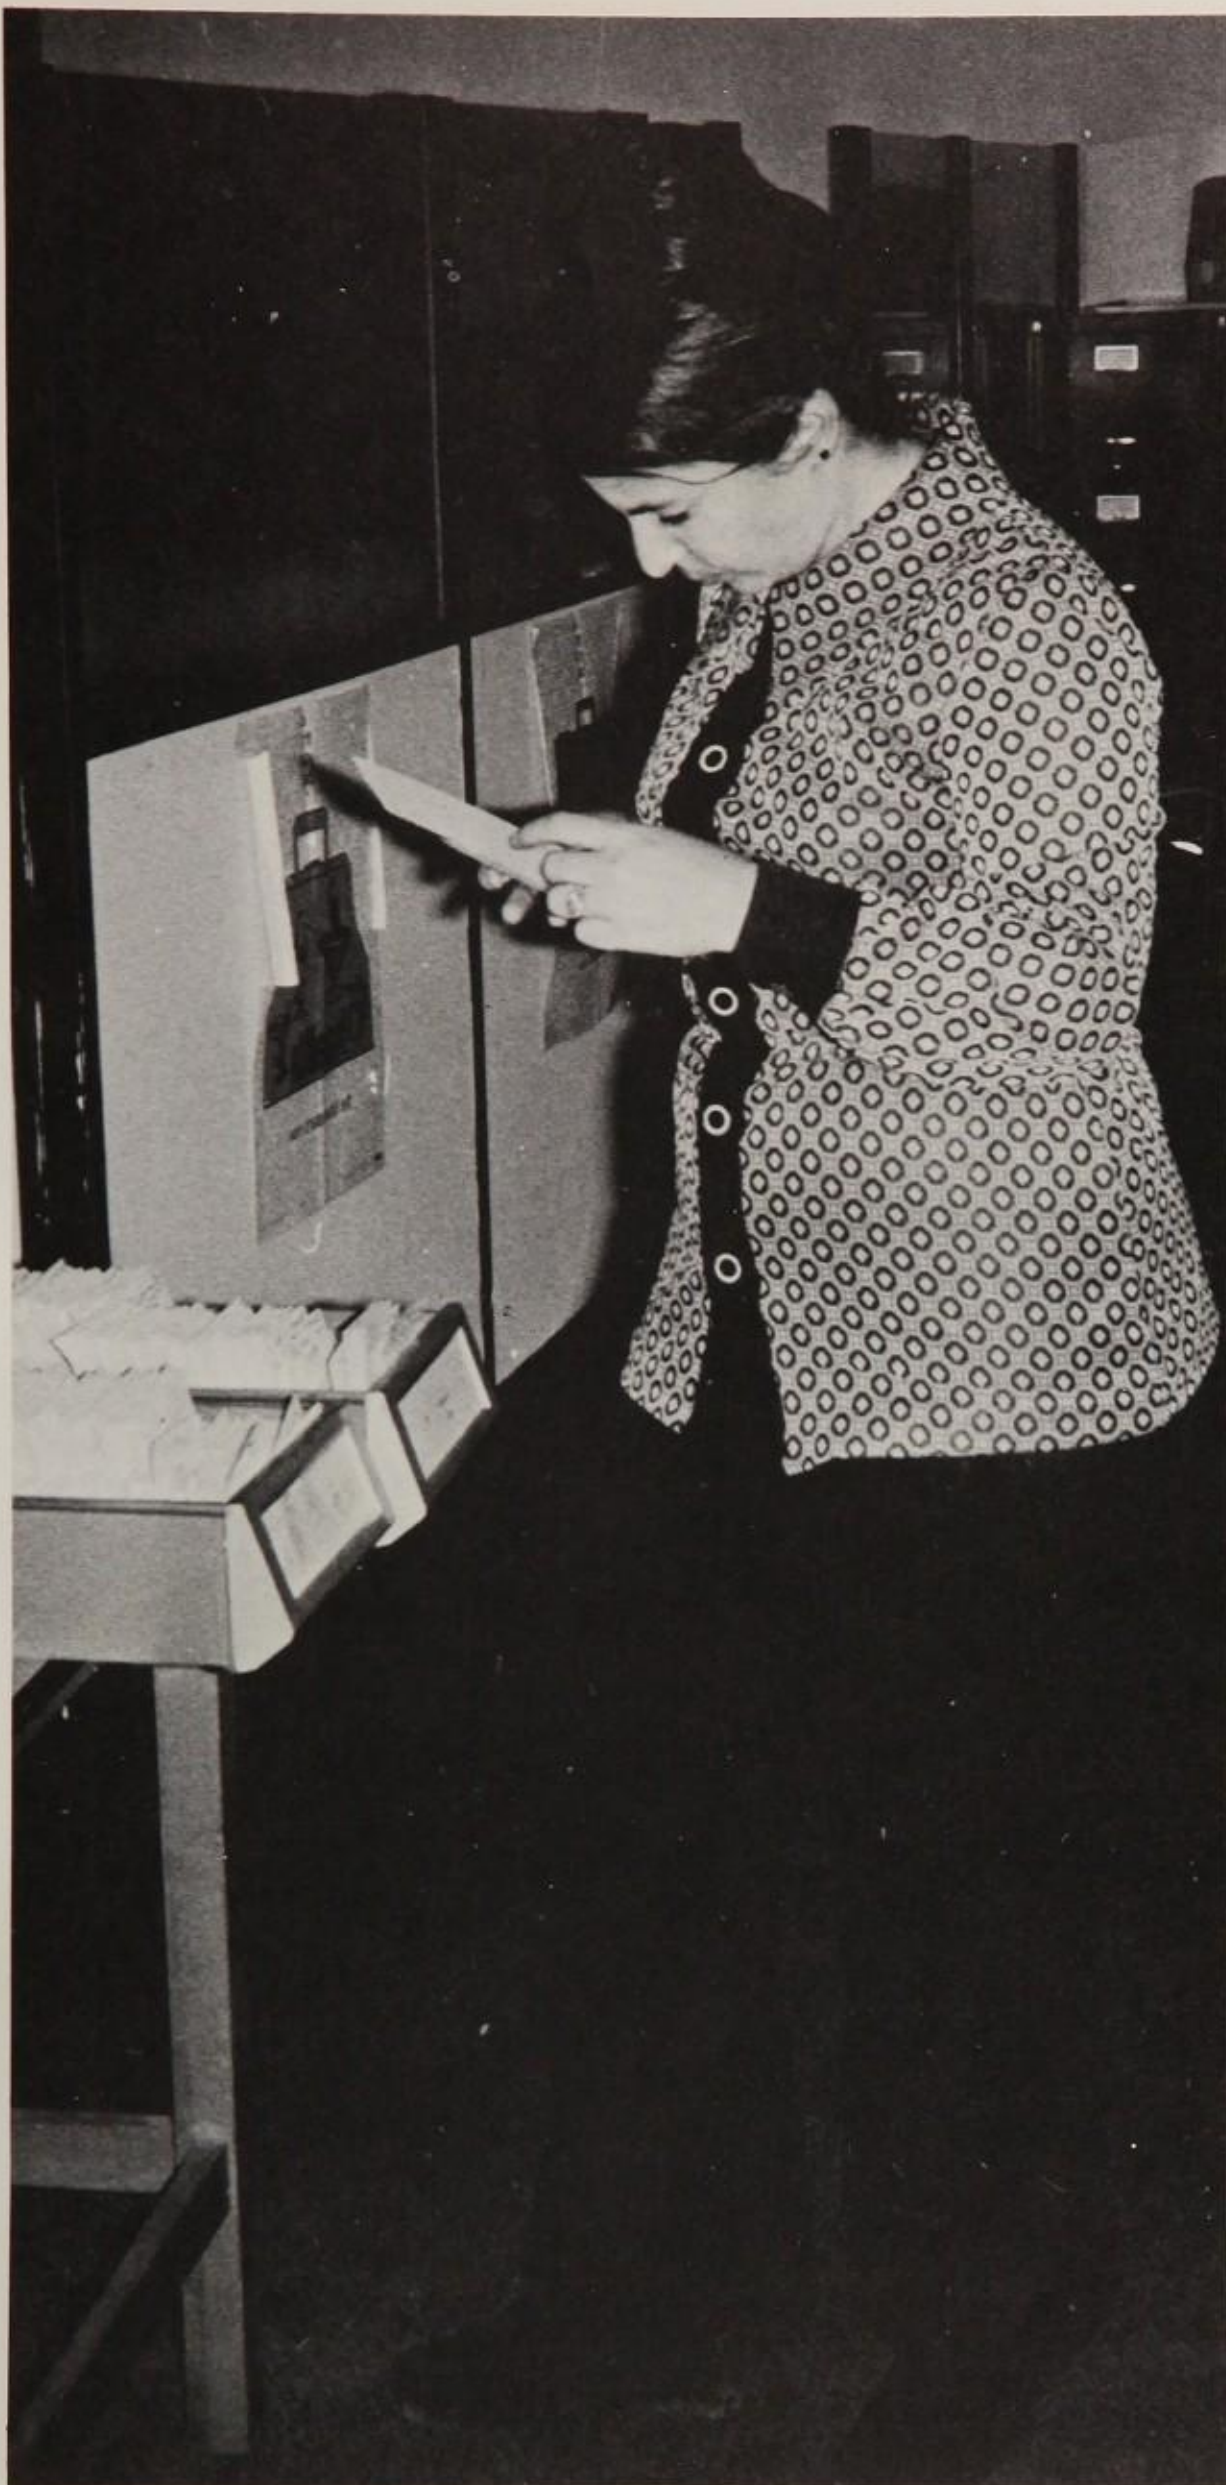

Just one contented Wayne Linwood makes the job of guidance department a success.

Guidance office assistants, Carol Hegler and Zoraida Diaz get on the job training in many office skills, such as calculating the class load sheets.

# Humanities Class Offers Adventure

For the first time, Mr. Max Weill taught Humanities at Hillsborough. "I enjoyed teaching Humanities because the students chose to take the course themselves. They took it because they had a special interest in it," said Mr. Weill. Humanities is the study of the cultures of man. The students who took the course made an original film that they entered in the University of South Florida Film Festival. Mrs. Sherry Carpenter also taught humanities.

Speech and drama were other creative classes that the students chose as electives. In speech and drama they learned the art of giving speeches as well as putting on various skits. The courses were taught by Mrs. Charlotte Odom.

Students interested in prose or poetry took creative writing or joined the *Helm* Staff. *The Helm* is the school literary magazine under the direction of Mrs. Luis.

The new English teachers this year were Mrs. Duran, Mrs. Teegardin, Mr. Hill, and Mr. Ken Allen. Mr. Allen was an English teacher and also the sponsor of the school yearbook, the *Hilsborean*.

Mrs. Teegardin finds her first year of teaching English filled with books and hard work.

# Math Is Taught In South Campus

Hillsborough being one of the larger schools in this area, had to find more rooms and make more changes to be able to fulfill its responsibility to students. "Moving was the worst problem," stated Miss Weldon.

Lack of communication was one of the worst problems in being separated from the North Campus. It was hard to deliver all information from one building to another also, there seemed to be quite a few tardies. Although the time between classes had been extended to eight minutes, it seemed like a short time walking across campus. However, everything wasn't all bad, the south campus Math Department was able to be together, it was not quite as crowded, and with everyone trying to get to class on time, there was less time for confusion.

After the year was well under way, everything settled down, and the big problem was thinking about moving back next year!

# Physics Popular With Students

Science can be fun or at least that's the way department head Mrs. Marina Reby felt. With all the science courses back in the North Campus, but spread out over three floors, coordinating class instruction became an easier task. A problem which plagued both teachers and students was the shortage of adequate textbooks. Many resorted to note-taking for updated information.

Project Physics, a newly added course, was taught by Mr. Alan Zale. The project was still in experimental stages and was not offered at any other Hillsborough County School. Since geometry was a prerequisite, both seniors and juniors were eligible to take it. Senior Mario Castello was very excited over the new course saying "It was the most challenging course I have taken in a long while." After listening to his comment, fellow students expressed similar feelings. Other popular new courses were Ecology and Marine Biology.

# Social Studies Offers Electives

Books here, books there, books everywhere! That's how it seemed to be around the history department. Hillsborough was one of the schools to receive new text books this year. New American History books were provided for each student taking the course.

Mrs. Massey, head of the department, worked with the other history teachers in trying to set up new electives in the study of History. This year, Latin American History was offered as a new course. The school also introduced new courses in the study of minority groups. The school offered its first year of advanced courses in American History. The course went very smoothly and will probably be continued. There were sixteen teachers working with the students, under Mrs. Massey.

Two of the sixteen teachers were new to the staff of Hillsborough; they were Mrs. Hilton and Mr. Somerville.

## Business Courses Prepare Students

The students at Hillsborough High were a fortunate group. The school offered both vocational and business courses preparing students for either college or the business world.

Mr. Valenti, teacher of business law and business math, said that all students can take business courses. Mr. Valenti had been teaching at Hillsborough for five years.

In business law the student was taught his legal rights involving contracts, wills, deeds of ownership, etc. This course prepared future lawyers for college and for a place in our society. Business math taught the student the meaning of a budget and tried to show them how important money management would be in the near future. Many students went on to college; others to jobs. Wherever they went, they went prepared.

# VOE Students Master Skills

V.O.E. was . originated in order to help prepare the students who expected to enter the business arena, regardless of the job they expected to fill. The need for a comprehensive, practical course in business

communications was tremendous. The success or failure of a business often depended on the effectiveness of its communications. The V.O.E. program prepared the student in this field of work.

The main objective was to develop the student's ability to communicate effectively in business. This included the ability to write business letters, to speak convincingly, and to listen attentively.

Comprehension and the mastery of setting up written communications of all types in such a way that they could easily be read and understood was of vital importance. Understanding the problems of fellow workers in a business situation was equally important as learning the actual skills. Also stressed was the variety in business-word usage and the ability to recognize and abide by the rules of business and social etiquette.

## Law Enforcement Added as Course

Hillsborough added on to a section in its curriculum. It was under the title of Industrial Arts. The class offered nine different courses which consisted of Law Enforcement, Welding, and Electronics, all of which were taught in three-hour blocks each day. Basic Automotives, Custodial and Maintenance Service, Drafting, Woods, Metals, and Mechanics were classes mainly to expose the student to that line of work.

The new courses added were Law Enforcement, Basic Automotives, and Custodial and Maintenance Service. There was an overwhelming response to Law Enforcement compared to the other courses offered.

To make room for the students the South Campus Physical Education rooms were converted into classrooms and new equipment was added.

Under the supervision of Mr. Blankenbecler, the department expanded from 3 to 8 teachers. "It is the fastest growing department in schools," added Mr. B. H. Blankenbecler.

## Drivers' Ed Cuts Insurance Rates

Screeching brakes and jerky stops were familiar sounds and sights as students learned that the correct way to drive during the driver's education course. The driving range provided an area in which students could practice their driving skills. Such skills as three point turn, emergency stops and parallel parking were taught. Each day a few students, with an instructor, drove on the streets and highways in Tampa.

The drivers' education classes were held totally at the south campus this year. Mr. Harry Morris, department head, found working in a larger, air-conditioned room more enjoyable as well as a better environment conducive to study. Coach Vining and Col. Allyn, who was new in the department this year, also enjoyed working with the students as they learned how to drive. As students completed the course, insurance rates were lowered by most companies.

## Home Economics Adds Child Care

Students were attracted this year to the Home Economics Department as new fields of study were opened. Mrs. Mary Palumbo took charge of the Child Care Program at the annex. Children from the ages of three to five were brought in as the three day nursery started.

Miss Lois Bray, department head, worked closely with her staff of seven teachers. Mrs. Palumbo along with Mrs. Jennings were new to Hillsborough. Mrs. Jennings taught Modern Family Life and Family Economics. Both boys and girls entered these courses in hopes that they could learn something about managing a budget and household.

The traditional Food and Nutrition and Clothing and Textiles courses were still offered. In these courses students learned the basics of cooking and sewing.

## Daily P.E. Classes Promote Fitness

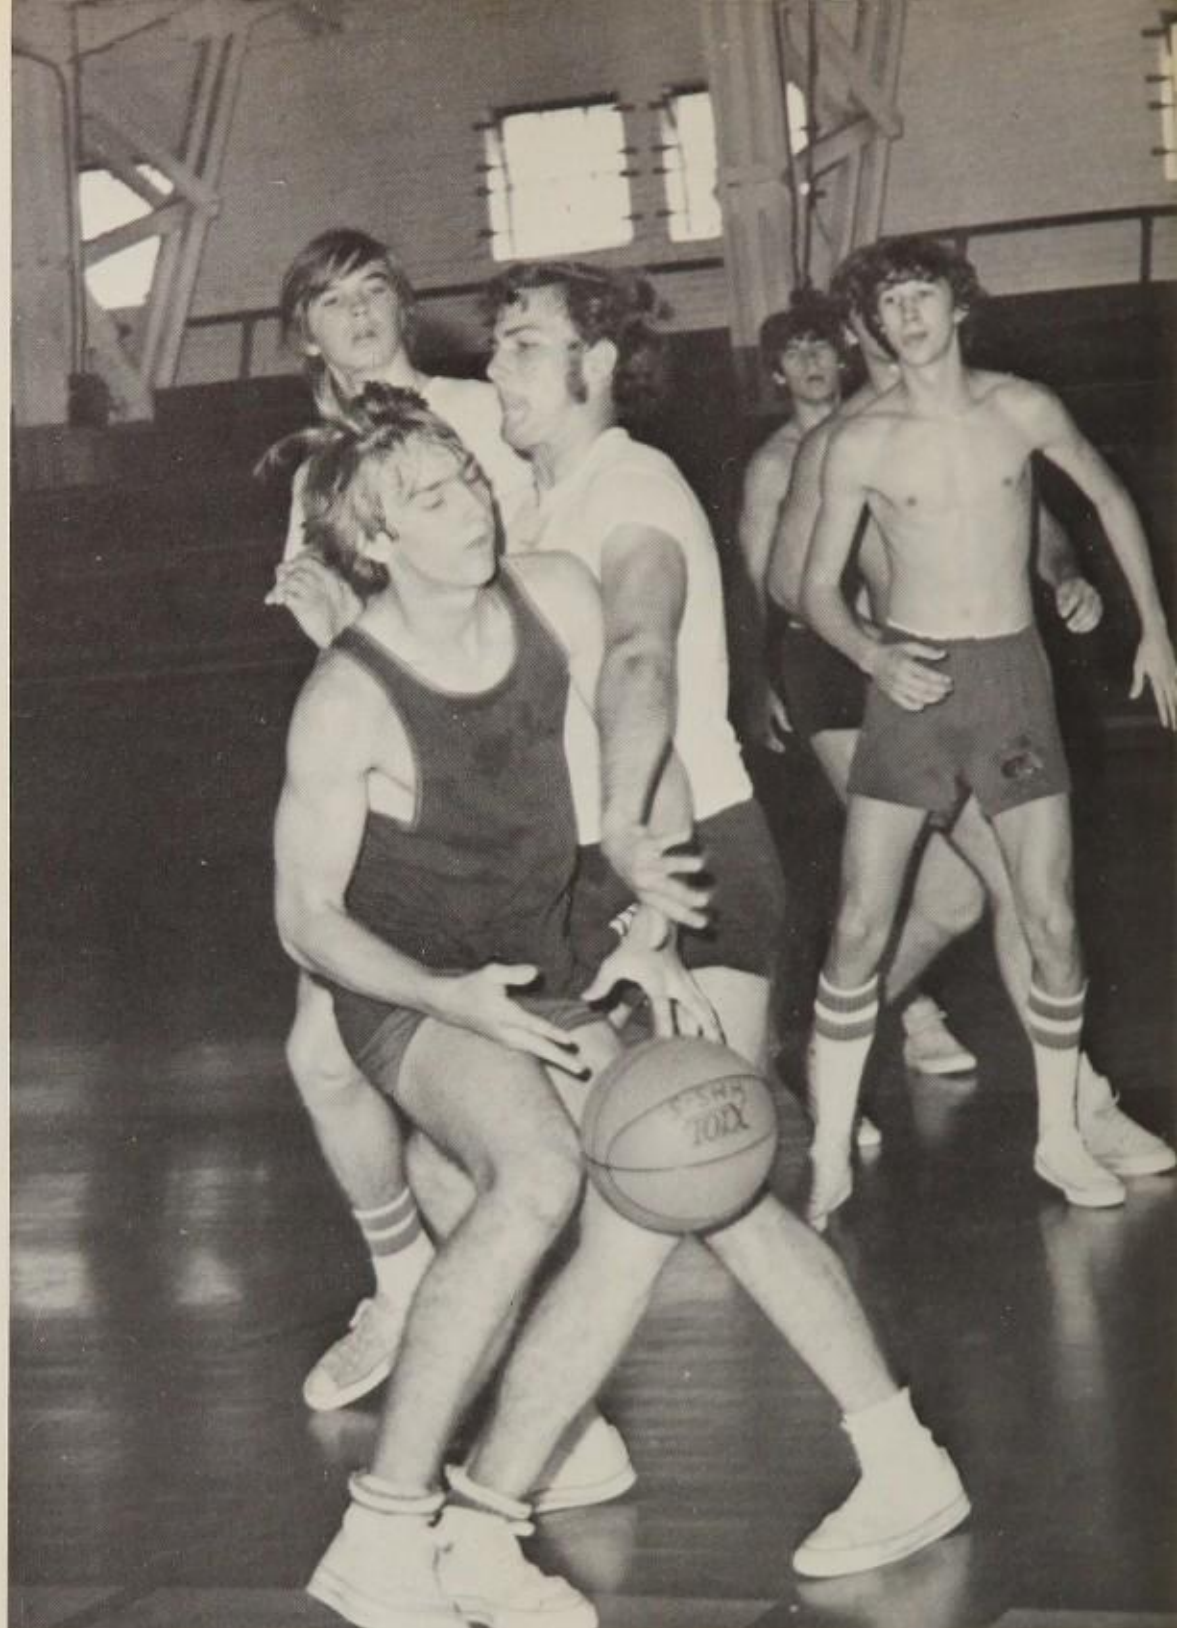

One! Two! Three! Four! This was the sound familiar to physical education students as they participated in the daily series of calisthenics. From jumping jacks to running track, the boys and girls tried to keep physically fit and trim.

At the beginning of this school year, the girls enjoyed the swimming pool across from the annex. The only complaint of the girls was that there wasn't enough class time and the problem of wet hair came into the picture.

Mrs. Vivian Williams, head of girls' physical education, was aided this year by three other teachers. Miss Patrick and Miss Nowlin were two newcomers to the Hillsborough girls' Phys. Ed. Dept., while Miss Manuel put in another year of hard work here.

Co-educational activities continued as the girls and boys participated in many sports. Lifetime sports like tennis, golf and skiing as well as volleyball attracted male and female participants.

Coach Al Barnes, along with five other coaches, led the boys' physical education department. Many extra-curricular activities were backed by both departments.

## Library Moves to the North Campus

With Hillsborough High growing, the library seemed to keep right in step. With plans for a new library to be built at the North end of the building and new books arriving all of the time, the library was able to assist students and teachers as well.

Another addition to the library was Mrs. Martinez. Receiving her Masters' at South Florida, she also taught seven years at Tampa Bay Blvd. Elementary and then took up as librarian. Mrs. Martinez, always wanting to be at a secondary school, was able to fulfill her wishes by coming to Hillsborough.

Back for her second year after taking a leave of absence, Mrs. White assisted students. Mrs. White was the librarian at the South Campus last year and returned to the North Campus library.

## Work Experience Program Expands

The Upward Bound Program continued this year with great success. Mr. Eddie Ware sponsored the high school students from low income families that have showed college potential. The students attended U.S.F. this summer for an 8-week, three hour a day study of major subjects. Each Saturday they also attended the college.

When seniors in the program graduate, they usually plan to attend college. Upward Bound had a scholarship aid program which helped these students with financial aid.

The Work Experience Program, another program for the purpose of helping students, was sponsored by Mr. Phil Holz. This program was for sophomore students who wished to work during the day as well as go to school. At 12:00, the students left school and went to work for the rest of the day for which they were paid. Students in this program usually continued in the DCT program during their junior and senior years.

## Bookstore Comes to the Rescue

The bookstore once again came to the rescue as students found the need for certain supplies immediately. The bookstore, having a variety of items, was open before school and during both lunches. Anything from scholastic equipment to medicinal aids was purchased.

Mrs. Alice Stuart managed the bookstore along with her four assistants. Together they strived to keep the bookstore running efficiently and smoothly. Mrs. Gordon Sauls, along with others from the P.T.A., also assisted during the busier days.

The bookroom continued its efficiency as Mr. Nick Capitano and his assistants battled their way through piles of books. Serving the purpose again it provided a haven for lost books.

## Tastebuds Drool, Stomachs Growl

Growling stomachs and drooling taste buds were once again well accommodated at the cafeteria. Serving an even greater number of students than ever before the lunchroom strived for variety in their menu. Only the north campus lunchroom was operated for student service. This caused long lines and shorter eating time for students remaining on campus at lunch time each day. In alleviation to this problem the open campus policy continued which allowed students to leave for lunch.

The Federal Breakfast Program in its second year brought the lunchroom staff in early again. Mrs. Mary Way, manager, along with her staff of fifteen, prepared breakfast for many students. This provided a good sound nutritional start each school day.

The faculty cafeteria took over a new appearance after re-decoration was completed. Mrs. Pullara, an art teacher here at Hillsborough, took charge of this project which became a great success with the faculty.

Lunchroom ladies work hard every day preparing food to feed all the students at school.

## Custodians Work Long Hard Hours

This year there was a new head custodian, Mr. Ike Foley. Arriving at 6:30 every day and leaving at 4:00, he was one of the last to leave the school. He opened the doors in the morning, turned on the heat when it was cold, as well as fed his pet squirrel.

Members of the staff put in a lot of long hours and hard work. Some of their many jobs were repairing lights, window shades, and sharpeners. Besides cleaning the inside of both the north and south campus, they were responsible for cleaning the grounds and the patio. When they left after their hard day, the evening workers began their shift.

The P.T.A. had a new project. Their project was to sponsor the *Red and Black* and the *Hilsborean*. Mr. Leto, president of the P.T.A., said that he would revise the budget of the P.T.A. in order to succeed in their project.

Officers of the P.T.A. were Mr. Frank Leto, president, Mr. R. Johnson, first vice-president, Mrs. Colman, second vice-president, Mrs. Wehman, third vice-president, Mrs. Johns, recording secretary, and Mrs. Sandifer, treasurer.

The Booster Club was another parent activity of the school. The men in this club did our school a great service by helping our athletic events. These men worked in the concession stand when our guys were fighting for us on the field.

## New Members Are Elected to Board

Dress Code has been one of the main topics in schools for the past few years, and still is. This is only one of the problems that the School Board faces. How lenient can one be when deciding on how students are to dress? What is the limit? The Board must decide on what is best for everyone. They must work out rules and regulations, decide which school needs financial aid and what is over all best is for students.

One of the major changes of the Board was the election of new members. Every fourth year members were selected during the General Election. The vote was county wide, which meant members could not be elected on votes from any one given area.

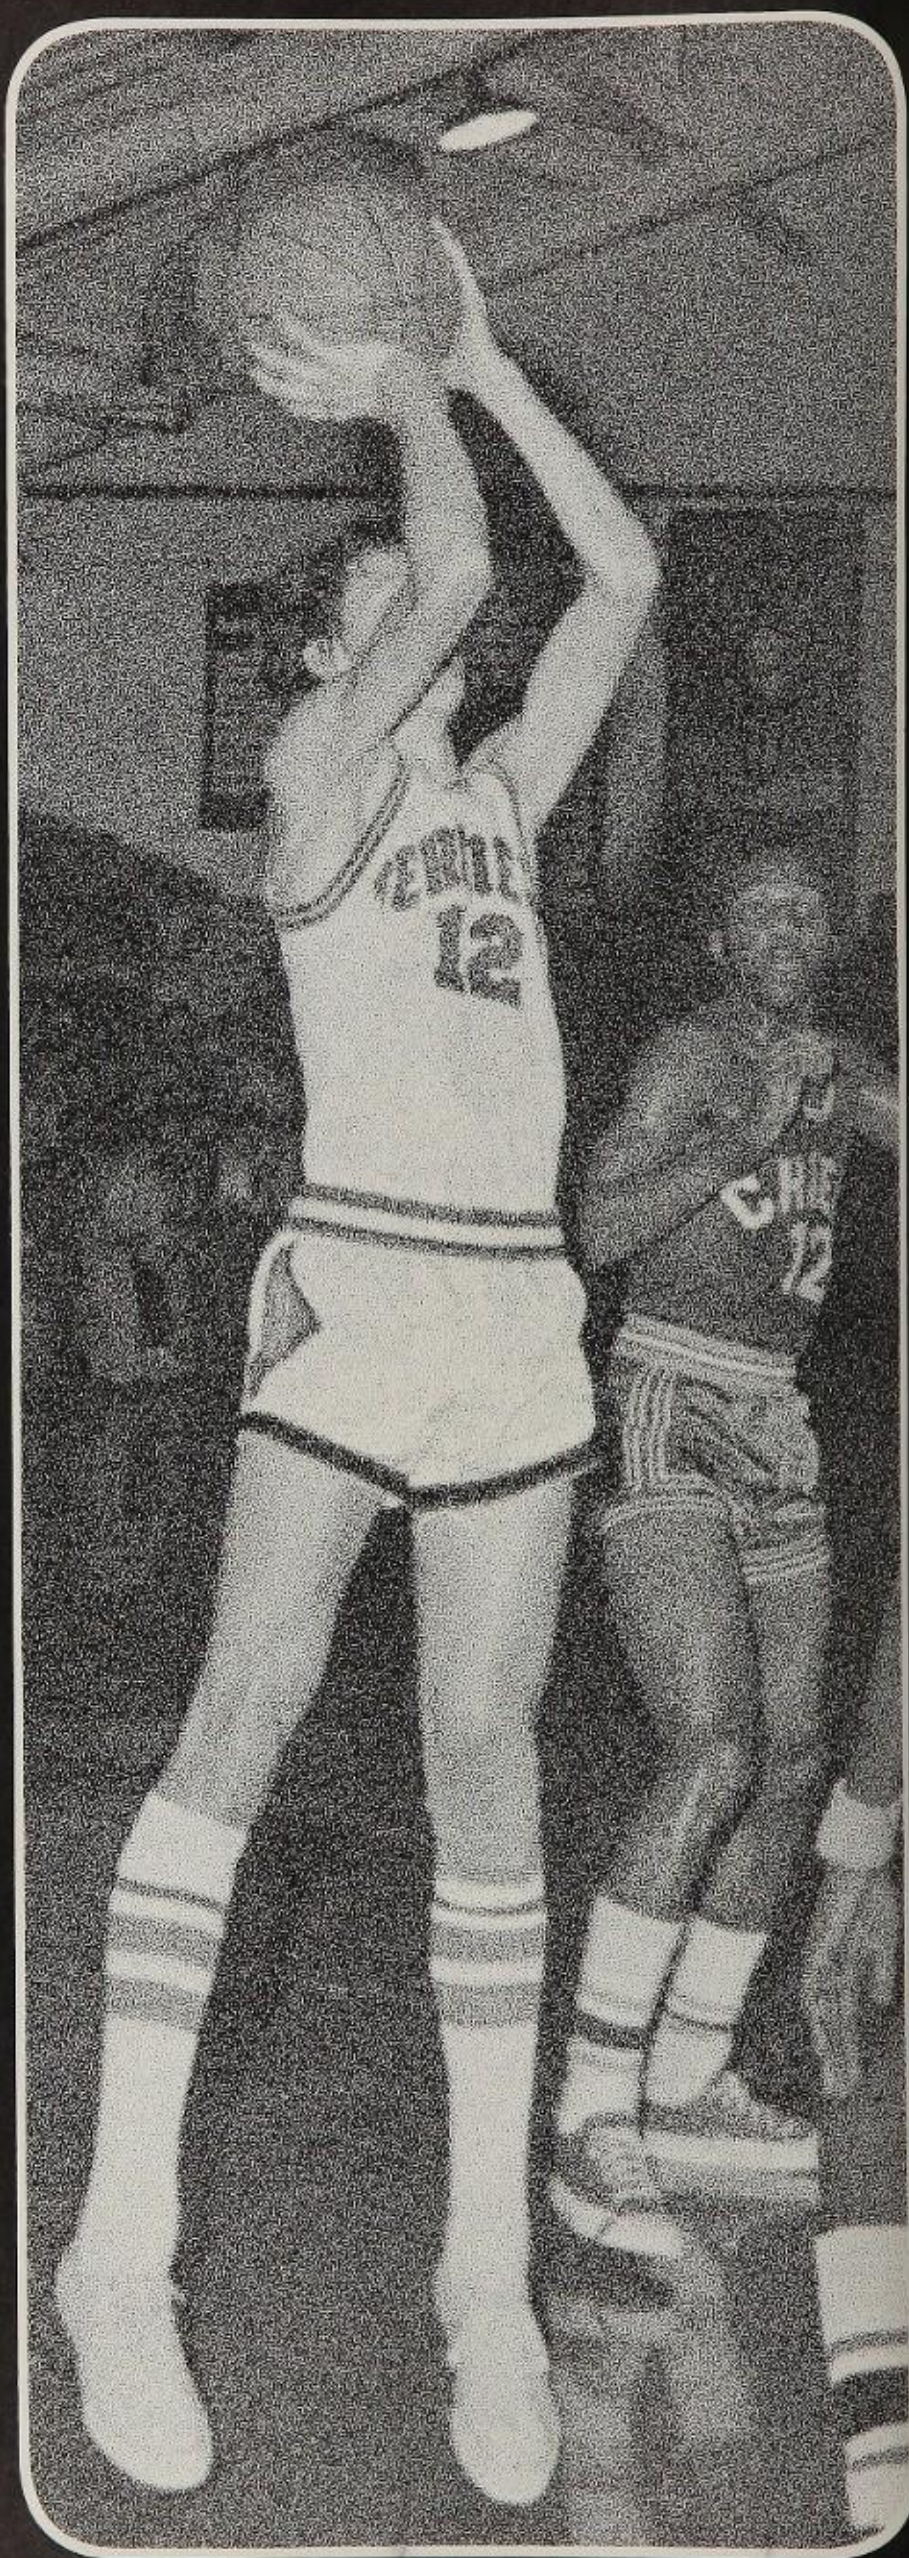

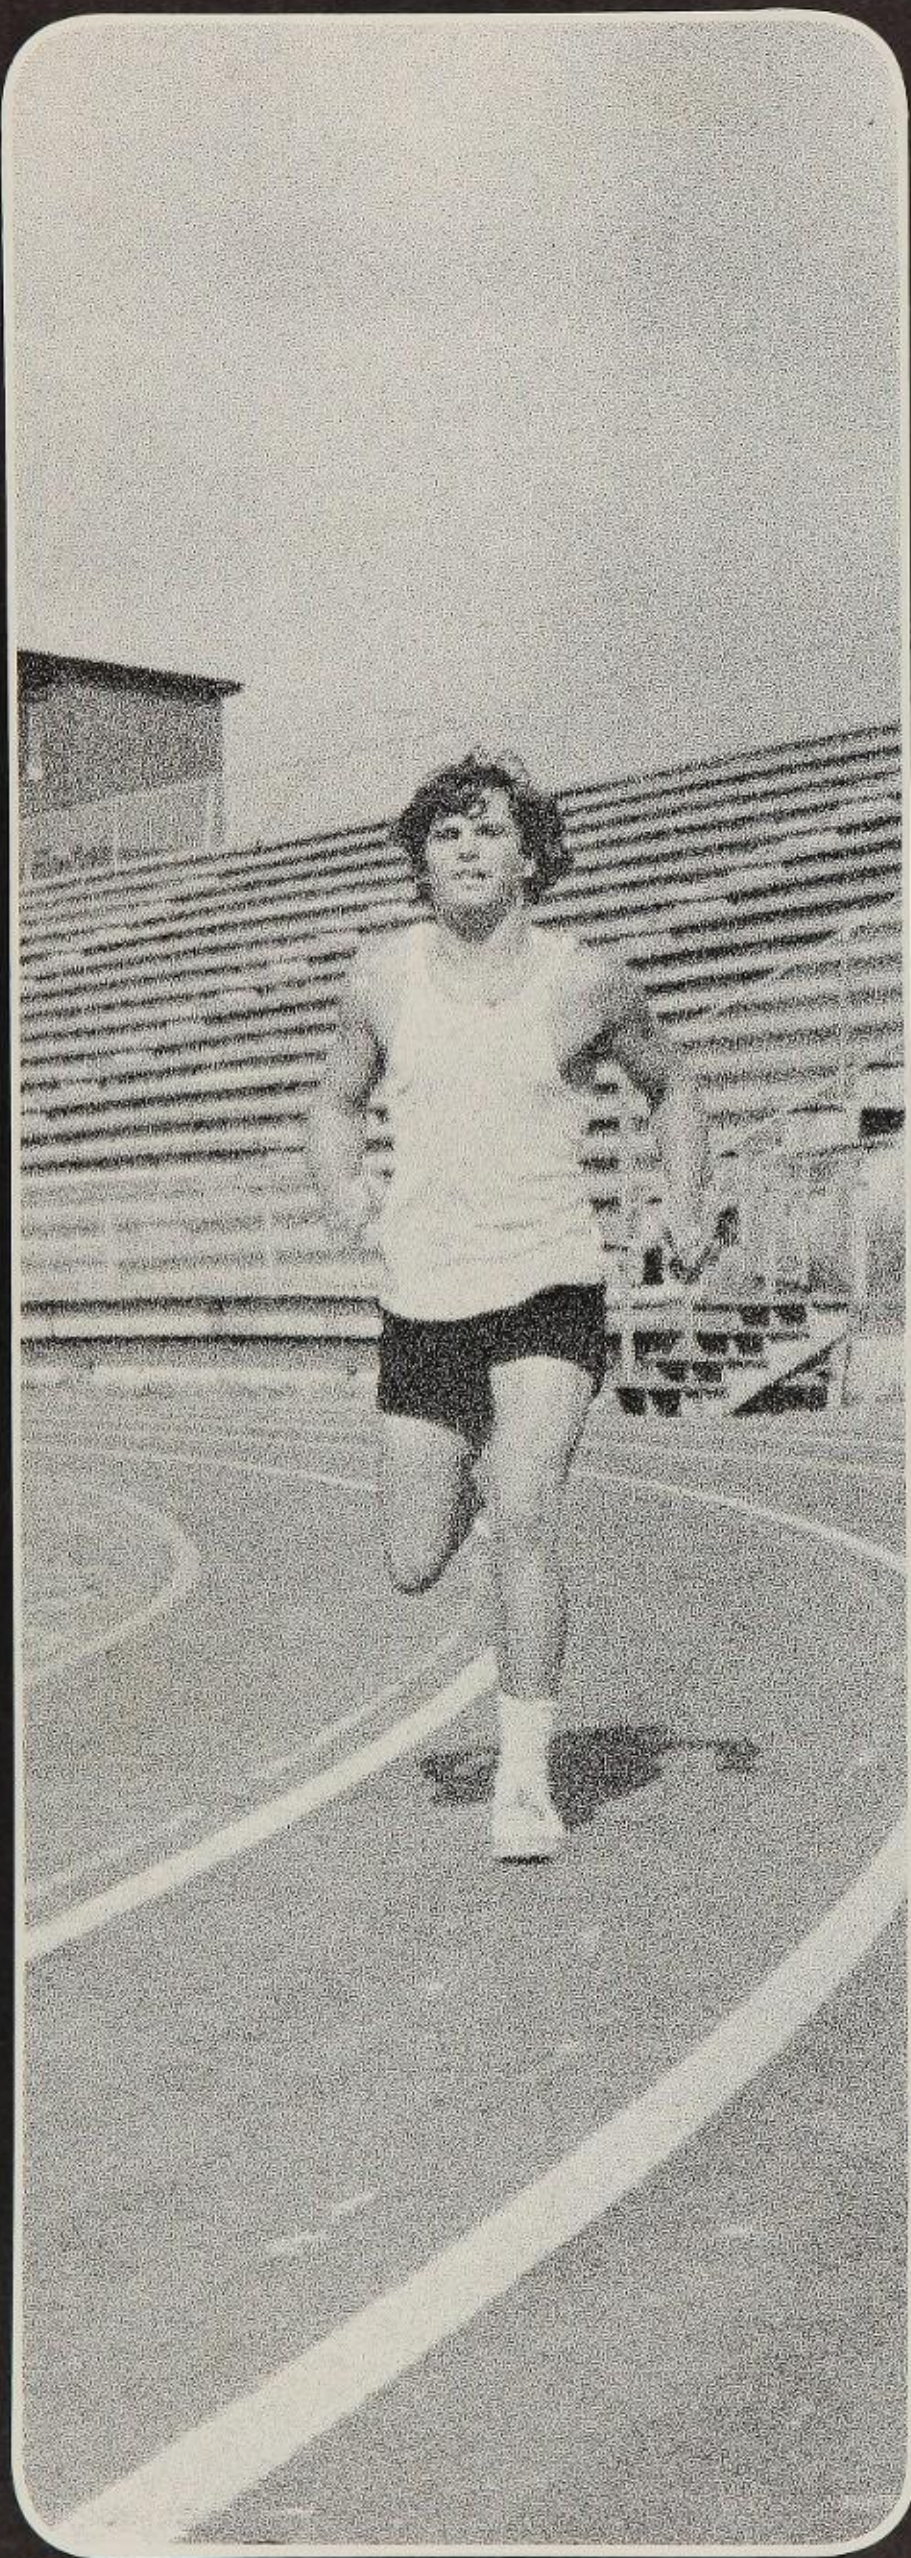

Members of the Board were: Raymond Shelton, Superintendent, Royland H. Lewis, chairman, Mrs. Cecile W. Essrig, vice-chairman, Bob Bondi, Hugo Schmidt, Ben Hill Jr., and Mrs. Patricia Frank.

The Board had official meetings every third Tuesday and extended an invitation to anyone who would like to attend.

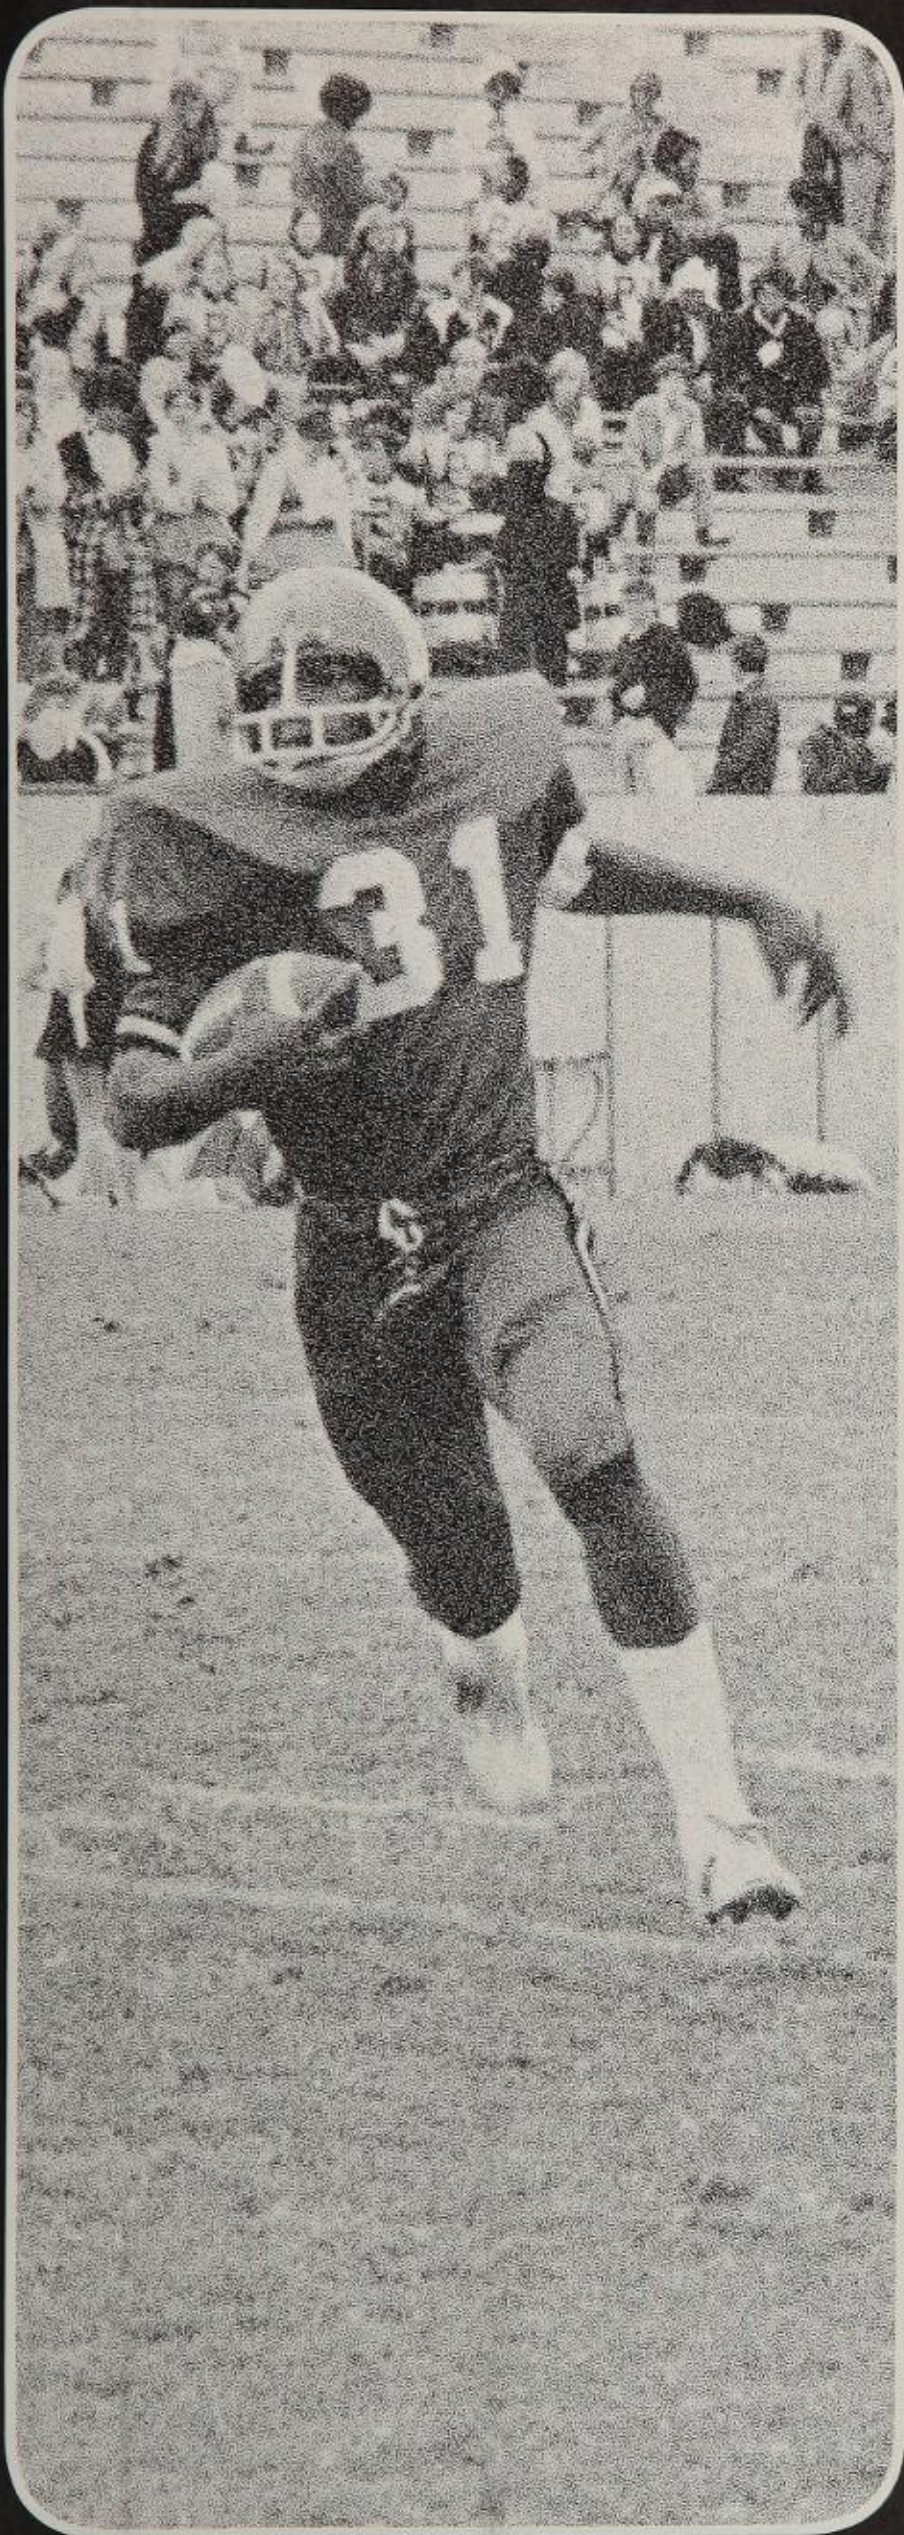

The lenient dress code approved by Dr. Raymond Sheldon and the School Board permits girls to wear jeans to school and boys to have long hair.

And pride, what have I now with thee?  
Another brow may ev'n inherit  
The venom thou hast poured on me—  
Be still my spirit!

The happiest day — the happiest hour  
Mine eyes shall see — have ever seen  
The brightest glance of pride and power  
I feel have been . . .

## Turner's Terriers Fight Hard for 5-5 Season

The 1972 Big Red football team posted a 5-5 record. The Terriers picked to finish next to last, ended up tied for fourth in the conference. The inexperienced Terriers had only two returning starters as Head Coach Billy Turner called it a rebuilding year.

Leading the offense was the signal calling of Bobby Bulluck. The Big Red offense was well-balanced by the scoring threat of receiver Ricky Rivas and runningback Ike Williams. Rounding out the Red Machine was an awesome defensive unit of strong safety Mike Heath, defensive end Blake Hutchinson, and middle linebacker Jerome Godbolt.

After commenting on the season Coach Turner remarked, "This is the best group of gentlemen I ever had the pleasure to coach. All the coaches looked forward to practice every day. I wouldn't trade this team for any team in the conference."

In a thrilling season opener, Hillsborough halfback Ike Williams struggles for extra yardage after slipping through a bewildered Leto defense.

The Big Red Machine got off on the right foot, but ended up on the wrong one. The Terriers opened the season with a surprising win over Leto, 14-7. They went on to settle with Jefferson and did so, 21-6. The Terriers then suffered their first defeat of the season 28-10, at the hands of an inspired King team, but came back to revenge Winter Haven 14-9.

Hillsborough then went into a two-game losing streak beginning with Chamberlain 20-7, and Plant City 27-15, but rallied to beat Brandon 32-22. The team then traveled to repay Sarasota with a 29-14 victory.

## J.V.'s Provide Strength for Future Years

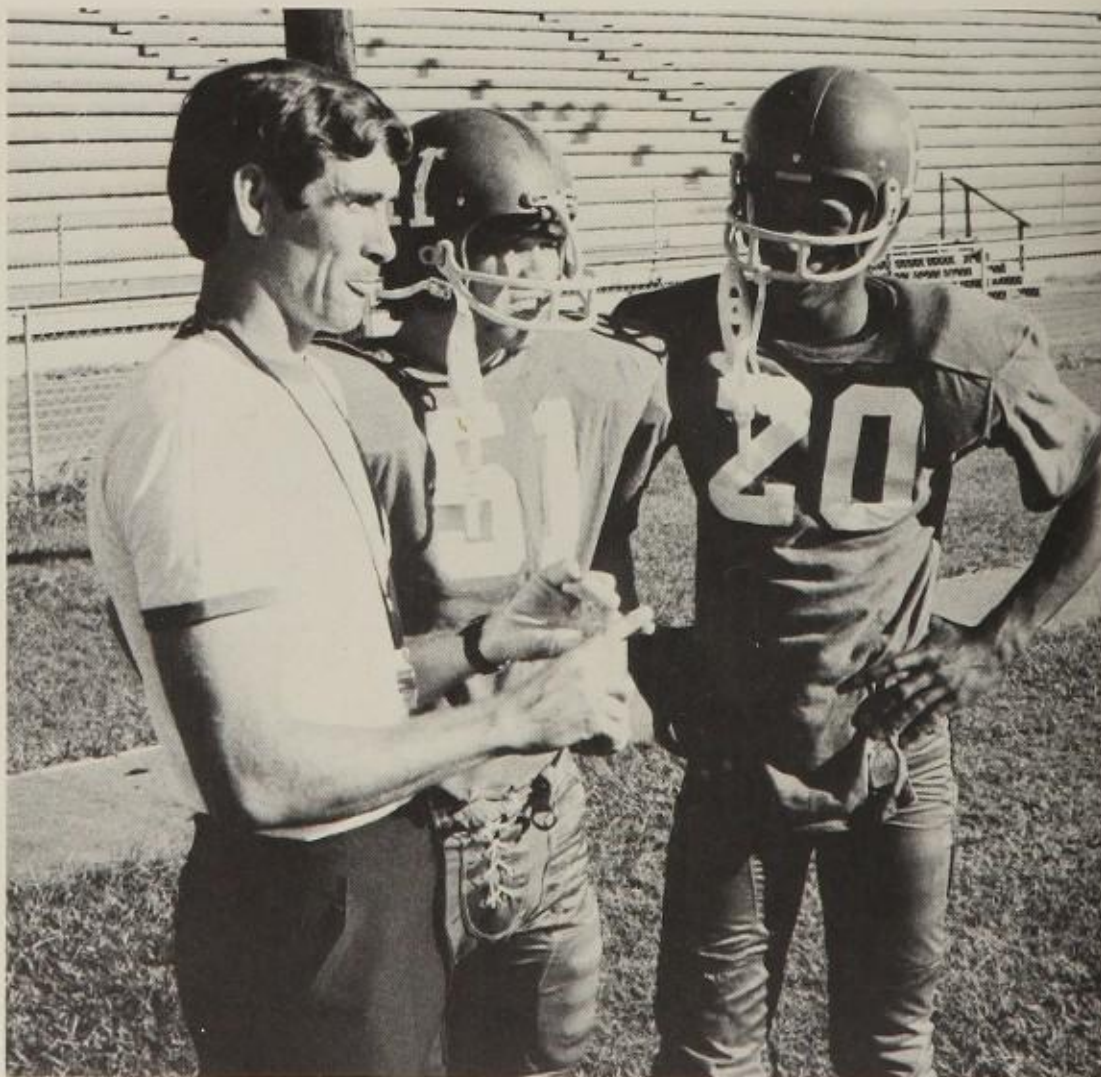

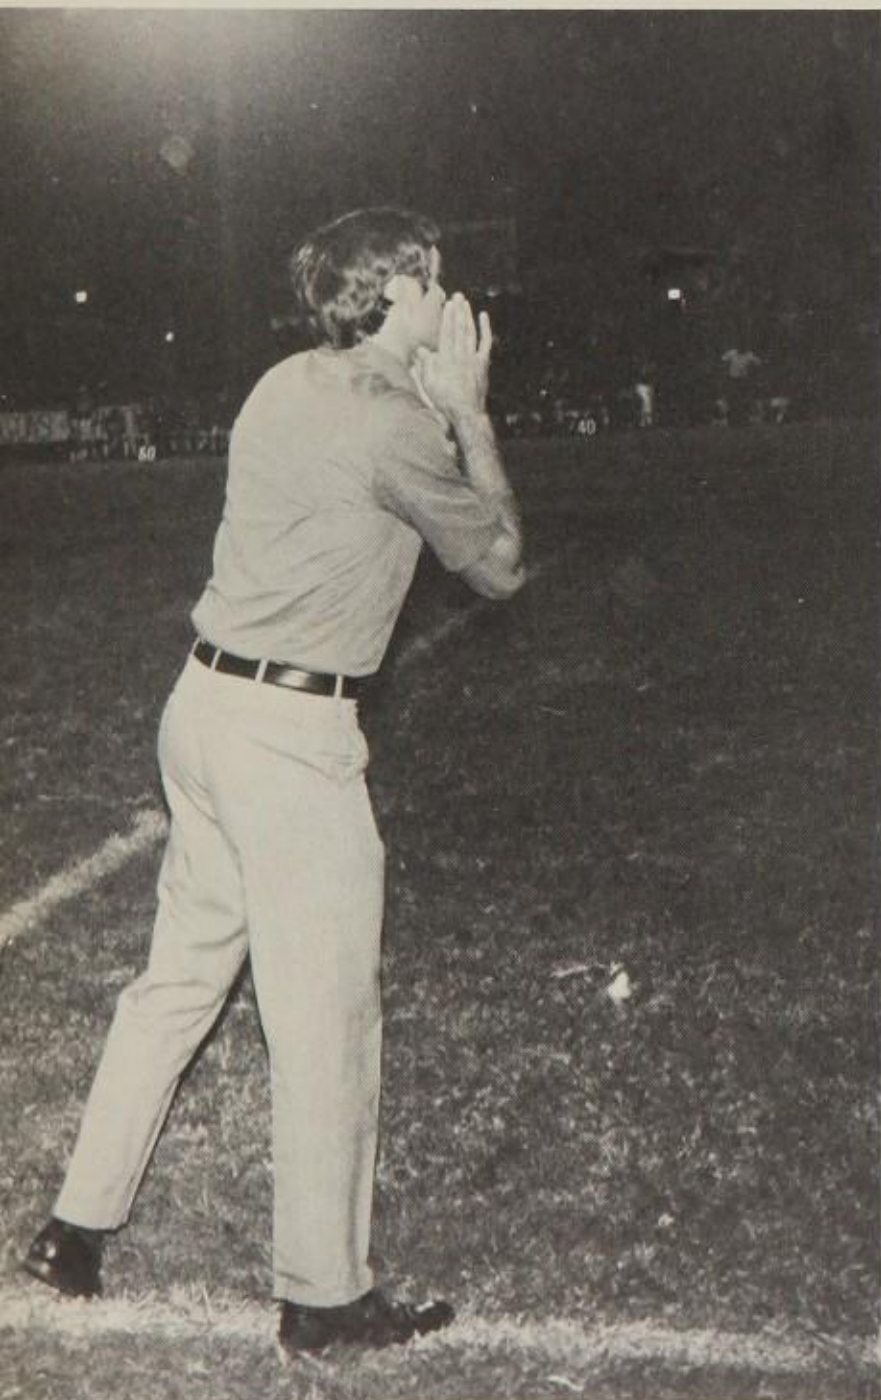

Since the purpose of the Junior Varsity team was to serve as a feeder system to the Varsity, the team placed as many as twelve sophomores on the Varsity Squad. This was one factor that contributed to their disappointing season.

The team fought hard for 3-2-1 season, with Chamberlain, King and Jefferson falling as their victims. Although they did not obtain an outstanding season, they were the only team to defeat Jefferson, which prevented the Dragons from taking the Western Conference title alone. The Baby Terriers were defeated only by Plant and Plant City and tied with Leto, thus completing their season.

Lack of practice was also a factor that contributed to a not-so-good season. However, the Baby Terriers found the experience of playing in the name of the Big Red an experience never to be forgotten.

# Terriers Contend For Championship

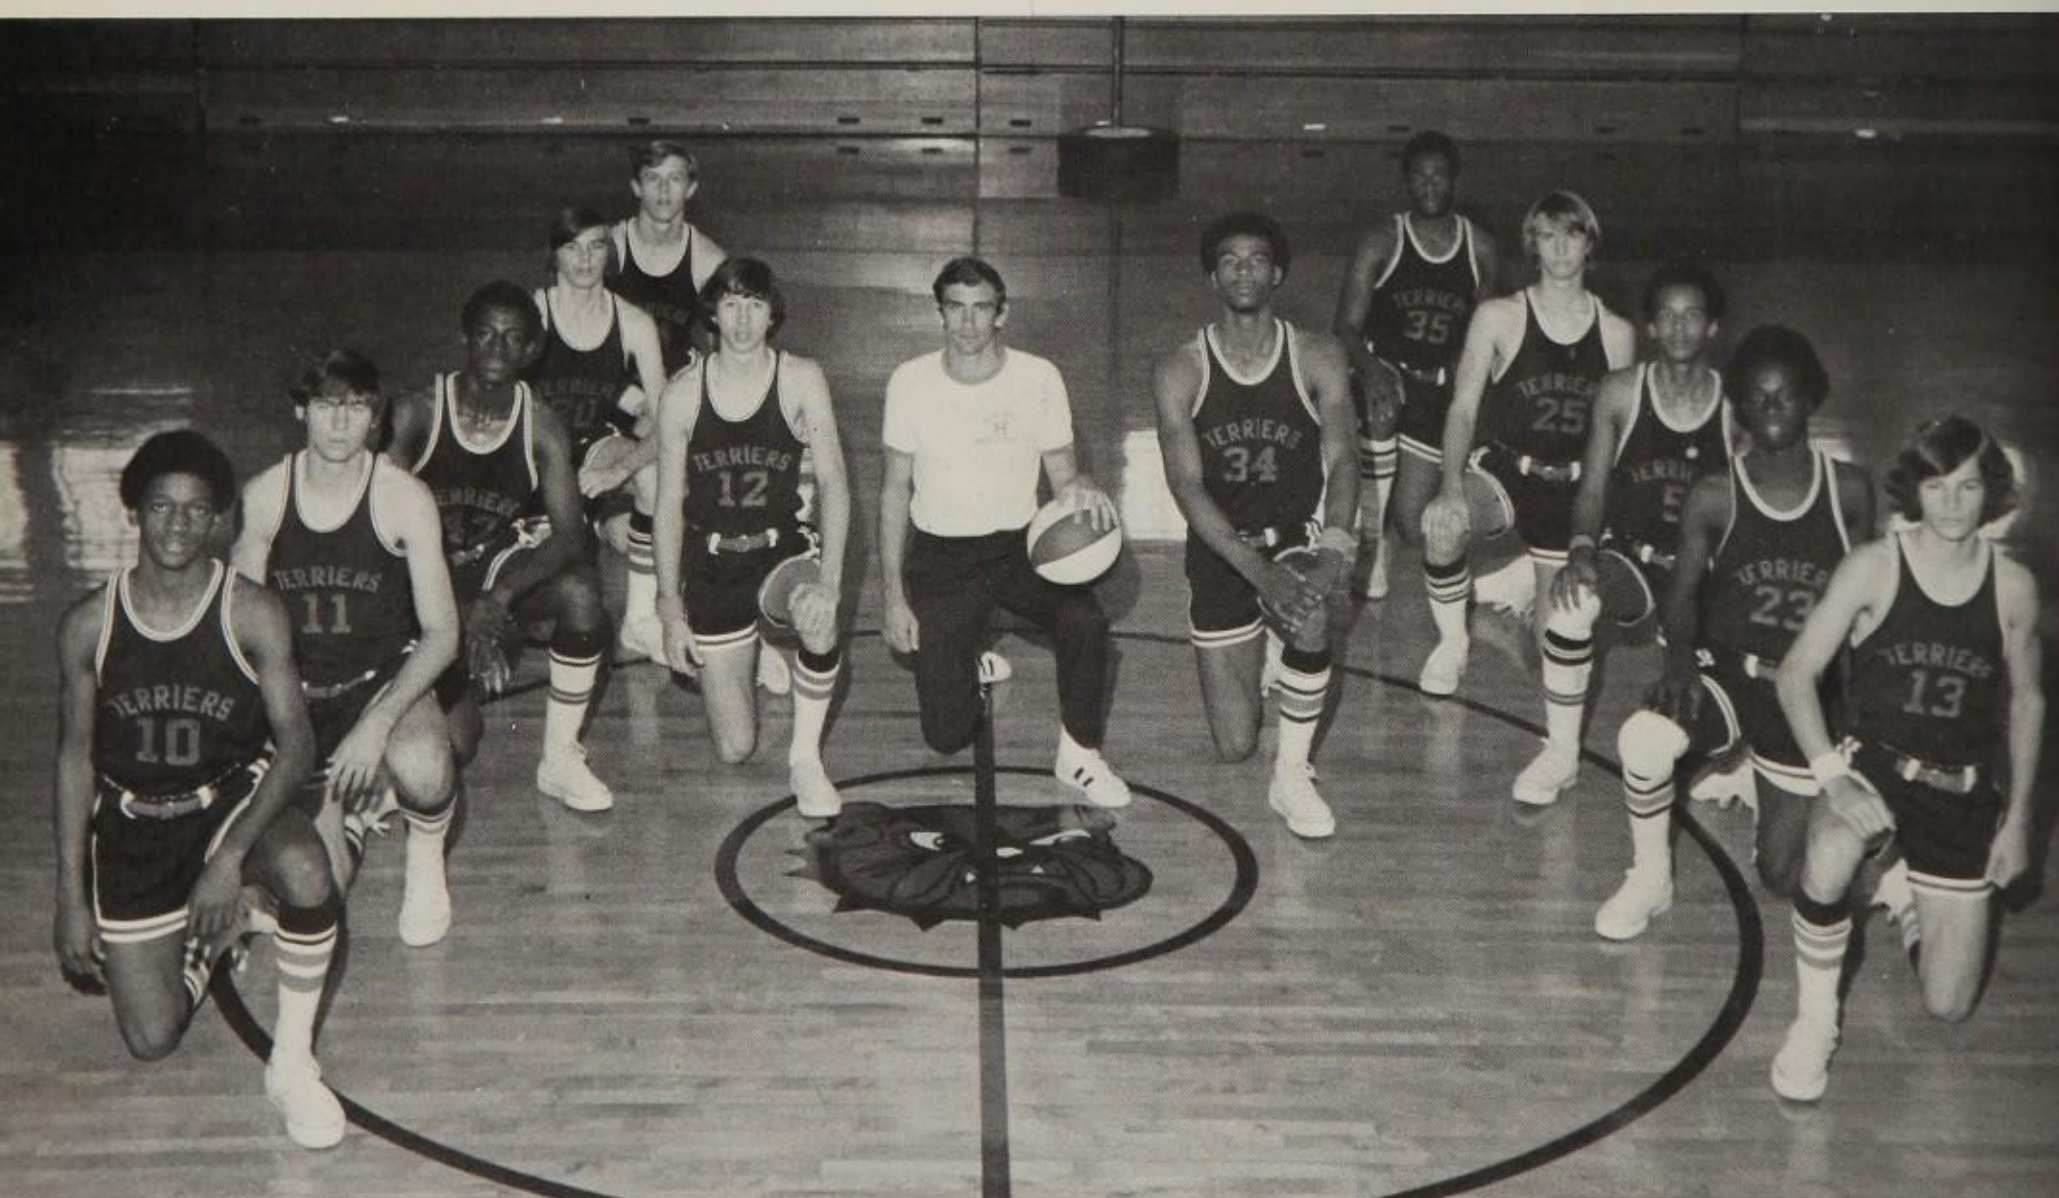

The Big Red varsity cagers, annually feared by every opponent, posted a winning 11-5 conference record and took third place in what Head Coach Frank Vining described as one of the toughest conferences in the State.

With a quick win over rugged Jefferson, hopes for state competition were renewed. However, Chamberlain had the same intentions and squeaked by the Terriers 69-62. From then on it was a head-on battle as many teams were in contention to upset the defending champion Terriers, and take the Western Crown home.

While the team consisted of many outstanding players, Senior Mike Brown maintained a 21.3 game point average, leading the conference in scoring for the second year in a row. Another major achievement for the Big Red was their fine sportsmanship and team spirit, on the court.

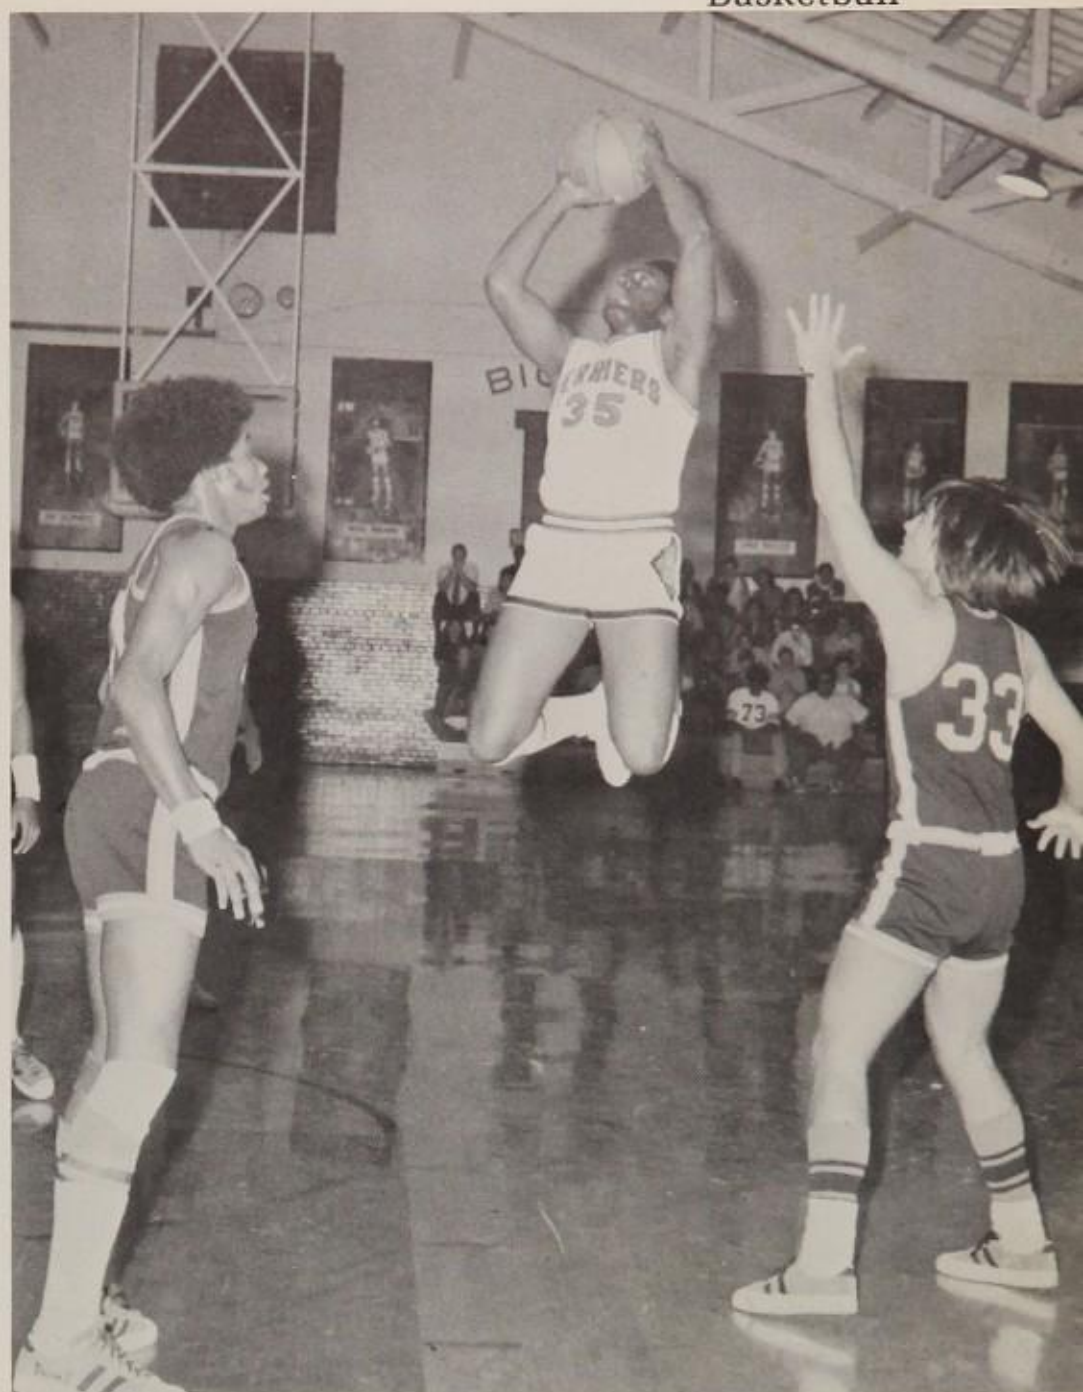

As battle rages on, Terriers Wayne Linwood and Larry Carpenter try out-blocking Falcons.

Knowing that the game depends on these points, the baby Terriers go for a basket.

J.V. BASKETBALL. *Kneeling:* Coach Al Barnes, Oliver Chapman, Al Wright, Mathew Martin, Norman Newton, Herbert Green, Leon Durant, Tim Kelly, Michael Evans, Robert Strader, Ricky McPherson, Joe Butler; *Not Pictured:* Billy Williams, Chris Ayres, Earl Taylor and Jack Mallory.

Anxiously awaiting the Terriers' possession, the Chamberlain Chiefs wait to see the outcome . . .

Avoiding King's interception Matthew Martin jumps; throwing the ball.

Knowing the game depends on these crucial points, they go for yet another basket.

Norman Newton adroitly makes his last basket as a "little red."

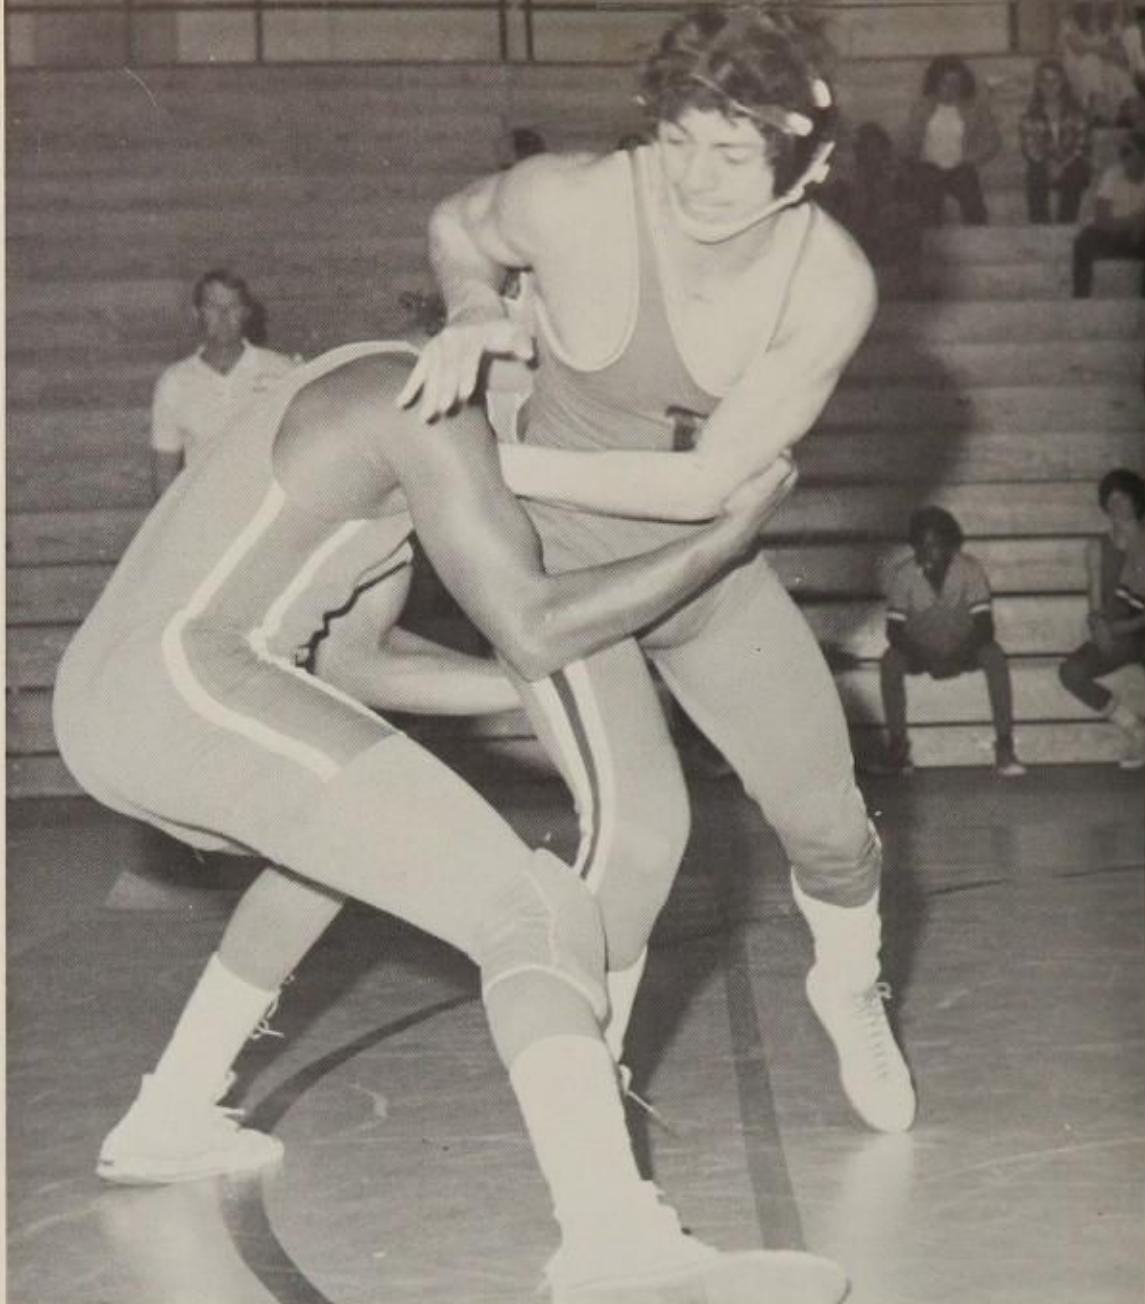

## Munchkins Lead Terrier Matmen

"The 'Munchkins,' a group of lightweights ranging from 98 to 132 pounds, and a fine set of heavyweights, led Coach Moresco's grapplers to a winning season. Mike Dosal, Glen Gullo, Robert Corvo, Mark Olive, Gene Rodriguez and Homer Jones comprised the 'Munchkins.'

After a disheartening loss in the opener to Plant City, the "never-say-die" Terriers rolled on to a record six straight victories. Injuries hampered the team as they suffered losses to four conference schools.

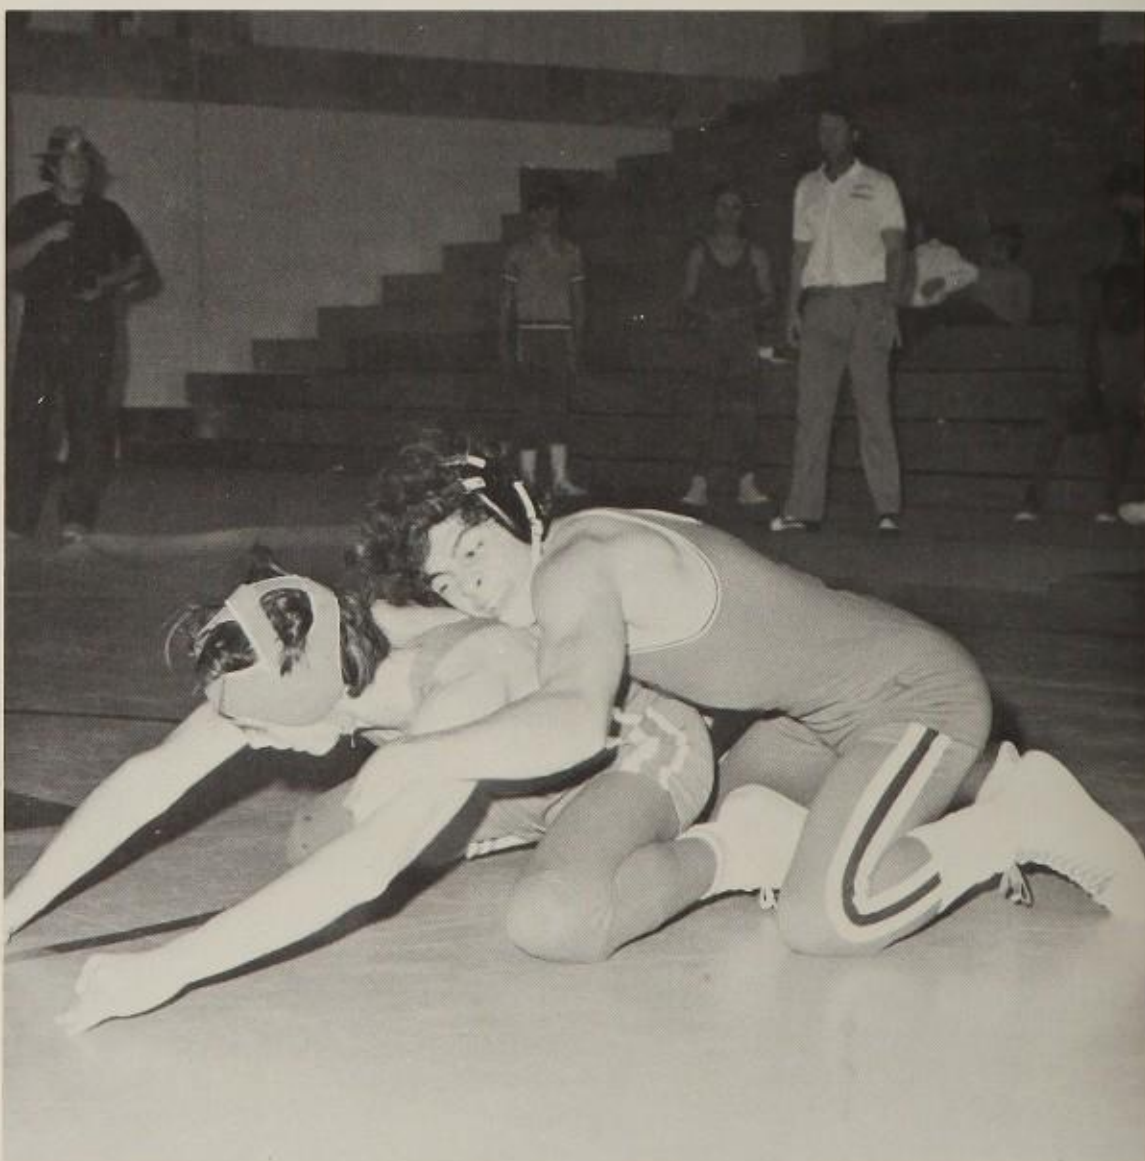

A combination of returning lettermen and a promising J.V. squad, left Coach Moresco with high hopes for next year's grapplers.

Robert Arce tries vainly to escape from the powerful arms of an able King High grappler.

Gene Rodriguez attempts a takedown on King.

Robert Corvo grimaces as he applies a strong tight-waist ride upon a King wrestler.

Glenn Gullo attempts a pin after taking him down with a double leg lock.

Mike Dosal applies a strong tie-up hold and takes his opponent down.

A disappointed Coach watches as one of his Terriers suffers a loss.

# Golf Team Small, Amazingly Strong

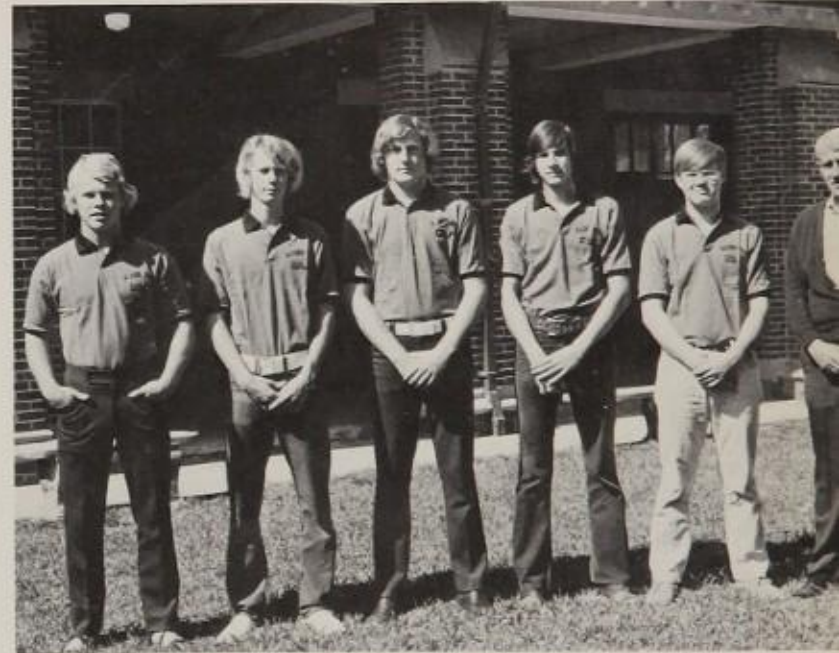

The Big Red golf team, although relatively small, was exceptionally strong. Coached for the first time by Pat Romanello, the squad was led by senior Mark McConnell, a first place winner of the Gasparilla Tournament. Another powerful senior was James Roberson.

Inter squad play-offs were held to determine which four golfers would participate in the actual matches.

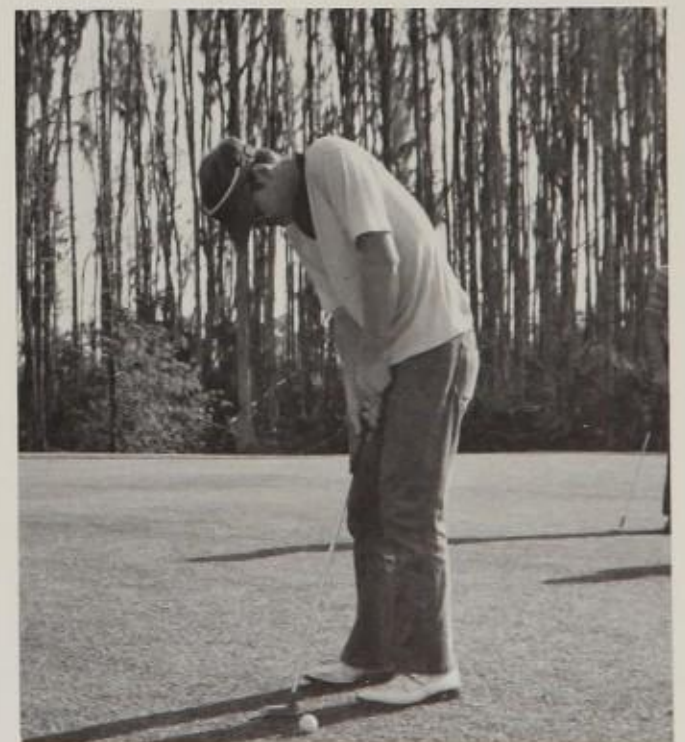

"Keep your head down, your left arm straight, don't break your wrists too soon and follow through completely" were some professional tips Coach Romanello gave to his golfers. The coach also stated that he thoroughly enjoyed working with "this fine group of gentlemen."

Mark McConnell delivers a powerful swing as he tees off on the eighteenth fairway.

GOLF TEAM. J. Roberson, B. Wells, M. McConnell, J. Muley, G. Overby, Coach Pat Romanello.

G. Overby concentrates on his putting stroke.

## Track, C.C. Hustle With Spirit, Attitude

Practicing for the start of the season the Big Red Track and Cross Country teams looked forward to a successful season. The Cross Country Team was coached by John Green and was led by Charles Fultz.

The Track team, looking for the Conference Championship, was coached by Carlos Fraundorfer. Leading the team around the track was Carl Haynes, Bert Nocera, and Eddie Brown. The field events were handled by Russell Osborne, Dale Addison and Tom Toledo.

Asked about the team Coach Fraundorfer replied, "If you have the spirit and the attitude you can accomplish your goals and this team has both. During practice our team is always hustling and working very hard."

Russell and Dale strive hard in field events.

Awaiting the sound of the gun, thin clads take a place on the line.

# Powerful Terrier Nine Faces Tough Schedule

A highly touted but inexperienced Terrier baseball team went into the 1973 season with a bright outlook. Strengthened by returning lettermen Mike Heath, Cookie Espinosa, Carl Wilson, Pete Montesino, Larry Hermida and Fred Pena the Terriers faced one of the toughest schedules in the conference.

Although there were seven returning players from last year's team, the Terriers were still inexperienced in some vital positions. Coach Gonzalez had high hopes for some juniors and sophomores to fill these spots.

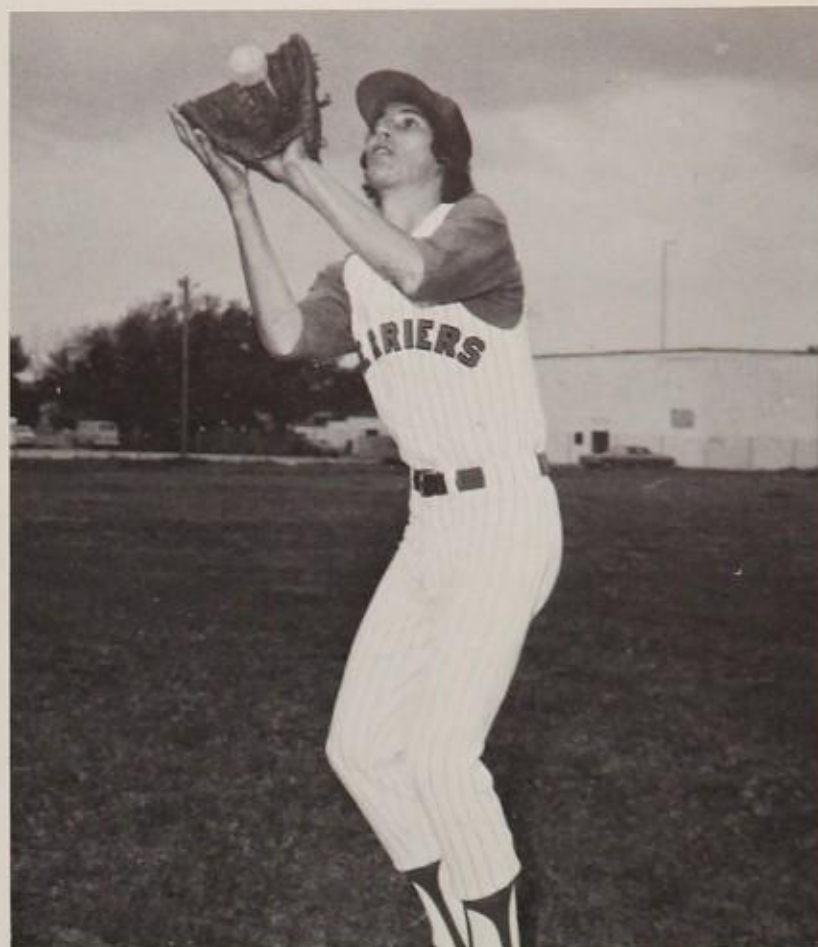

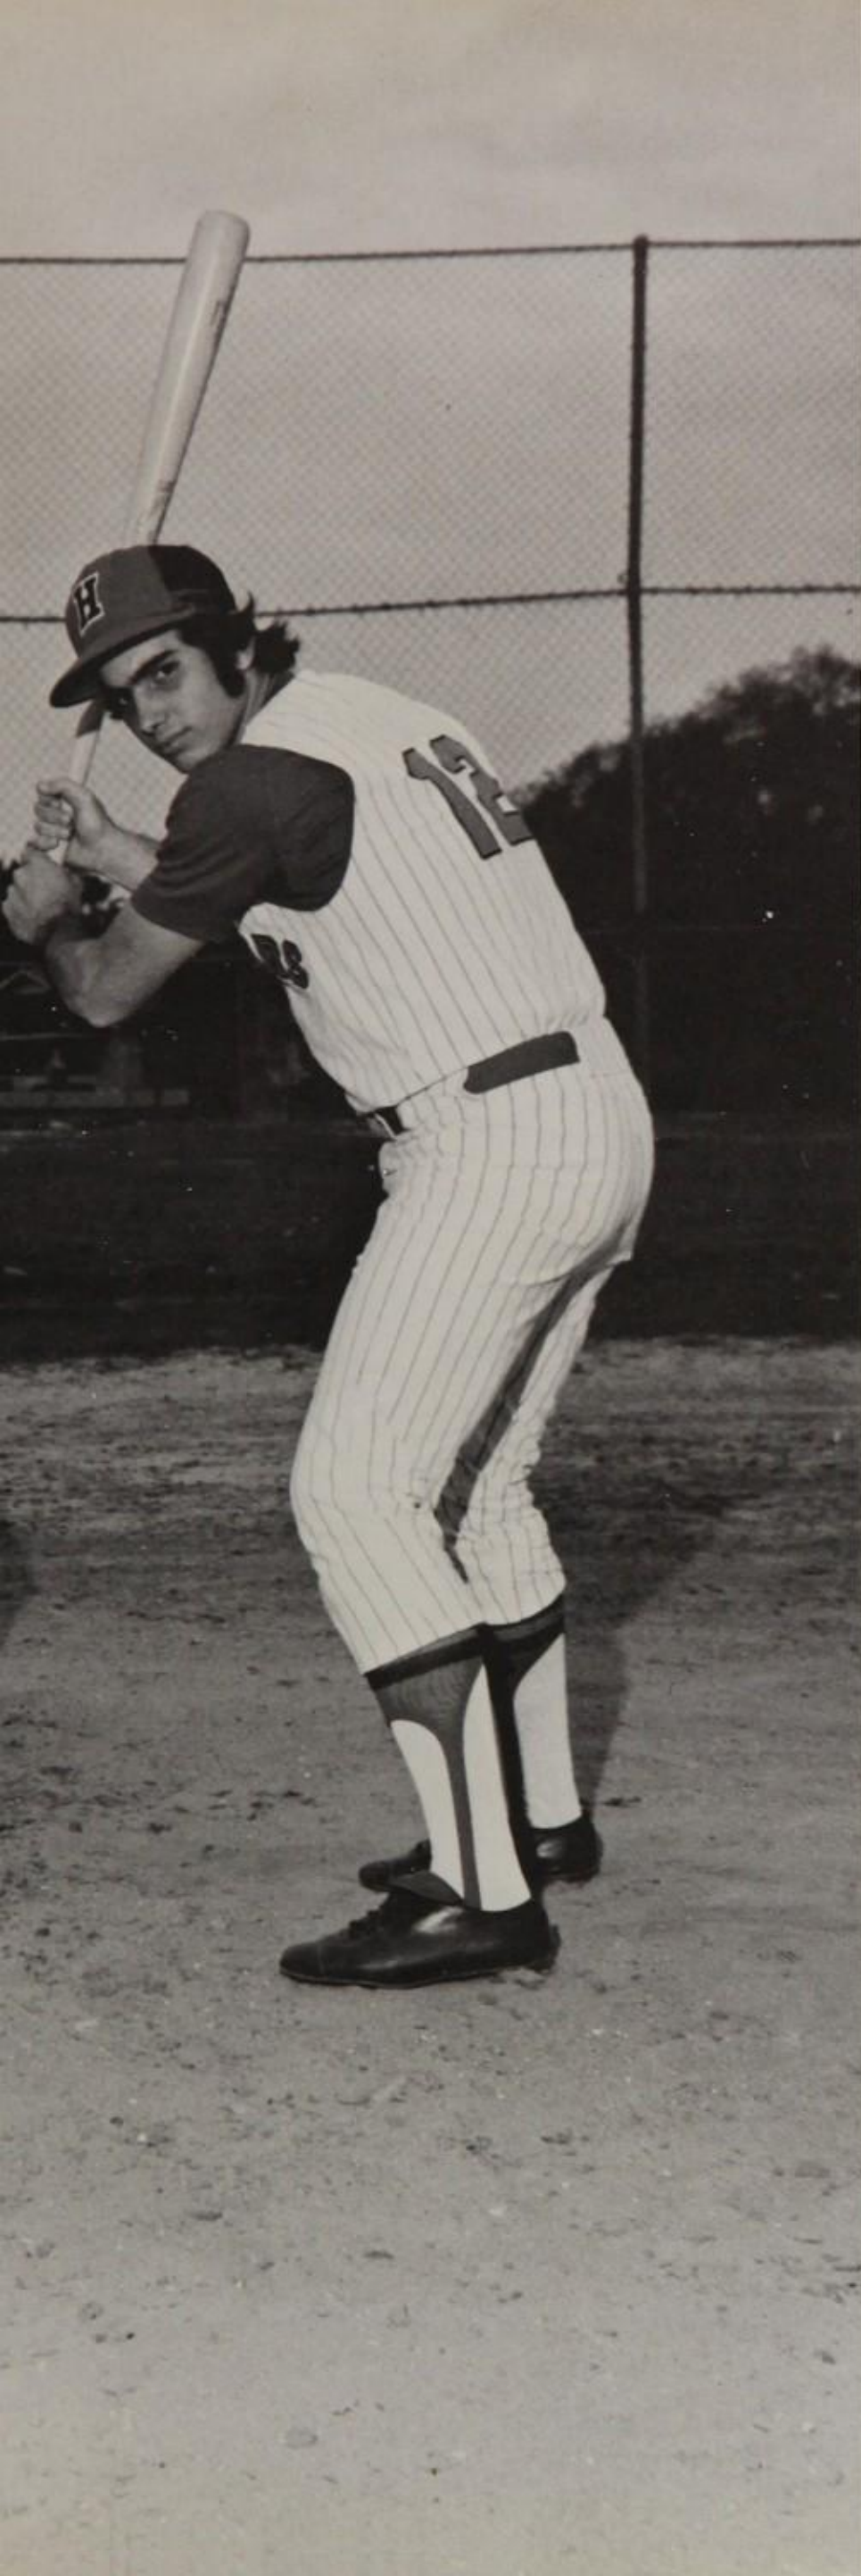

Fred Pena shows the technique of a head first slide as Pete Montesino awaits the throw.

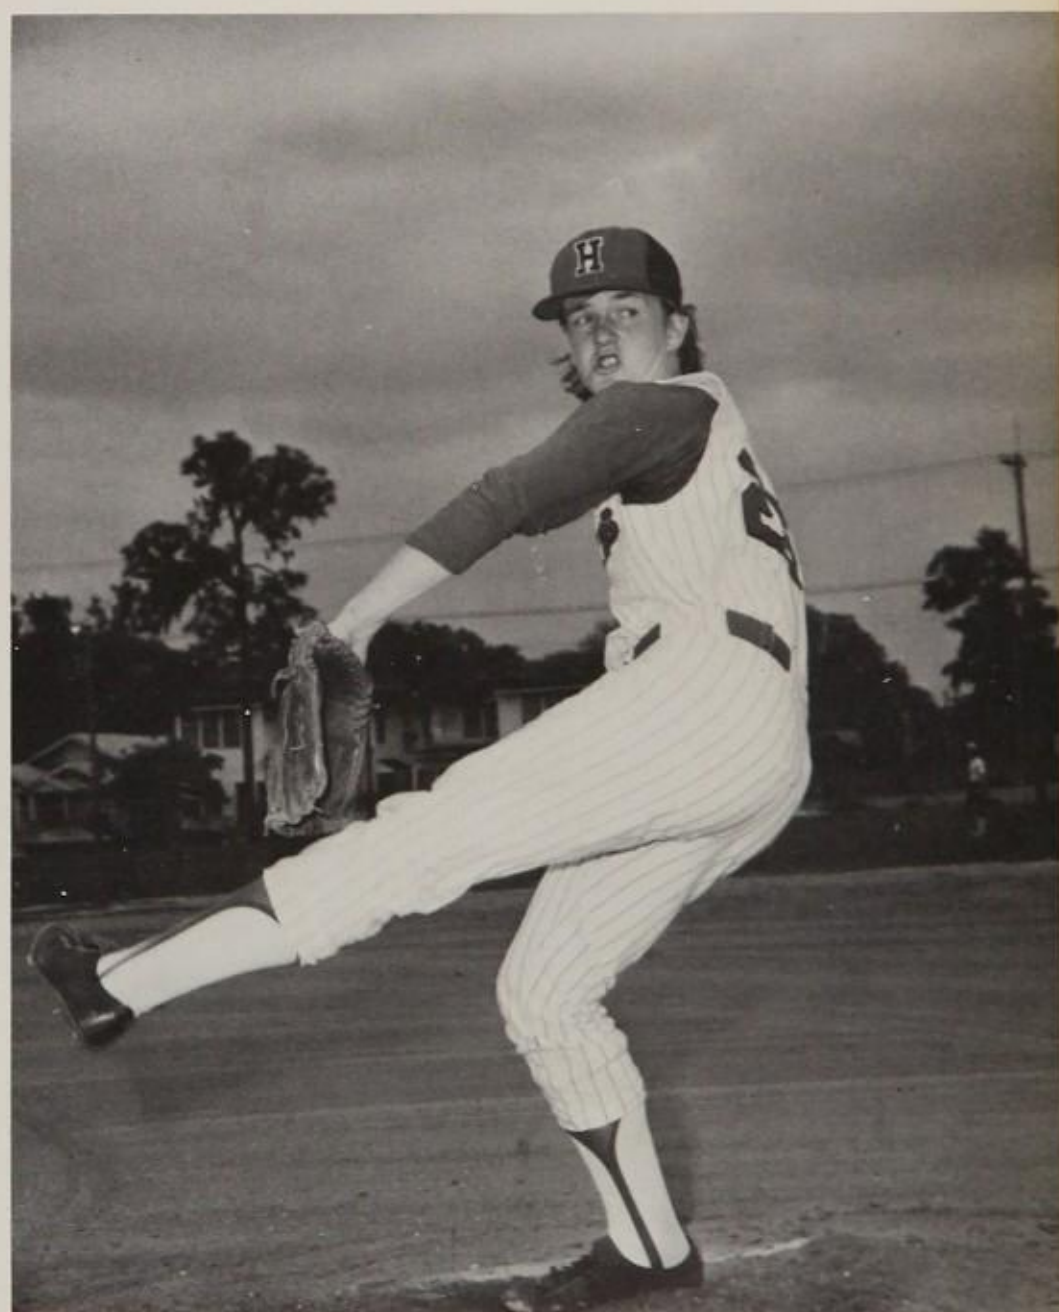

VARSITY BASEBALL. *Bottom Row:* John Gray, Anthony Velasquez, Don Bennet, Bobby Diaz, Russel Martin, Mike Wyatt, Ronnie Bazarte, Albert Tracy, Brian Blauch, Jose Alvarez; *Top Row:* Larry Hermida, Chris Ayres, Pete Montesino, Rick SanMartin, Fred Pena, Gerald Wilson, W. Eperson, Tab Taylor, Jack Espinosa, Carl Wilson, Greg May, Tim Godwin.

Outfielder Larry Hermida concentrates on hauling in a long fly.

Ace pitcher Carl Wilson winds up to fire a blazing fast ball.

Catcher Cookie Espinosa demonstrates the proper stance.

## Net People Show Their "Stuff"

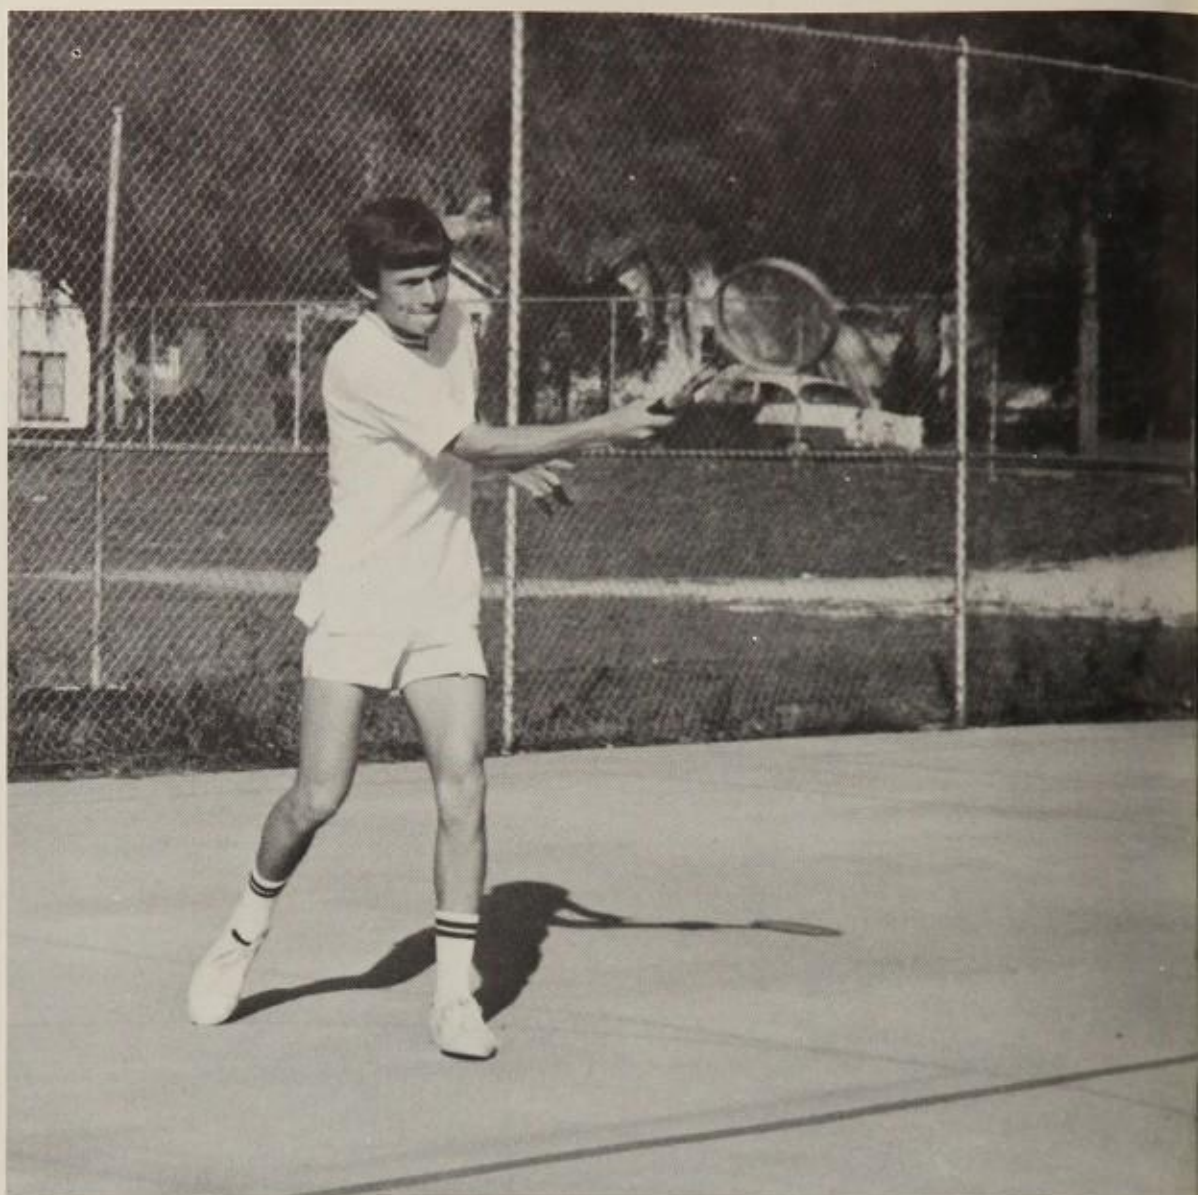

Hillsborough's 1973 tennis team returned true to form as they exhibited their skills against opposing teams in the area.

Leading the team was senior, and all conference champion, Franklin Swope. Other returning senior lettermen were Larry Cason, Scott Lumbkin, Robert McArthur, David Redding, and Jerry Strawser.

The girls' tennis team returned with a new but very determined coach, Miss Kathy Patrick, and strength was added to their efforts by returning juniors Susan Haynes and Jan Bates.

The boys' and girls' teams which consisted of some 19 members were coached by Mr. B. H. Blankenbeckler as well as Miss Patrick.

According to the coaches at the beginning of the season the team, even though facing tough opponents was expected to come through with flying colors.

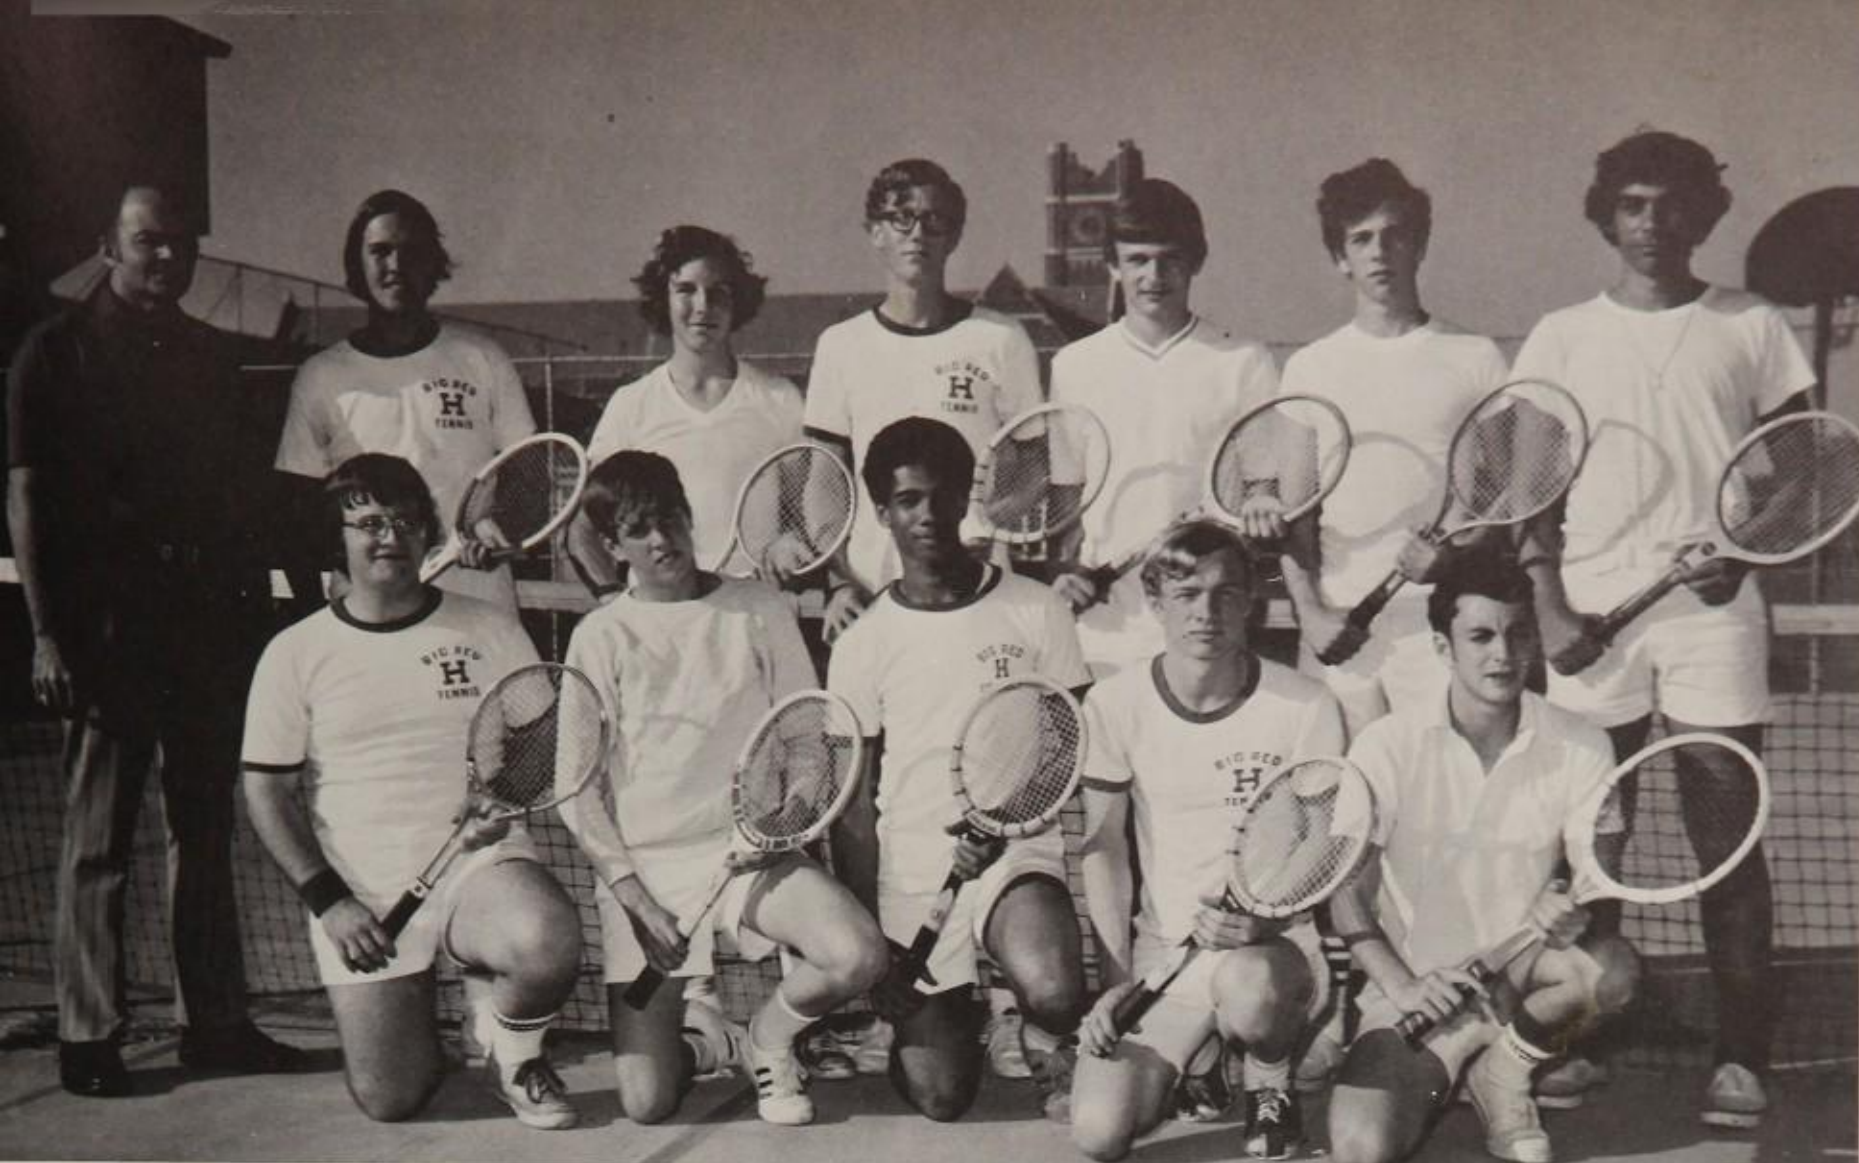

Senior Larry Cason delivers a powerful forehand serve to a Plant High School opponent.

Franklin Swope shows good form as he returns an opponent's volley.

Jan Bates bites her lower lip as she prepares to serve the ball to an opposing player.

# Tankers Plunge Into '73 Season

Plunging into another eventful season, the Big Red Swimming Team began the first of January with practice each day. With outstanding swimmers returning, such as Steve Hall, Andy DeLaParte, Richard Buggica, and Greg Poole, the boy's team participated in inter-scholastic competition.

As a change in pace, the number of the girl's swimming team surpassed that of the boy's. Together their aim was to break old records. Holly Frazier, Rosalind Amor, Gail Strickland, and Jeanne Wehman remained outstanding girl swimmers.

Serving as the coaches for these two fine teams were Coach Ray Reynolds and Miss Teresa Manuel. Together they worked many long hours in hopes of being the best swimming teams in the state.

Andy DeLaParte breaks his breast stroke record.

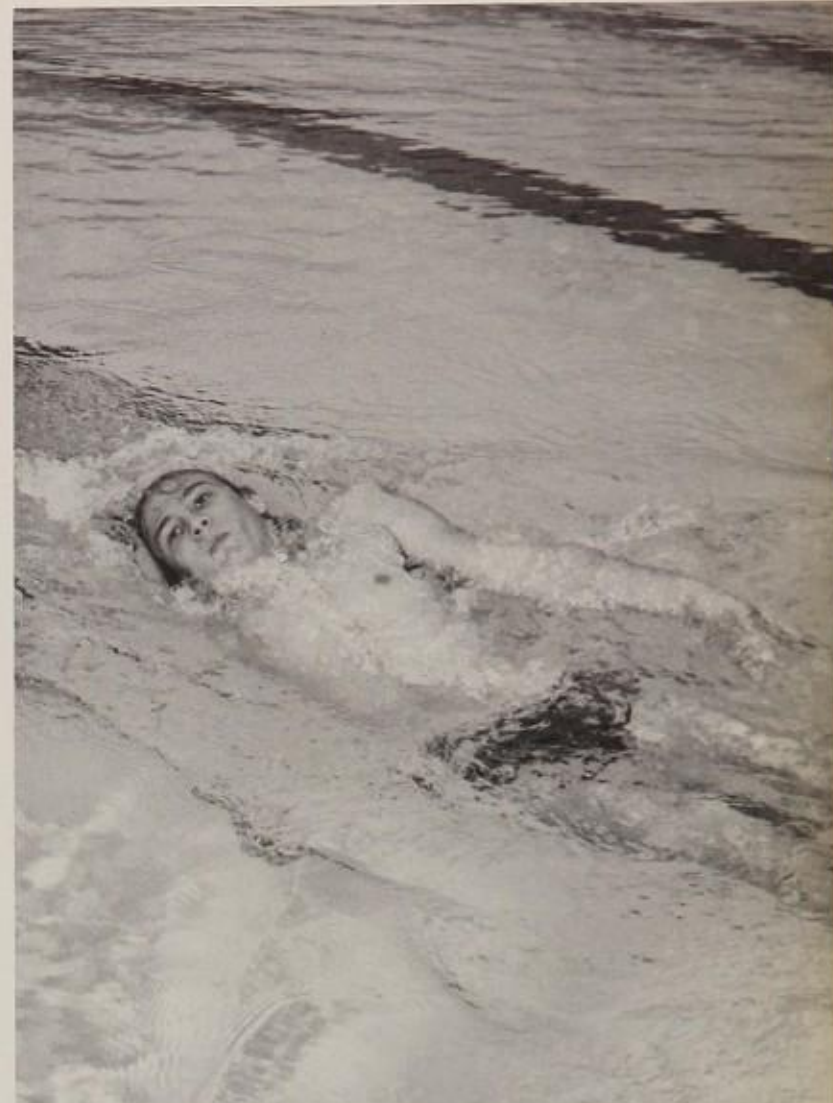

After swimming coaches Reynolds and Manuel demonstrate the basic fundamental techniques of diving, team members Jeanne Wehman and Greg Poole practice to achieve perfection as fellow team mates provide encouragement.

Sunrise doesn't last all morning  
A cloudburst doesn't last all day  
Seems my love is up and has left you  
with no warning  
It's not always going to be this grey

All things must pass away . . .

## Anticipated Year Passes Quickly

It finally came, the long awaited Senior year. Time passed quickly though as seniors were busy throughout the year. There were pictures to be made, graduation announcements to order, placement tests to take, college applications to fill out, and candy to sell. These were important tasks to be taken care of. Rewards were reaped from the hard work as graduation approached.

The class officers Kenny Smith, Cheryl Johnson, Susie Stone, and Ce Ce Kalemieris with the help of the Board of Directors and the class sponsor, Mr. Holz, undertook the planning of the prom, banquet, cap day, and graduation.

The selection of class teacher was difficult because many teachers had contributed so much to the Senior class. Their choice was a teacher who had been at HHS for 27 years, encouraging students to become individuals and uphold the highest ideals of life as she has done. We have chosen you, MRS. ANNA HALL TERRY.

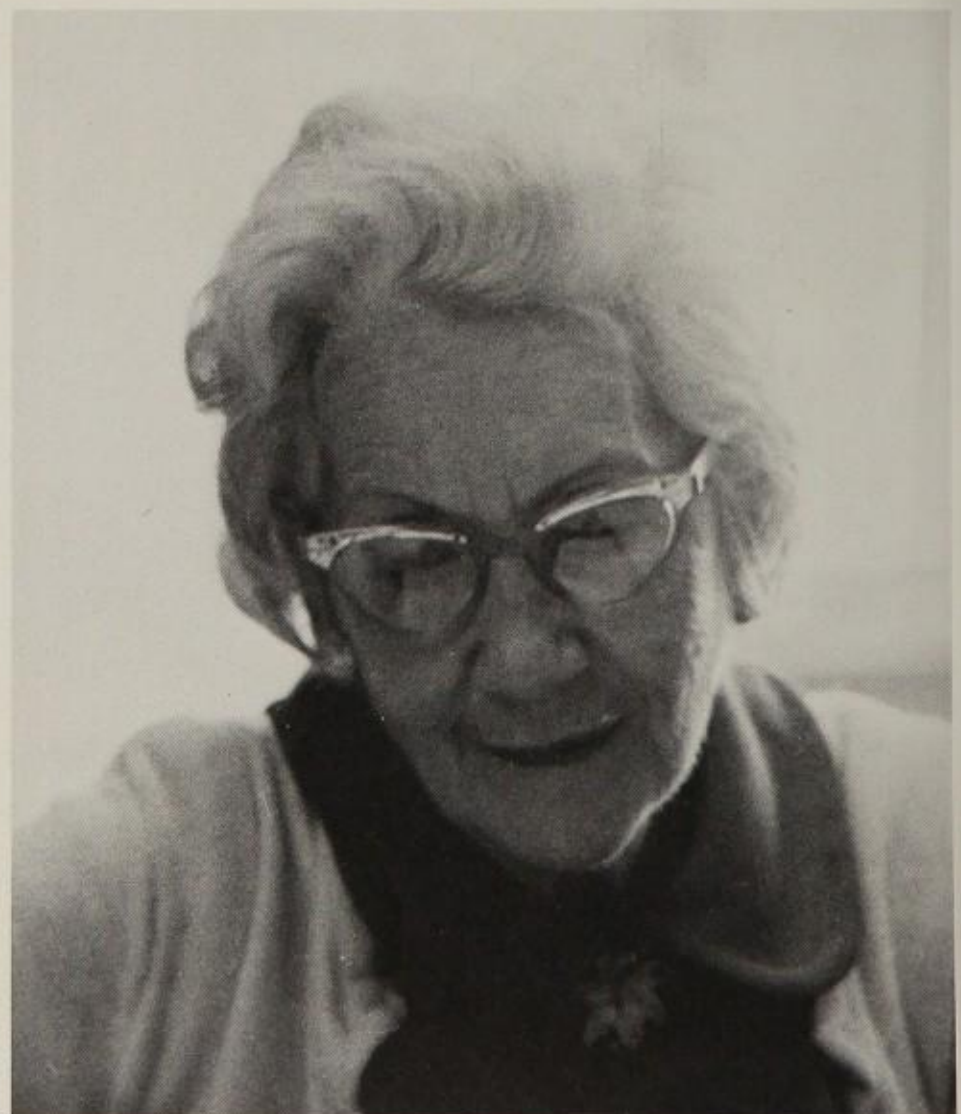

Midst the cheers and tears, goodbyes were said and everyone promised to keep in touch over the years. As the end drew near the Terries of 1973 bid a loving farewell to the dear old RED AND BLACK.

To support the Senior Class, Olivia Anderson encourages Scott Garcia to buy a car sticker for fifty cents.

A prized possession of many seniors is their parking sticker.

Carefully, Mrs. Terry goes over an essay done by one of her students.

Class officers Susie, Ce Ce, Kenny, and Cheryl busily make plans for the senior candy sell.

Diplomas and Senior rings symbolize graduation, the end of high school years.

BOARD OF DIRECTORS. Bottom Row: Vicki Solseth, Earlene Richardson, Jack Espanosia, Debbie iGalo. Second Row: Olive Anderson, Candy Chauvin, Steve Hall, Mike Dosal, Margaret Calhoun.

Between classes Vicki King, Sharon Filocco, Marcia DelaParte and Melody Wimberly chat.

# In Loving Memory of A Loyal Terrier

Connie Duval 1955-1973

Over the years we have come to understand death, through the loss of a pet, family member, or war hero. We developed a way to cope with the feelings that are felt at that great time of loss. They were an essential part of maturing. This page is dedicated to the memory of Terriers who have departed from our midst.

A classmate and friend of ours, Connie Duval, died of natural causes in January.

An active member in Civinettes, Connie enjoyed life. She left a void in our school, our hearts, and our lives.

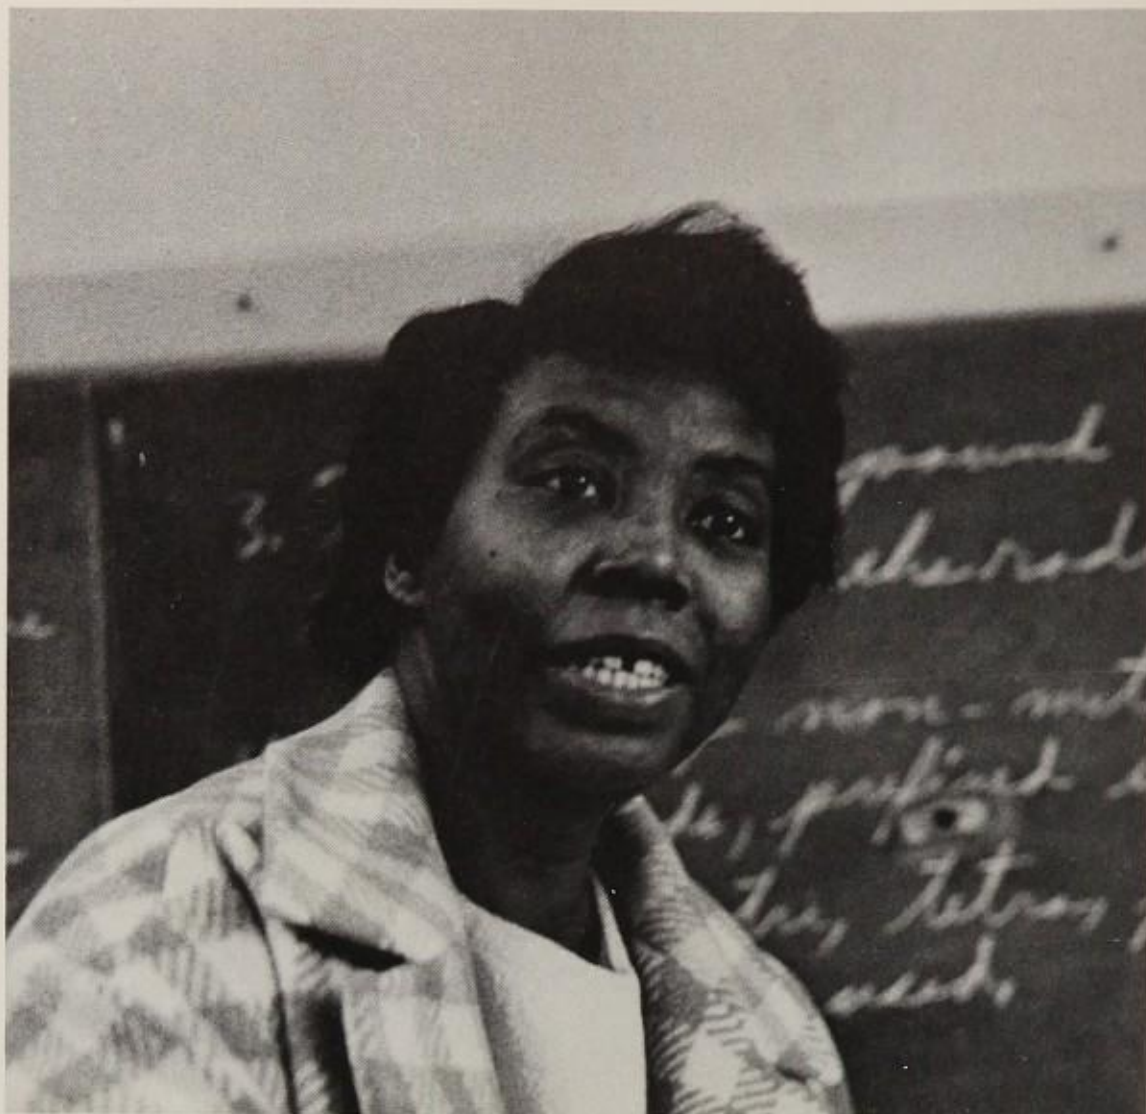

## Ms. Mayes Chosen As Class Teacher

After a long summer vacation Juniors returned to Hillsborough with anticipation of becoming one big family along with the Seniors and Sophomores. Being confined to the south campus last year as Sophomores, the '73 Junior Class enjoyed associating with upper and lower classmen.

Leading the Junior Class was President, Scott Meister; Vice President, Bonnye Hall; Secretary, Sharon Soderburg; and Treasurer, Rene Rodriquez. Money raising projects were also planned to take the ease off Senior expenses.

Chosen as their class teacher was Miss Margie Mayes. A chemistry teacher at Hillsborough for three years, she was voted on to represent the Junior Class because of her patience and understanding to all.

True understanding and patience are the key as Miss Mayes lectures her Chemistry I class.

Miss Margie Mayes displays her dedication and hard work.

## Sophs Learn What Terrier Spirit Is

On the first day of the school term, sophomores entered the halls of Hillsborough with a feeling of awe. The massive Gothic structure seemed to instill respect in the new Terriers, as it had for nearly fifty years. Sophomores quickly caught on to the many traditions, and soon became active members of the Big Red.

The baby Terriers enjoyed reading *Silas Marner* in their English classes, studying cell reproduction in Biology I and learning proofs and theorems in geometry.

One of the many traditions they learned was the election of class teachers. The sophomore class teacher was voted on by the entire student body, and the honor was received by a most devoted instructor who was a student at Hillsborough just a few years ago. He taught sophomore English, Journalism IA, and sponsored the Hillsborean Staff as well as Quill and Scroll. A former English tutor, the sophomore teacher was Mr. Ken Allen.

Mr. Allen finds dressing for the part helpful in teaching *Julius Caesar* to classes.

Sophs experience their first high school initiation.

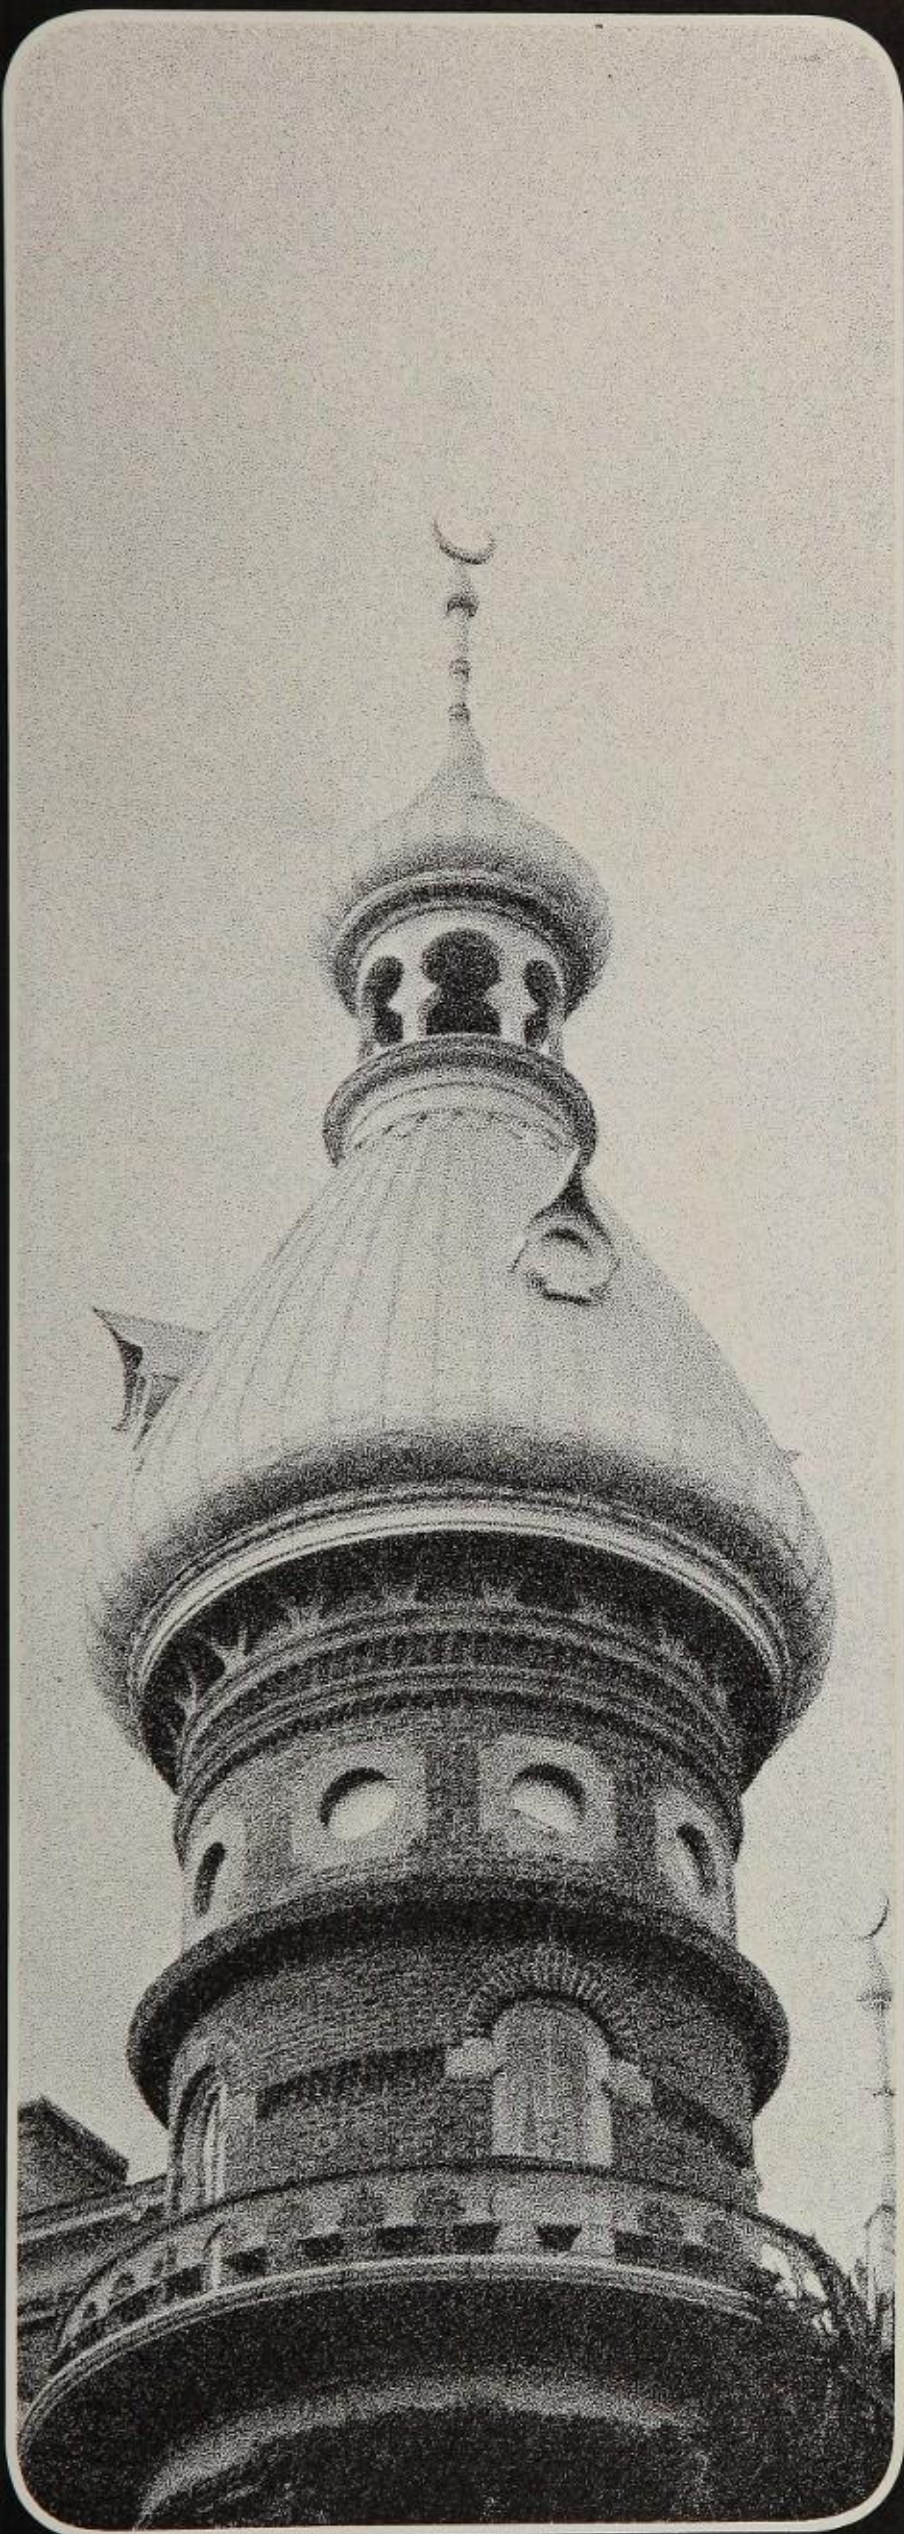

the long vacation is celebrated with much joy and enthusiasm as sophomore Sandra Richardson sends books and papers flying through the air.

We're born in a prison  
Raised in a prison  
Sent to a prison called school.

We cry in a prison  
We love in a prison  
and dream in a prison like fools . . .

# Community

## Community

As students of Hillsborough High School our community is Tampa, an ever-growing metropolis, an industrial port city. As residents of Tampa our community is the state of Florida, the nation's major tourist attraction, to which millions of tourists make their annual trek, visiting Walt Disney World or one of the many beaches on the Gulf of Mexico. As residents of the United States our community is the world, a world of constant change — some changes for better, others for worse. New discoveries are constantly being made, whether at the ocean floor or on the surface of the moon, each discovery adding to man's technical knowledge of his environment. We live in a world of war, where nation rises against nation, people against people and political system against political system. A world of fallacy in which our constant search for truth leads us only to pain. Still, even with man's continuous search which sometimes seems meaningless, communities somehow get built and grow, and give rise to other communities, creating a pattern which will continue for as long as man exists.

City Hall contains the office of Mayor Dick Greco.

Sacred Heart Church's interior offers quiet serenity from the fast-paced city outside.

The large number of automobiles in the community adds to the problem of air pollution.

Rozie,  
 about all I  
 can say is that  
 it's been fantastic.  
 And I'd like to thank  
 you for being part of  
 the future.  
 Love  
 P. Lieberstein

Construction continues on the new airport hotel.

An American Airlines jet arrives at Tampa International airport, which was dedicated on April 14, 1971, and handles thousands of tourists daily.

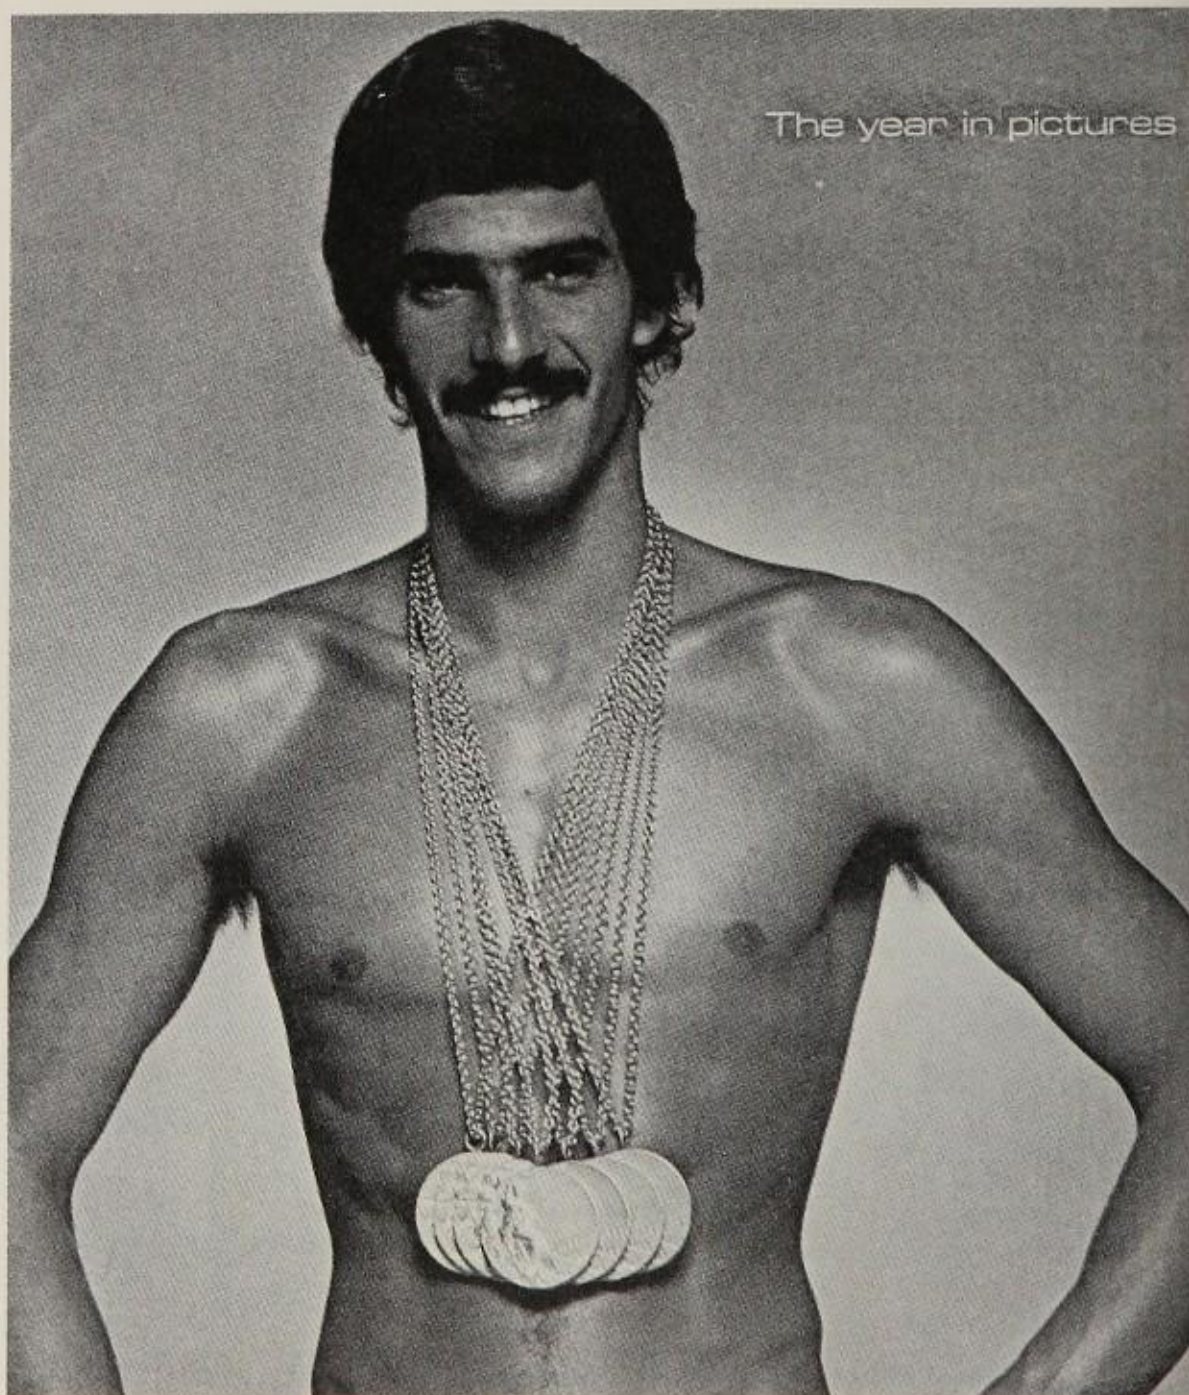

Vicky Sanders convinces a fellow student that America needs McGovern.

Angela Davis, black leader, gives power sign to the people.

Olympic swimming champion Mark Spitz displays his record-breaking seven gold medals.

Our constant search for knowledge is evident all through our high school years.

The spirit of 1973 was a spirit of mixed emotions. It was a spirit of revolution, and yet a spirit of peace. It was a spirit of love, and a spirit of hate; of equality yet prejudice.

American patriotism made a sudden comeback with the remarkable success of Mark Spitz, who won seven gold medals for swimming in the 1972 Summer Olympics. Another national hero was Bobby Fischer, the world chess champion, who beat Russia's Boris Spassky in a highly publicized tournament.

Music of the seventies had a great influence over youth; even more of an influence than religion or politics. Music became the basis for many new art forms, such as the rock opera. Three major rock operas, "Godspell," "Tommy," and "Jesus Christ Superstar" were very popular, the latter being the most influential.

The presidential election of 1972 saw the re-election of Richard Nixon, and of vice president Spiro Agnew. Running against the Nixon/Agnew ticket was Democrat George McGovern, who drew many of the 18-year-old voters' first presidential votes. McGovern supporters, however, were disappointed as the Republicans were granted four more years of office.

### THE RED AND BLACK

Although Yale has always favored  
The violet's dark blue  
And the sturdy sons of Plant High  
To the gold and black are true  
We will own the lilies slender,  
Nor honor shall they lack,  
While the Terrier stands defender  
Of the dear old Red and Black.

When the cares of life o'ertake us  
Mingling fast our locks with grey,  
And our dearest hopes betray us,  
False fortune falls away;  
Still we'll banish care and sadness  
As we turn our mem'ries back,  
And recall those days of gladness  
'Neath the dear old Red and Black.

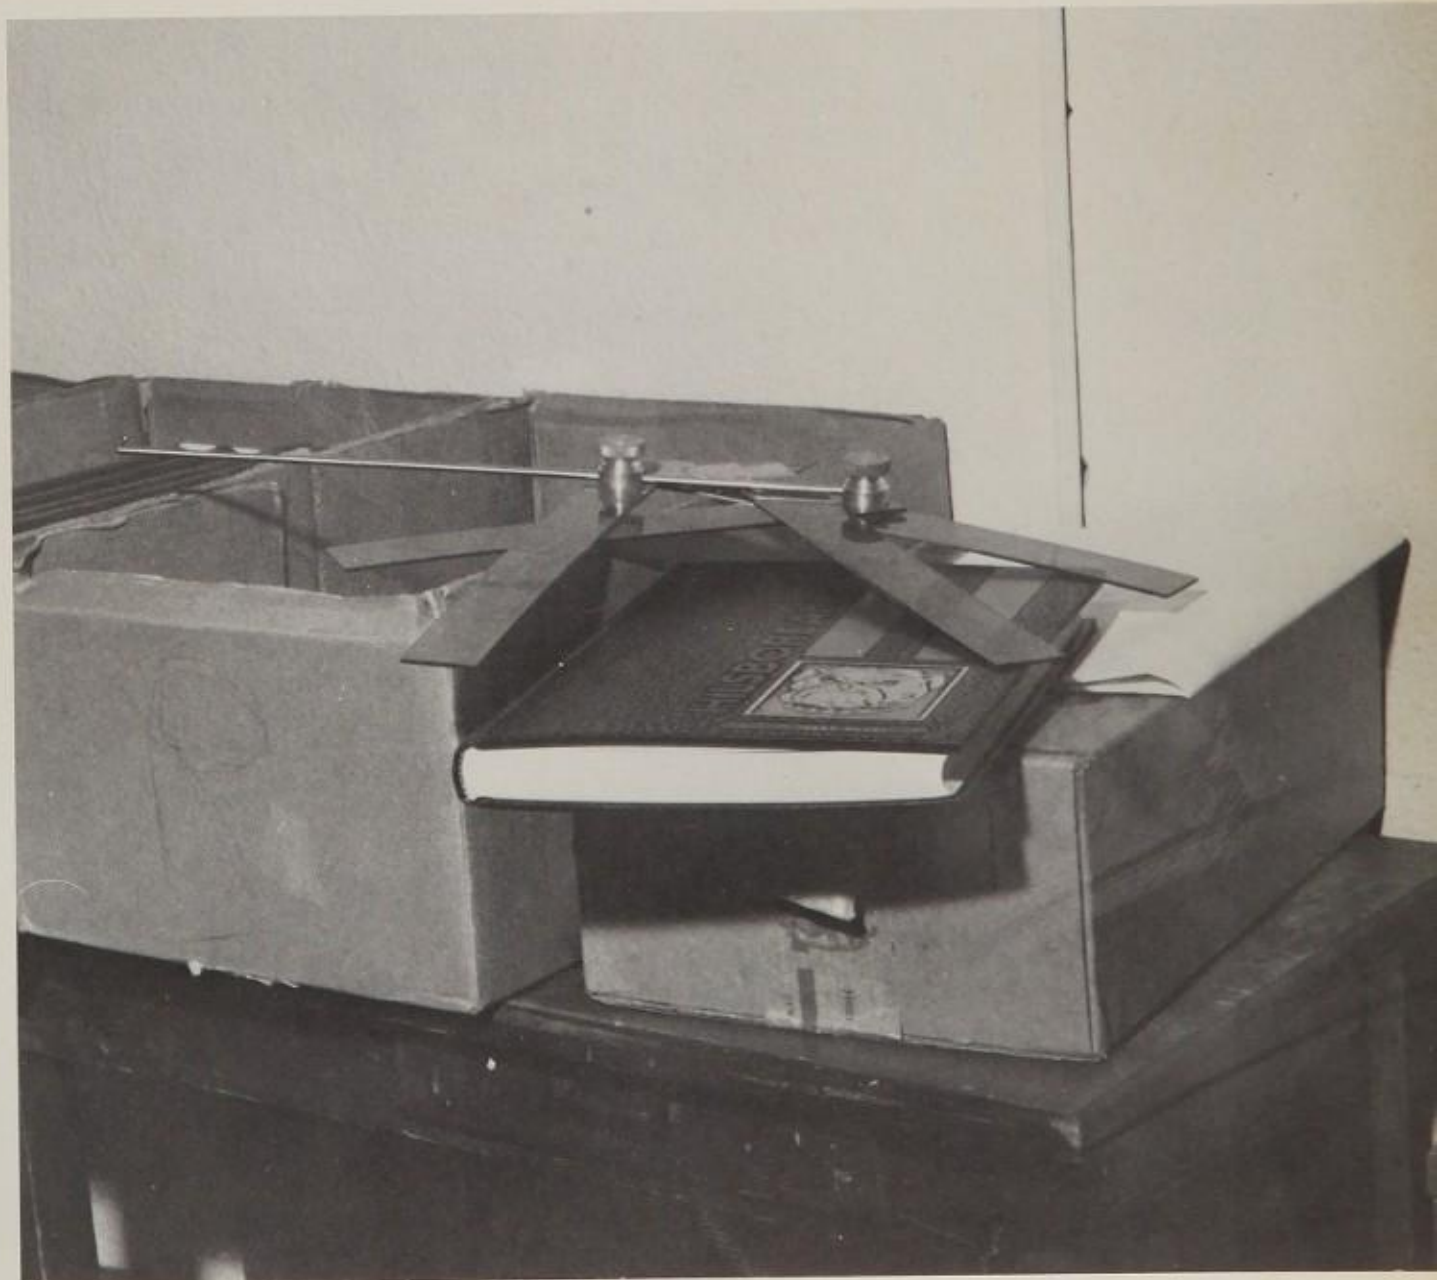

Now that the 1972-73 school year has finally come to a close, the editors of the 1973 Hilsborean wish to take this opportunity to thank those people who have been such a help along the way.

Foremost, the student body deserves a word of appreciation. A yearbook is only as good as the students who back it, and that is why our book has always carried the tradition of pride and excellence. To the faculty and administration, for their kindest cooperation and patience, we express our sincerest gratitude. A special thanks for Miss Mayes for the use of her office, room and students when we needed them.

We were privileged to have Jim Bolin, Taylor Publishing Company representative (photo at left), Frank Meier and his photography staff from Bryn-Alan. Their ardent toil and guidance enabled us to produce a professional yet personal yearbook.

Lastly, our warmest thanks to Ken Allen, our advisor, for his leadership as well as his understanding and sense of humor.

Rozie,  
With out you  
I don't think I  
could of made it is 2.2.  
Hope that next year you can  
come back and see us.  
Lots of luck in the  
future Johnie 74'

Donie,  
To a real cute  
girl, you have a  
great personality!  
Good Luck in what-  
ever you do.

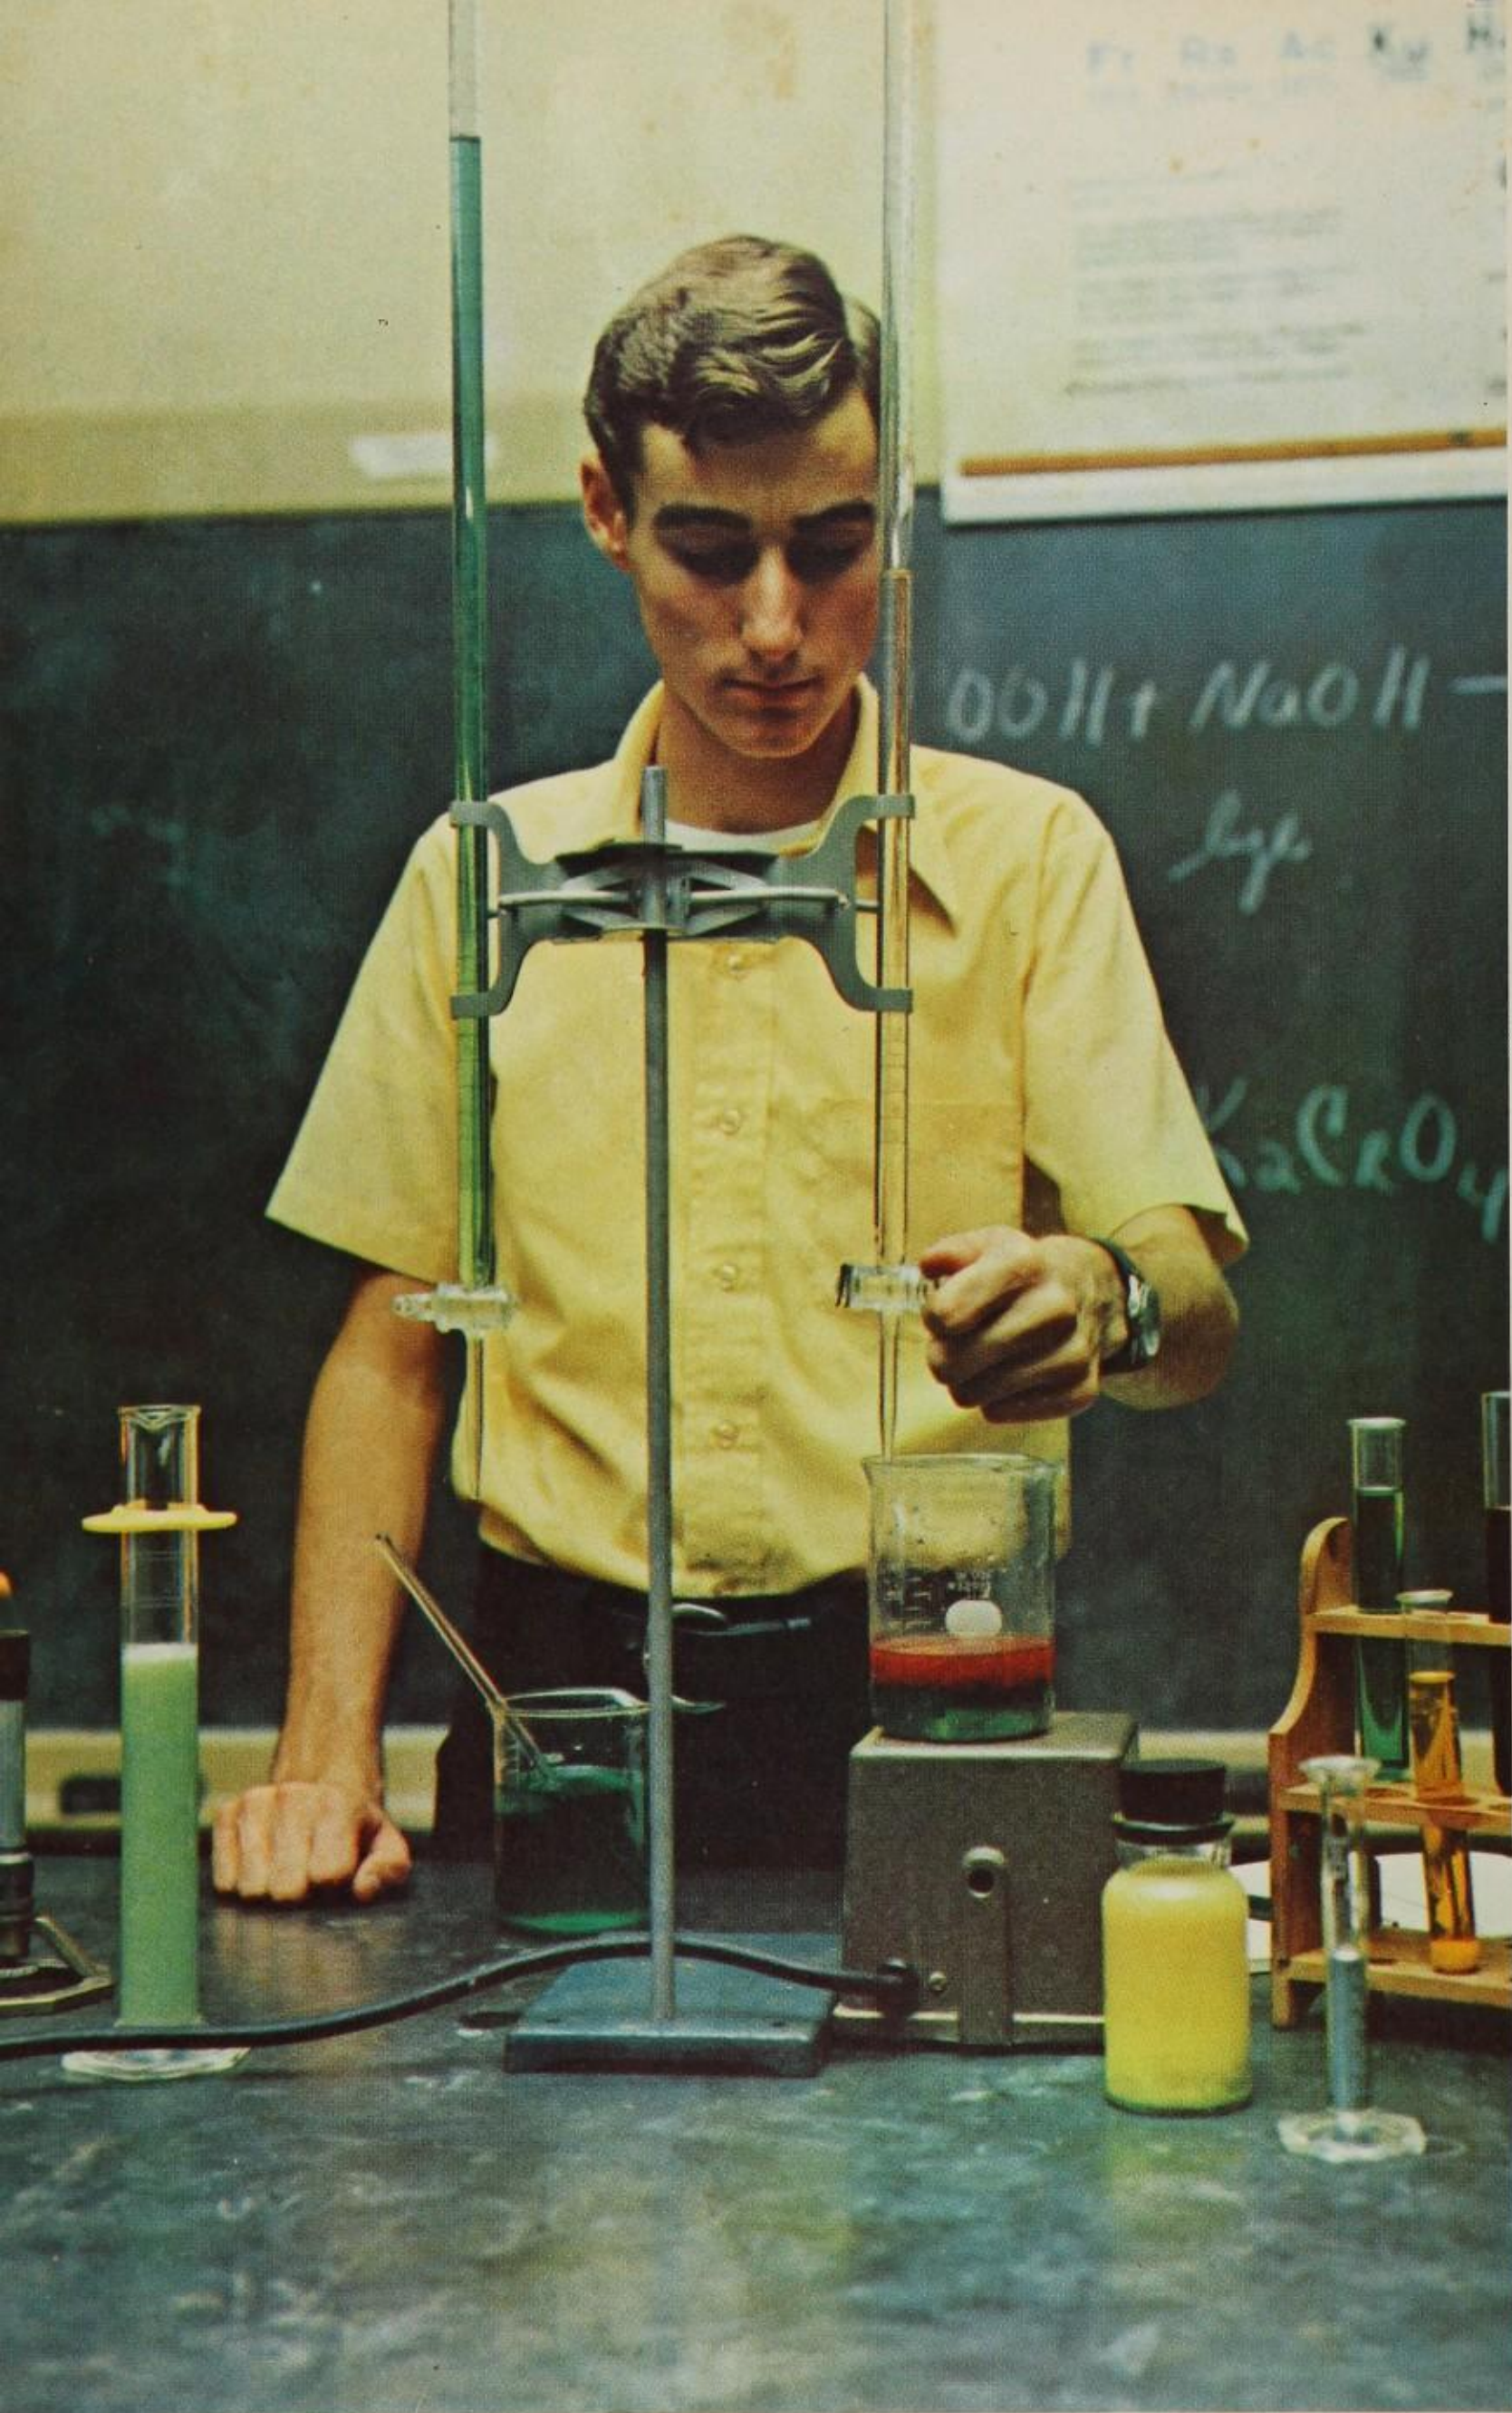

Joyce

Only then  
can you call yourself —

Rozie,  
To a very close  
friend, Rozie always  
remember we can find  
our dreams and hopes if  
we'll only look hard & high enough for them.  
Good luck in all that you do! I'll always  
be praying for you. I'll see you over the  
summer. And you'll always be someone.  
Remember Isaiah 41:13 He's always with  
you.

Rozie,

I've known you for 2 years now.  
One in and one out of Sound System.  
Both years have been great and I  
want to thank you for all the love  
you've shown for all of us. As Dean  
said you are kind and considerate... etc.  
So keep that way.

Love you,  
Marlene

Rozie,  
So one of the going  
to people who I'm going  
year. You're the most great  
person and you're a really great  
Do worry, Rozie, we won't forget  
of us. You'll be remembered by all  
I know. Keep in touch with me always!  
are. Best of luck in everything, like you  
really understanding! You're  
Your always

The pattern still remains  
on the wall where darkness fell  
and it's fitting that it should  
for in darkness I must dwell  
Like the color of my skin  
or the day that I grow old  
my life is made of patterns  
that can scarcely be controlled.
